SUPPLEMENTARY INFORMATION:

Title: Self-Certification Medical Statement.

OMB Control Number: 0579-0196.

Type of Request: Extension of approval of an information collection.

Abstract: The Marketing and Regulatory Programs (MRP) agencies of the U.S. Department of Agriculture facilitate the domestic and international marketing of U.S. agricultural products and protect the health of domestic animal and plant resources. The MRP agencies are the Agricultural Marketing Service, the Animal and Plant Health Inspection Service (APHIS), and the Grain Inspection, Packers and Stockyards Administration. Resource management and administrative services, including human resource management, for the three MRP agencies are provided by the MRP Business

Services unit of APHIS, which is the lead agency in providing administrative support for MRP.

In accordance with 5 CFR part 339, Federal agencies are authorized to obtain medical information from applicants for positions that have approved medical standards. Medical standards may be established for positions for which the duties are arduous or hazardous or require a certain level of health status or fitness. Certain positions in MRP agencies have medical standards. MRP hires individuals each year who work under dusty conditions, around moving machinery and slippery surfaces, and in areas with high noise levels. The MRP agencies require a self-certification medical statement (MRP Form 5-R) from applicants for these positions regarding their fitness for the positions. The MRP agencies need this information to determine whether the applicants can perform the duties of the positions. Inability to collect this information would adversely affect the MRP agencies' ability to make employment decisions and determinations regarding an applicant's physical fitness to safely and efficiently perform assigned duties.

Since the last approval of this collection activity, the number of applicants for certain positions that require medical standards has decreased; therefore, the number of respondents using the self-certification medical statement has decreased. As a result, the estimated annual number of respondents has decreased from 524 to 322, and the estimated total annual burden has decreased from 88 hours to 54 hours.

We are asking the Office of Management and Budget (OMB) to approve our use of this information collection activity for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

- (1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;
- (2) Evaluate the accuracy of our estimate of the burden of the information collection, including the validity of the methodology and assumptions used;
- (3) Enhance the quality, utility, and clarity of the information to be collected; and
- (4) Minimize the burden of the information collection on those who are to respond, through use, as appropriate,

of automated, electronic, mechanical, and other collection technologies, e.g., permitting electronic submission of responses.

Estimate of burden: The public reporting burden for this collection of information is estimated to average 0.167 hours per response.

Respondents: Applicants for MRP positions with approved medical standards.

Estimated annual number of respondents: 322.

Estimated annual number of responses per respondent: 1.

Estimated annual number of responses: 322.

Estimated total annual burden on respondents: 54 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 20th day of June 2014.

Kevin Shea,

Administrator, Animal and Plant Health Inspection Service.

Foreign-Trade Zones Board

[B-21-2014]

Authorization of Production Activity, Foreign-Trade Subzone 41H, Mercury Marine (Marine Engine and Stern Drive Components), Fond du Lac, Wisconsin

On February 19, 2014, Mercury Marine, operator of Subzone 41H, submitted a notification of proposed production activity to the Foreign-Trade Zones (FTZ) Board for its facilities located in Fond du Lac, Wisconsin.

The notification was processed in accordance with the regulations of the FTZ Board (15 CFR part 400), including notice in the **Federal Register** inviting public comment (79 FR 14476, 3-14-2014). The FTZ Board has determined that no further review of the activity is warranted at this time. The production activity described in the notification is authorized, subject to the FTZ Act and the FTZ Board's regulations, including Section 400.14.

Dated: June 19, 2014.

Foreign-Trade Zones Board

[B-44-2014]

Foreign-Trade Zone (FTZ) 20—Suffolk, Virginia, Notification of Proposed Production Activity, Becker Hydraulics USA, Inc. (Hydraulic Hose Lines), Chesapeake, Virginia

The Virginia Port Authority, grantee of FTZ 20, submitted a notification of proposed production activity to the FTZ Board on behalf of Becker Hydraulics USA, Inc. (BHUI), located in Chesapeake, Virginia. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on June 4, 2014.

The BHUI facility is located within Site 9 of FTZ 20. The facility is used for

the production of hydraulic hose lines used in agricultural equipment, construction equipment, and marine engine applications. Pursuant to 15 CFR 400.14(b), FTZ activity would be limited to the specific foreign-status components and specific finished products described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt BHUI from customs duty payments on the foreign status components used in export production. On its domestic sales, BHUI would be able to choose the duty rates during customs entry procedures that apply to hydraulic hose lines (2.5%) for the foreign status inputs noted below. Customs duties also could possibly be deferred or reduced on foreign status production equipment.

The components sourced from abroad include: rubber hydraulic hoses-wire reinforced; hose fittings and adapters; and, formed/molded rubber hoses (duty rate ranges 3.1 to 3.7%).

Public comment is invited from interested parties. Submissions shall be addressed to the FTZ Board's Executive Secretary at the address below. The closing period for their receipt is August 5, 2014.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230-0002, and in the "Reading Room" section of the FTZ Board's Web site, which is accessible via www.trade.gov/ftz.
