32 CFR Part 989

Environmental Impact Analysis Process (EIAP); Correction

AGENCY: Department of the Air Force, DoD.

ACTION: Final rule; technical corrections.

SUMMARY: This document contains technical correction amendments to the Air Force EIAP regulation codified at 32 CFR Part 989. The rule relates to the Air Force process for compliance with the National Environmental Policy Act (NEPA) and Executive Order (E.O.) 12114, *Environmental Effects Abroad of Major Federal Actions*.

DATES: *Effective Date:* June 20, 2014.

FOR FURTHER INFORMATION CONTACT: Mr. Jack Bush (HQ USAF/A7CI), 1260 Air Force Pentagon, Washington, DC 20330-1260, (703) 614-0237.

SUPPLEMENTARY INFORMATION: The final rule that is the subject of these corrections administratively changes responsibilities of the Deputy Assistant Secretary of the Air Force for Environment, Safety and Occupational Health to the Deputy Assistant Secretary of the Air Force for Installations. This document contains administrative documentation of internal realignment and redistribution of responsibilities within the organization of the Office of the Assistant Secretary of the Air Force for Installations and Energy (SAF/IE) that pertain to official functions codified in this Part. The functions themselves remain unchanged and continue to be performed by principals within SAF/IE.

Administrative Procedure Act

The Air Force has determined that the Administrative Procedure Act, 5 U.S.C. 553, does not require notice of proposed rulemaking and an opportunity for public participation in connection with these corrections. In this regard, the Air Force notes that such notice and opportunity for comment is unnecessary because these corrections are related solely to agency organization, procedure and practice and make technical corrections. Accordingly, the Air Force finds good cause to make these corrections effective immediately upon publication in the **Federal Register**. 5 U.S.C. 553(b)(B), 553(d)(3).
