

language is consistent with Sections 6(b)(1) and 6(b)(5) of the Act because it promotes clarity of CHX rules by removing unnecessary and/or redundant language. This will, in turn, provide clear CHX rules for Participants to follow and the Exchange to enforce.

The Exchange also believes the proposed amendment to provide the Exchange with the discretion to enable or disable certain trade adjustment functionalities will prevent Participants from utilizing adjustment functionalities that are in the process of being optimized by Exchange operations personnel (e.g., systems upgrade for verifying adjustment parameters).¹¹ Moreover, the notice requirements will provide Participants with reasonable notice as to the availability of such adjustment options. As such, the proposed rule change is also consistent with the requirements of Sections 6(b)(1) and 6(b)(5) of the Act.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange believes the proposal is consistent with Section 6(b)(8) of the Act¹² in that it does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change either deletes obsolete non-substantive language or provides the Exchange with operational flexibility concerning the availability of certain trade adjustment functionalities that are already codified under CHX rules.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Pursuant to Section 19(b)(3)(A) of the Act¹³ and Rule 19b-4(f) thereunder,¹⁴ CHX has designated this proposal as one that effects a change that (A) does not significantly affect the protection of investors or the public interest; (B) does not impose any significant burden on competition; and (C) by its terms, does not become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest. The

Exchange has also provided the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission.¹⁵ The Exchange notes that this proposal does not propose any new policies or provisions that are unique or unproven, as all changes proposed herein correct non-substantive taxonomy issues and set an operative date for functionality that has already been approved by the Commission. Given these factors, this rule filing qualifies for immediate effectiveness as a "non-controversial" rule change under paragraph (f)(6) of Rule 19b-4.¹⁶

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.
