

each direction over the new connection with CSXT.

In addition, Hartwell states that CSXT will construct a connection between the Line and the Atlanta-Greenwood Line in its right-of-way, and that Hartwell and CSXT have agreed to enter into an interchange agreement.

Construction is proposed to begin no earlier than 90 days after the filing of this notice of exemption.

Hartwell has certified that it has complied with the Board's environmental rules at 49 CFR 1105 and with the pre-filing notice requirements at 49 CFR 1150.36(c)(1).

Pursuant to 49 CFR 1150.36(d), Hartwell states that it has engaged the services of a third-party consultant who has been approved by the Board's Office of Environmental Analysis (OEA) and is acting under OEA's direction and supervision in the preparation of an Environmental Analysis (EA). Hartwell further states that the EA is nearing completion and is anticipated to be completed within the deadline contemplated by 49 CFR 1150.36.

Under 49 CFR 1150.36(c)(3), OEA will generally issue an EA 15 days after publication of the notice of exemption in the **Federal Register** (here by July 1, 2014). However, under 49 CFR 1150.36(c)(10), a stay of the effective date may be issued if an informed decision on environmental issues cannot be made prior to August 25, 2014.³ Interested persons may obtain a copy of the EA by writing to OEA (Room 1100, Surface Transportation Board, Washington, DC 20423-0001) or by calling OEA, at (202) 245-0304. [Assistance for the hearing impaired is available through the Federal Information Relay Service (FIRS) at 1-800-877-8339.] Comments on environmental and historic preservation matters must be filed within 30 days after the EA becomes available to the public.

Upon completion of the environmental review, the Board will issue a decision addressing those matters and making the exemption effective at that time, if appropriate, subject to any necessary conditions, thereby allowing construction to begin.

This exemption will be effective on August 25, 2014, unless stayed. Petitions to stay that do not involve environmental issues must be filed by June 26, 2014. Petitions for reconsideration must be filed by July 7, 2014.

If the verified notice contains false or misleading information, the exemption

is void *ab initio*. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the transaction.

An original and 10 copies of all pleadings, referring to Docket No. FD 35756, must be filed with the Surface Transportation Board, 395 E Street SW., Washington, DC 20423-0001. In addition, a copy of each pleading must be served on Matthew D. Williams, 2215 Pilgrim Mill Circle, Cumming, GA 30041.

Board decisions and notices are available on our Web site at "WWW.STB.DOT.GOV."

Decided: June 11, 2014.

By the Board, Rachel D. Campbell, Director, Office of Proceedings.

Jeffrey Herzig,
Clearance Clerk.

OMB Control Number: 2900-0029.

Type of Review: Revision of a currently approved collection.

Abstract:

a. VA Form 26-6705 is completed by private sector sales broker to submit an offer to purchase VA-acquired property on behalf of a prospective buyer. VA Form 26-6705 becomes a contract of sale if VA accepts the offer to purchase. It serves as a receipt for the prospective buyer for his/her earnest money deposit, describes the terms of sale, and eliminates the need for separate transmittal of a purchase offer.

b. VA Form 26-6705b is used as a credit application to determine the prospective buyer creditworthiness in instances when the prospective buyer seeks VA vendee financing. In such sales, the offer to purchase will not be accepted until the buyer's income and credit history have been verified and a loan analysis has been completed.

c. VA Form 26-6705d is an addendum to VA Form 26-6705 for use in the state of Virginia. The forms requires the buyer to be informed of the State's law at or prior to closing the transaction.
