**IV. Provisions for Disposition of Existing Stocks**

Existing stocks are those stocks of canceled pesticide products that are in the United States and that were appropriately packaged, labeled, and released for shipment prior to the effective date of cancellation of the underlying registration. It is EPA's intention to issue a cancellation order treating existing stocks after cancellation of the registrations identified in Table 1 of Unit II. as follows:

1. Cancellation of the registrations will not become effective before January 1, 2015.
2. Reckitt will be permitted to sell and distribute existing stocks to its existing customers until March 31, 2015. During

this time period, Reckitt will also be permitted to ship product for the purpose of returning material back to Reckitt or for the purpose of disposal.

3. Reckitt will be permitted to sell and distribute existing stocks after March 31, 2015 only for the limited purposes of returning material back to Reckitt or for disposal.

4. The sale and distribution of existing stocks by persons other than Reckitt (e.g., distributors, retailers) will be permitted until such stocks are exhausted. Users will be allowed to use existing stocks until such stocks are exhausted, provided that such use is consistent with the terms of the previously approved labeling on, or that accompanied, the canceled product.
