

DEPARTMENT OF COMMERCE**Submission for OMB Review; Comment Request**

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Reporting Requirements for the Ocean Salmon Fishery Off the Coasts of Washington, Oregon, and California.

OMB Control Number: 0648–0433.

Form Number(s): NA.

Type of Request: Regular submission (extension of a current information collection).

Number of Respondents: 40.

Average Hours Per Response: 15 minutes.

Burden Hours: 40.

Needs and Uses: This request is for extension of a currently approved information collection.

Based on the management regime specified each year, designated regulatory areas in the commercial ocean salmon fishery off the coasts of Washington, Oregon, and California may be managed by numerical quotas. To accurately assess catches relative to quota attainment during the fishing season, catch data by regulatory areas must be collected in a timely manner. Requirements to land salmon within specific time frames and in specific areas may be implemented in the preseason regulations to aid in timely and accurate catch accounting for a regulatory area. State landing systems normally gather the data at the time of landing. If unsafe weather conditions or mechanical problems prevent compliance with landing requirements, fishermen need an alternative to allow for a safe response. Fishermen would be exempt from landing requirements if the appropriate notifications are made to provide the name of the vessel, the port where delivery will be made, the approximate amount of salmon (by species) on board, and the estimated time of arrival.

Affected Public: Business or other for-profit organizations.

Frequency: On occasion.

Respondent's Obligation: Mandatory.

This information collection request may be viewed at reginfo.gov. Follow the instructions to view Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed

information collection should be sent within 30 days of publication of this notice to *OIRA_Submission@omb.eop.gov* or faxed to (202) 395–5806.

Dated: June 12, 2014.

Gwellnar Banks,

Management Analyst, Office of the Chief Information Officer.

BILLING CODE 3510–22–P

DEPARTMENT OF COMMERCE**Submission for OMB Review; Comment Request**

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Alaska Region BSAI Crab Permits.

OMB Control Number: 0648–0514.

Form Number(s): NA.

Type of Request: Regular submission (revision and extension of a current information collection).

Number of Respondents: 515.

Average Hours Per Response: Annual application for crab IFQ permit, application for Crab IPQ permit, application to become an eligible crab community organization (ECCO), 150 minutes each; application for an Annual Crab Harvesting Cooperative IFQ Permit, Right of first refusal (ROFR) contracts and waivers, 1 hour each; annual application for Crab Converted CPO QS and CPO IFQ and application for Registered Crab Receiver (RCR) Permit, BSAI Crab Rationalization Program Quota Share Beneficiary Designation Form, 30 minutes; application for Crab IFQ Hired Master Permit and application for Federal crab vessel permit (FCVP), 21 minutes each; application for eligibility to receive crab QS/IFQ or PQS/IPQ by transfer, application for transfer of crab IFQ, application for transfer of crab QS/IFQ to or from an ECCO, Application to transfer crab QS or PQS, application for Annual Exemption from Western Aleutian Islands Golden King Crab West Region Delivery Requirements, Community Impact Report or IPQ Holder Report (North or South Response Report), 2 hours each; ECCO Annual report and appeal of denial to NMFS decisions, 4 hours each; application for transfer of IFQ between crab harvesting cooperatives, electronic, 5 minutes, non-electronic, 2 hours; application to

Transfer Crab IPQ, electronic, 1 hour; non-electronic, 2 hours; CDQ notification of community representative, 5 hours; application for exemption from CR Crab North or South Region Delivery Requirements and North or South Region Delivery Exemption Report, 20 hours each.

Burden Hours: 1,621.

Needs and Uses: This request is for a revision and extension of a currently approved information collection.

The king and Tanner crab fisheries in the exclusive economic zone of the Bering Sea and Aleutian Islands, Alaska, are managed under the Fishery Management Plan for Bering Sea and Aleutian Islands King and Tanner Crabs (FMP). The North Pacific Fishery Management Council prepared the FMP under the Magnuson–Stevens Fishery Conservation and Management Act as amended in 2006. National Marine Fisheries Service (NMFS) manages the crab fisheries in the waters off the coast of Alaska under the FMP. Regulations implementing the FMP and all amendments to the Crab Rationalization Program (CR Program) appear at 50 CFR part 680. Program details are found at: <http://www.alaskafisheries.noaa.gov/regs/680/default.htm>.

The CR Program balances the interests of several groups who depend on the crab fisheries. The CR Program addresses conservation and management issues associated with the previous derby fishery, reduces bycatch and associated discard mortality, and increases the safety of crab fishermen by ending the race for fish. Share allocations to harvesters and processors, together with incentives to participate in fishery cooperatives, increases efficiencies, provides economic stability, and facilitates compensated reduction of excess capacities in the harvesting and processing sectors. Community interests are protected by Western Alaska Community Development Quota allocations and regional landing and processing requirements, as well as by several community protection measures.

The NMFS established the CR Program as a catch share program for nine crab fisheries in the Bering Sea and Aleutian Islands (BSAI), and assigned quota share (QS) to persons and processor quota share (PQS) to processors based on their historic participation in one or more of these nine crab fisheries during a specific period. The CR Program components include QS allocation, PQS allocation, individual fishing quota (IFQ) issuance, and individual processing quota (IPQ) issuance, quota transfers, use caps, crab harvesting cooperatives, protections for
