Ski Area Water Rights on National Forest System Lands

AGENCY: Forest Service, USDA.

ACTION: Notice of Proposed Directive; Request for Public Comment.

SUMMARY: The U.S. Forest Service (Forest Service or Agency) is proposing to amend its internal directives for ski area concessions by adding two clauses to the Special Uses Handbook, FSH 2709.11, chapter 50, to address water rights necessary for and that primarily support operation of ski areas on National Forest System (NFS) lands. A revised water rights clause for ski area permits is needed because the current water rights clause cannot be implemented as intended in many States and because the current clause does not ensure that sufficient water is available for operation of ski areas on NFS lands. Implementation of a revised water rights clause would ensure that water will be available for ski areas on NFS lands. Additionally, there would be greater consistency and accountability in authorization of water uses and ownership of water rights for ski areas.

DATES: Comments must be submitted in writing by August 22, 2014.

ADDRESSES: Send comments electronically by following the instructions at the Federal eRulemaking portal at <http://www.regulations.gov>. Comments also may be submitted by mail to USDA Forest Service, Attn:

Carolyn Holbrook, Recreation, Heritage, and Volunteer Resources staff, Ski Area Water Rights Comments, 1400 Independence Avenue SW., Stop 1125, Washington, DC 20250-1125. Comments may also be submitted electronically to skiareawaterights@fs.fed.us. If comments are sent electronically, duplicate comments should not be sent by mail. Hand-delivered comments will not be accepted. All comments, including names and addresses when provided, will be placed in the record and will be made available for public review and copying. Those wishing to review comments should call Carolyn Holbrook at (202) 205-1426 to schedule an appointment.

FOR FURTHER INFORMATION CONTACT:

Carolyn Holbrook, Recreation, Heritage, and Volunteer Resources staff, 202-205-1426, or Jean Thomas, Watershed, Fish, Wildlife, Air, and Rare Plants staff, 202-205-1172.

SUPPLEMENTARY INFORMATION:

1. Background and Need for the Proposed Directive

The Forest Service is proposing a revised clause to address water rights utilized in support of ski areas on NFS lands. One of the statutory duties of the Forest Service is to administer National Forest System (NFS) lands to provide outdoor recreation to the American public on a sustainable basis. Water for snowmaking and domestic uses is critical to the continuation of resort-based skiing on NFS lands. Because of this, the Forest Service requires ownership by the United States, either solely or in narrow circumstances jointly with the permit holder, of water rights developed on NFS lands to support operation of ski areas. This policy was adopted due to concern that if water rights used to support ski area operations are severed from a ski area the Forest Service will lose the ability to offer the area to the public for skiing. An example of this is when water rights are sold for other purposes.

It has long been the policy of the Forest Service that permit holders must acquire water rights in the name of the United States for water diverted from and used on NFS lands pursuant to special use authorizations in furtherance of the Agency's congressionally mandated multiple-use objectives through the Multiple-Use Sustained-Yield Act (MUSYA) of 1960, which include range, watershed, timber, fish and wildlife, and outdoor recreation. The reason for this policy is straightforward: Congress has directed the Agency to manage National Forests
