

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

June 11, 2014.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104-13. Comments regarding (a) whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), *OIRA_Submission@omb.eop.gov* or fax (202) 395-5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250-7602. Comments regarding these information collections are best assured of having their full effect if received within 30 days of this notification. Copies of the submission(s) may be obtained by calling (202) 720-8958.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it

displays a currently valid OMB control number.

Food and Nutrition Service

Title: Summer Food Service Program (SFSP) Characteristics Study.

OMB Control Number: 0584-NEW.

Summary of Collection: School-age children are more susceptible to food insecurity during the summer when they do not have access to meals provided at school. The Summer Food Service Program (SFSP) was designed to ensure that children who benefits from the National School Lunch Program (NSLP) and the School Breakfast Program (SBP) do not experience a nutrition gap during the summer. The SFSP supports children's nutrition through reimbursements to participating institutions for meals meeting USDA Dietary Guidelines for Americans, 2015. The legal authority to collect this information is under the Healthy, Hunger-Free Kids Act of 2010 (Pub. L. 111-296, Sec. 305).

Need and Use of the Information: FNS will collect information using web-based surveys and some will be completed over the phone. The collected information will be used to identify barriers and facilitators to program participation by sponsors, sites, and eligible children. It will be used to determine future changes in SFSP policy to improve program participation, operations, and outcomes needed to address circumstances that may have changed since the last evaluation of the program in 2010.

Description of Respondents: Individuals or households; State, Local or Tribal Government.

Number of Respondents: 1,104.

Frequency of Responses: Reporting: Annually.

Total Burden Hours: 2,636.

Food and Nutrition Service

Title: Supplemental Nutrition Assistance Program (SNAP) Employment and Training (E & T) Program Activity Report.

OMB Control Number: 0584-0339.

Summary of Collection: Section 6(d) of the Food and Nutrition Act of 2008 and 7 CFR 273.7 require each SNAP household member who is not exempt shall be registered for employment by the State agency at the time of application and once every twelve months thereafter, as a condition of eligibility. This requirement pertains to

non-exempt SNAP household member age 16 to 60. Each State agency must screen each work registrant to determine whether to refer the individual to its E&T Program. States' E&T Programs are federally funded through an annual E&T grant. Both the Food and Nutrition Act and regulations require States to file quarterly reports about their E&T Programs so that the Food and Nutrition Service (FNS) can monitor their performance.

Need and Use of the Information: FNS will collect quarterly reports about their E&T programs so that the Department can monitor State performance to ensure that the program is being efficiently and economically operated. Without the information FNS would be unable to make adjustments or allocate exemptions in accordance with the statute.

Description of Respondents: State, Local, or Tribal Government.

Number of Respondents: 53.

Frequency of Responses: Recordkeeping; Reporting: Quarterly; Annually.

Total Burden Hours: 21,889.

Ruth Brown,

Departmental Information Collection Clearance Officer.

Animal and Plant Health Inspection Service

[Docket No. APHIS-2014-0040]

Notice of Request for Approval of an Information Collection; U.S. Origin Health Certificate Template

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: New information collection; comment request.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the Animal and Plant Health Inspection Service's intention to request approval of a new information collection for a U.S. origin health certificate template.

DATES: We will consider all comments that we receive on or before August 18, 2014.

ADDRESSES: You may submit comments by either of the following methods:

- *Federal eRulemaking Portal:* Go to <http://www.regulations.gov/>#!/docketDetail;D=APHIS-2014-0040.

- *Postal Mail/Commercial Delivery:* Send your comment to Docket No. APHIS-2014-0040, Regulatory Analysis and Development, PPD, APHIS, Station 3A-03.8, 4700 River Road Unit 118, Riverdale, MD 20737-1238.

Supporting documents and any comments we receive on this docket may be viewed at <http://www.regulations.gov/>#!/docketDetail;D=APHIS-2014-0040 or in our reading room, which is located in Room 1141 of the USDA South Building, 14th Street and Independence Avenue SW., Washington, DC. Normal reading room hours are 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. To be sure someone is there to help you, please call (202) 799-7039 before coming.

FOR FURTHER INFORMATION CONTACT: For information on the U.S. origin health certificate template, contact Dr. Courtney Bronner Williams, Senior Staff Veterinarian, National Import Export Services, VS, APHIS, 4700 River Road Unit 39, Riverdale, MD 20737; (301) 851-3357. For copies of more detailed information on the information collection, contact Mrs. Celeste Sickles, APHIS' Information Collection Coordinator, at (301) 851-2908.

SUPPLEMENTARY INFORMATION:

Title: U.S. Origin Health Certificate Template.

OMB Control Number: 0579-XXXX.

Type of Request: Approval of a new information collection.

Abstract: Under the Animal Health Protection Act (7 U.S.C. 8301 *et seq.*), the Animal and Plant Health Inspection Service (APHIS) of the U.S. Department of Agriculture has the authority to detect, control, or eradicate pests or diseases of livestock and poultry. APHIS may also prohibit or restrict the importation or export of any animal to prevent the spread of livestock or poultry pests or diseases.

The export of agricultural commodities, including animals and animal products, is a major business in the United States and contributes to a favorable balance of trade. Within APHIS, Veterinary Services (VS) maintains information regarding the import health requirements of other countries for animals and animal products exported from the United States, as most countries require a certification that our animals are free from specific diseases and show no clinical evidence of disease. Knowledge

of these import health requirements allows exporters to determine whether their animals meet the health requirements of the destination countries and promotes disease prevention, which is the most effective method for maintaining a healthy animal population and enhancing our country's ability to compete in the world market of animal and animal product trade.

Exporters currently use several forms approved by the Office of Management and Budget (OMB) to certify that their animals meet the certification requirements of other countries. However, to expedite the process, VS has developed an adaptable electronic export health certificate template for use by exporters and trading partners for the export certification of animals. This new template has the potential to replace other paper-based forms associated with the export certification of animals.

We are asking OMB to approve our use of this information collection activity for 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

- (1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

- (2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;

- (3) Enhance the quality, utility, and clarity of the information to be collected; and

- (4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; e.g., permitting electronic submission of responses.

Estimate of burden: The public reporting burden for this collection of information is estimated to average 0.5 hours per response.

Respondents: Live animal owners and exporters, accredited veterinarians, and animal health officials of the countries of destination.

Estimated annual number of respondents: 1,849.

Estimated annual number of responses per respondent: 24.

Estimated annual number of responses: 44,376.

Estimated total annual burden on respondents: 22,188 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual

number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 11th day of June 2014.

Kevin Shea,

Administrator, Animal and Plant Health Inspection Service.
