SUPPLEMENTARY INFORMATION:

OMB Control Number: 1010-New.

Title: Atlantic Offshore Wind Energy Development: Public Attitudes, Values, and Implications for Tourism and Recreation.

Abstract: Under the Outer Continental Shelf (OCS) Lands Act (43 U.S.C. 1331-1356), BOEM is responsible for conducting OCS lease sales and for monitoring and mitigating adverse impacts that might be associated with offshore energy development. The Energy Policy Act of 2005 (42 U.S.C. 13201 *et seq.*) authorizes the Secretary of the Interior to issue leases, easements, and rights-of-way for offshore renewable energy activities in Federal waters, such as offshore wind power development. In fulfilling these responsibilities, BOEM must take into consideration the impacts of OCS activities on recreational and cultural resources. While we have seen significant interest in offshore wind power development in recent years, the absence of baseline data for specific areas along the Atlantic coast and the absence of a broader regional study on tourism and wind power have made it difficult to identify and analyze the potential impacts of offshore wind development on coastal tourism and recreation. Additional information on these potential impacts

will contribute to better planning and decision-making for BOEM and other stakeholders, including other Federal agencies and State and local governments.

Under a cooperative agreement awarded by the Department of the Interior, the University of Delaware will conduct a survey to assess the impact of offshore wind power projects on coastal recreation and tourism from Massachusetts to South Carolina. The survey will gauge public perceptions of offshore wind energy projects and how development could impact future recreation and visitation choices. BOEM will use this information, along with other economic and environmental information, in our offshore wind decision-making process and marine spatial planning efforts. States and coastal communities will use the information for local coastal planning efforts.

The data collection will be done by an internet-based survey. There are two versions of the survey: One for participants (people who have visited an East coast beach in the last 3 years) and one for nonparticipants (those who have not visited a beach within the last 3 years). The nonparticipant survey is a subset of the participant survey. The survey includes questions about wind projects being located at a beach as well as demographic questions.

Frequency: One time.

Obligation to Respond: Voluntary.

Description of Respondents: Individuals.

Estimated Number of Annual Respondents and Hour Burden: 527.

Activity	Annual number of responses	Completion time per response (minutes)	Total annual burden hours
Participant Survey	1,400	20	467
Nonparticipant Survey	360	10	60
Totals	1,760	527

Estimated Reporting and Recordkeeping Nonhour Cost Burden: None.

Public Disclosure Statement: The PRA (44 U.S.C. 3501, *et seq.*) provides that an agency may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. Until OMB approves a collection of information, you are not obligated to respond.

Comments: We invite comments concerning this information collection on:

- Whether or not the collection of information is necessary, including whether or not the information will have practical utility;
- The accuracy of our estimate of the burden for this collection of information;
- Ways to enhance the quality, utility, and clarity of the information to be collected; and
- Ways to minimize the burden of the collection of information on respondents.

We will summarize written responses to this notice and address them in our submission for OMB approval. As a result of your comments, we will make any necessary adjustments to the burden in our submission to OMB.

Public Availability of Comments: Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time.

While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Dated: June 23, 2014.

Chief, Office of Policy, Regulations, and Analysis.

SUPPLEMENTARY INFORMATION:

Background.—On August 3, 2009, the Department of Commerce issued antidumping and countervailing duty orders on imports of certain tow-behind lawn groomers and parts thereof from China (74 FR 38395-38397 and 74 FR 38399-38401). The Commission is conducting reviews to determine whether revocation of the orders would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. It will assess the adequacy of interested party responses to this notice of institution to determine whether to conduct full or expedited reviews. The Commission's determinations in any expedited reviews will be based on the facts available, which may include information provided in response to this notice.

Definitions.—The following definitions apply to these reviews:

(1) *Subject Merchandise* is the class or kind of merchandise that is within the scope of the five-year reviews, as defined by the Department of Commerce.

(2) The *Subject Country* in these reviews is China.

(3) The *Domestic Like Product* is the domestically produced product or products which are like, or in the absence of like, most similar in characteristics and uses with, the *Subject Merchandise*. In its original determinations, the Commission defined a single *Domestic Like Product* encompassing the continuum of certain tow-behind lawn groomers and parts thereof within Commerce's scope of the investigations.

(4) The *Domestic Industry* is the U.S. producers as a whole of the *Domestic Like Product*, or those producers whose collective output of the *Domestic Like Product* constitutes a major proportion of the total domestic production of the product. In its original determinations, the Commission defined the *Domestic*

Industry as all domestic producers of certain tow-behind lawn groomers and parts thereof. The Commission also determined that circumstances warranted the exclusion of certain domestic producers from the *Domestic Industry* as a related party.

(5) The *Order Date* is the date that the antidumping and countervailing duty orders under review became effective. In these reviews, the *Order Date* is August 3, 2009.

(6) An *Importer* is any person or firm engaged, either directly or through a parent company or subsidiary, in importing the *Subject Merchandise* into the United States from a foreign manufacturer or through its selling agent.

Participation in the proceeding and public service list.—Persons, including industrial users of the *Subject Merchandise* and, if the merchandise is sold at the retail level, representative consumer organizations, wishing to participate in the proceeding as parties must file an entry of appearance with the Secretary to the Commission, as provided in section 201.11(b)(4) of the Commission's rules, no later than 21 days after publication of this notice in the **Federal Register**. The Secretary will maintain a public service list containing the names and addresses of all persons, or their representatives, who are parties to the proceeding.

Former Commission employees who are seeking to appear in Commission five-year reviews are advised that they may appear in a review even if they participated personally and substantially in the corresponding underlying original investigation or an earlier review of the same underlying investigation. The Commission's designated agency ethics official has advised that a five-year review is not the same particular matter as the underlying original investigation, and a five-year review is not the same particular matter as an earlier review of the same underlying investigation for purposes of 18 U.S.C. 207, the post employment statute for Federal employees, and Commission rule 201.15(b) (19 CFR 201.15(b)), 79 FR 3246 (Jan. 17, 2014), 73 FR 24609 (May 5, 2008). Consequently, former employees are not required to seek Commission approval to appear in a review under Commission rule 19 CFR 201.15, even if the corresponding underlying original investigation or an earlier review of the same underlying investigation was pending when they were Commission employees. For further ethics advice on this matter, contact Carol McCue Verratti, Deputy Agency Ethics Official, at 202-205-3088.
