

SUPPLEMENTARY INFORMATION: The Bureau has suspension and debarment authority pursuant to 47 CFR 54.8 and 47 CFR 0.111(a)(14). Suspension will help to ensure that the party to be suspended cannot continue to benefit from the schools and libraries mechanism pending resolution of the debarment process. Attached is the suspension letter, DA 14–249, which was mailed to Mr. Cahoon and released on February 24, 2014. The complete text of the notice of suspension and commencement of proposed debarment proceedings is available for public inspection and copying during regular business hours at the FCC Reference Information Center, Portal II, 445 12th Street SW., Room CY–A257, Washington, DC 20554. In addition, the complete text is available on the FCC’s Web site at <http://www.fcc.gov>. The text may also be purchased from the Commission’s duplicating inspection and copying during regular business hours at the contractor, Best Copy and Printing, Inc., Portal II, 445 12th Street SW., Room CY–B420, Washington, DC 20554, telephone (202) 488–5300 or (800) 378–3160, facsimile (202) 488–5563, or via email <http://www.bcpiweb.com>.

SUPPLEMENTARY INFORMATION:

A. Purpose

The Helium Act (Pub. L. 86–777) (50 U.S.C. 167a, *et seq.*) and the Department of the Interior’s implementing regulations (30 CFR parts 601 and 602) require Federal agencies to procure all major helium requirements from the Bureau of Land Management, Department of the Interior.

FAR 8.5, Acquisition of Helium, and the clause 52.208–8 Required Sources for Helium and Helium Usage Data, requires that the Contractor provide to the Contracting Officer the following data within 10 days after the Contractor or subcontractor receives a delivery of helium from a Federal helium supplier; (i) The name of the supplier; (ii) The amount of helium purchased; (iii) The delivery date(s); and (iv) the location where the helium was used. Such information will facilitate enforcement of the requirements of the Helium Act and the contractual provisions requiring the use of Government helium by agency contractors.

The information is used in administration of certain Federal contracts to ensure contractor compliance with contract clauses. Without the information, the required use of Government helium cannot be monitored and enforced effectively. The FAR requires that the contractor provide helium purchase information 10 days after delivery from a federal helium supplier, not for the contractor to forecast what they are going to purchase.

B. Annual Reporting Burden

In consultation with subject matter experts at the Department of the

Interior, Bureau of Land Management, Helium Operations, the number of responses per year was verified as being within an acceptable range, as was the average time required to read and prepare information which was estimated at 1 hour per response. This information collection will result in no change from what published in the **Federal Register** at 79 FR 18551 on April 2, 2014. No public comments were received that challenged the validity of the Government's estimate.

Respondents: 26.

Responses per Respondent: 1.

Total Responses: 26.

Hours per Response: 1.

Total Burden Hours: 26.

C. Public Comments

Public comments are particularly invited on: Whether this collection of information is necessary for the proper performance of functions of the FAR, and whether it will have practical utility; whether our estimate of the public burden of this collection of information is accurate, and based on valid assumptions and methodology; ways to enhance the quality, utility, and clarity of the information to be collected; and ways in which we can minimize the burden of the collection of information on those who are to respond, through the use of appropriate technological collection techniques or other forms of information technology.

Obtaining Copies of Proposals:

Requesters may obtain a copy of the information collection documents from the General Services Administration, Regulatory Secretariat Division (MVCB), 1800 F Street NW., Washington, DC 20405, telephone 202-501-4755. [Notice-WPD-2014-01; Docket No. 2014-0002; Sequence No. 24]

Notice of Intent To Prepare an Environmental Impact Statement for the Proposed Potomac Hill Campus Master Plan

AGENCY: National Capital Region. U.S. General Services Administration (GSA).

ACTION: Notice of Environmental Impact Statement and public scoping meeting.

SUMMARY: Pursuant to the requirements of the National Environmental Policy Act of 1969 (NEPA), 42 United States Code [U.S.C.] 4321-4347; the Council on Environmental Quality Regulations (Code of Federal Regulations [CFR], Title 40, chapter V, parts 1500-1508); GSA Order PBS P 1095.1F (Environmental considerations in decision-making, dated October 19, 1999); and the GSA Public Buildings Service NEPA Desk Guide, dated October 1999, GSA plans to prepare an Environmental Impact Statement (EIS) for the Potomac Hill Campus Master Plan (PHCMP) at Potomac Hill in the Foggy Bottom neighborhood of Northwest Washington, DC. GSA will be initiating related consultation under Section 106 of the National Historic Preservation Act (NHPA) (16 U.S.C. 470(f) and 470(h-2), 36 CFR Part 800 [Protection of Historic Properties]) for the project.

DATES: The public scoping meeting will be held on Wednesday, July 9, 2014, from 4:00 p.m. to 7:30 p.m. eastern standard time, at St. Mary's Church at 728 23rd Street NW. in Washington, DC.

ADDRESSES: The public scoping meeting will be held at St. Mary's Church at 728 23rd Street, NW., in Washington, DC.

FOR FURTHER INFORMATION CONTACT: Jill Springer, NEPA Specialist, GSA, National Capital Region, at 202-260-3672. Also, please call this number if special assistance is needed to attend and participate in the scoping meeting.

SUPPLEMENTARY INFORMATION: The notice of intent is as follows:

Notice of Intent To Prepare an Environmental Impact Statement

GSA intends to prepare an EIS to analyze the potential impacts resulting from the PHCMP, which will guide the development of approximately 11.8 acres of Northwest DC property under the custody and control of GSA and occupied by the U.S. Department of State (DOS), bounded approximately by the E Street Expressway to the north; 23rd Street NW., to the east; Constitution Avenue to the South; and Interstate 66 access ramps to the west. The primary purpose of this action is to transform the properties historically known as "Navy Hill" and "Potomac Annex" into a unified federal campus that accommodates DOS's operations and security requirements and recognizes the site's historic character.

Background

The U.S. General Services Administration (GSA), in coordination

with DOS, proposes the preparation of the PHCMP to guide future redevelopment—the Proposed Action.

The property consists of two adjoining federally owned historic parcels known as Navy Hill and Potomac Annex, in the Foggy Bottom neighborhood of Washington, DC. Together, these parcels constitute the site hereafter referred to as Potomac Hill.

Potomac Hill is an enclosed site, approximately 11.8 acres, located at 2300 E Street, NW. and bounded by 23rd Street NW. to the east, the southern access road within Potomac Annex, and the E Street Expressway (Potomac River Freeway) to the west and north. The site is immediately west of the DOS headquarters, the Harry S Truman building, at 2201 C Street NW.

GSA historically has controlled Navy Hill and its three buildings (South, Central, and East) were occupied by DOS. In 2012, GSA acquired custody and control of Potomac Annex from the U.S. Department of the Navy (Navy) in order to accommodate additional DOS offices, as DOS does not have general authority to acquire real property in the United States. At this time the Potomac Annex buildings (Buildings 1-5) are undergoing renovation for use by DOS.

Purpose and Need

The purpose of the proposed PHCMP is to provide GSA and DOS with a framework to guide the redevelopment of Potomac Hill into a unified federal campus that accommodates DOS's operations and security requirements and recognizes the site's historic character.

The PHCMP is needed to meet DOS's long-term space needs in a manner consistent with provisions of the real property transfer from the Navy to GSA on behalf of DOS. By realigning its real estate portfolio and developing a Potomac Hill Campus, DOS can improve functional operations and accommodate increased space requirements while providing a secure workplace. DOS has determined that multiple operations in non-contiguous locations result in security challenges, increased travel time, decreased productivity, and administrative inefficiencies. DOS has thus identified a critical need to realign its real estate portfolio to meet continuing space and functional mission requirements, provide a more secure workplace, and improve functional operations.

Consolidation will move the agency out of multi-tenant leased locations into a centralized government facility near DOS headquarters, optimizing operations by more efficiently meeting
