

programs. Additionally, the benefits of implementing the proposals contained in this notice outweigh any associated costs because they would result in the Department's discretionary grant programs selecting high-quality applications to implement activities that are most likely to have a significant national effect on educational reform and improvement.

Application submission and participation in a discretionary grant program are voluntary. The Secretary believes that the costs imposed on applicants by the proposed priorities and definitions would be limited to paperwork burden related to preparing an application for a discretionary grant program that is using one or more of the proposed priorities and definitions in its competition. Because the costs of carrying out activities would be paid for with program funds, the costs of implementation would not be a burden for any eligible applicants, including small entities.

*Regulatory Flexibility Act Certification:*

For these reasons as well, the Secretary certifies that these proposed regulations would not have a significant economic impact on a substantial number of small entities.

*Intergovernmental Review:* Some of the programs affected by these proposed priorities and definitions are subject to Executive Order 12372 and the regulations in 34 CFR part 79. One of the objectives of the Executive order is to foster an intergovernmental partnership and a strengthened federalism. The Executive order relies on processes developed by State and local governments for coordination and review of proposed Federal financial assistance.

This document provides early notification of our specific plans and actions for these programs.
