National Institutes of Health

Submission for OMB Review; 30-Day Comment Request; Specimen Resource Locator (NCI)

SUMMARY: Under the provisions of Section 3507(a)(1)(D) of the Paperwork Reduction Act of 1995, the National Institutes of Health (NIH), has submitted to the Office of Management and Budget (OMB) a request for review and approval of the information collection listed below. This proposed information collection was previously published in the **Federal Register** on April 8, 2014 (Vol. 79, P. 19345) and allowed 60-days for public comment. No public comments were received. The purpose of this notice is to allow an additional 30 days for public comment. The National Cancer Institute (NCI),

National Institutes of Health, may not conduct or sponsor, and the respondent is not required to respond to, an information collection that has been extended, revised, or implemented on or after October 1, 1995, unless it displays a currently valid OMB control number.

Direct Comments To OMB: Written comments and/or suggestions regarding the item(s) contained in this notice, especially regarding the estimated public burden and associated response time, should be directed to the: Office of Management and Budget, Office of Regulatory Affairs, *OIRA_submission@omb.eop.gov* or by fax to 202-395-6974, Attention: NIH Desk Officer.

DATES: Comment Due Date: Comments regarding this information collection are best assured of having their full effect if received within 30-days of the date of this publication.

FOR FURTHER INFORMATION CONTACT: To obtain a copy of the data collection plans and instruments or request more information on the proposed project contact: Joanne Demchok, Program Director, Cancer Diagnosis Program, Division of Cancer Treatment and Diagnosis, 9609 Medical Center Drive, Rockville, Md. 20892 or call non-toll-free number 240-276-5959 or Email your request, including your address to: *peterjo@mail.nih.gov*. Formal requests for additional plans and instruments must be requested in writing.

Proposed Collection: Specimen Resource Locator, Existing Collection in Use without OMB Control Number, National Cancer Institute (NCI), National Institutes of Health (NIH).

Need and Use of Information Collection: The availability of specimens and associated data is critical to increase our knowledge of cancer biology, and to translate important research discoveries to clinical application. The discovery and validation of cancer prevention markers require access, by researchers, to quality clinical biospecimens. In response, to this need, the National Cancer Institute's (NCI) Cancer Diagnosis Program has developed, and is expanding, a searchable database: Specimen Resource Locator (SRL). The SRL allows scientist in the research community and the NCI to locate specimens needed for their research. The SRL will list all NCI supported repositories and their links. This administrative submission is an on-line form that will collect information to manage and improve a program and its resources for the use of all scientists. This submission does not involve any analysis.

OMB approval is requested for 3 years. There are no costs to respondents other than their time. The total estimated annualized burden hours are 105.

ESTIMATED ANNUALIZED BURDEN HOURS

| Type of respondent | Form name | Number of respondents | Number of responses per respondent | Average burden per response (in hours) | Total burden hour |
|--------------------------|-----------------------|-----------------------|------------------------------------|--|-------------------|
| Private Sector | Initial Request | 70 | 1 | 30/60 | 35 |
| State Government | | 70 | 1 | 30/60 | 35 |
| Federal Government | | 60 | 1 | 30/60 | 30 |
| Private Sector | Annual Update | 20 | 1 | 5/60 | 2 |
| State Government | | 20 | 1 | 5/60 | 2 |
| Federal Government | | 10 | 1 | 5/60 | 1 |

Dated: July 1, 2014.

Karla Bailey,

NCI Project Clearance Liaison, National Institutes of Health.

BILLING CODE 4140-01-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

National Institutes of Health

Proposed Collection; 60-Day Comment Request; Assessment of Oncology Nursing Education and Training in Low and Middle Income Countries (NCI)

SUMMARY: In compliance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, for opportunity for public comment on proposed data collection projects, the National Cancer Institute (NCI), National Institutes of Health (NIH), will publish periodic summaries of proposed

projects to be submitted to the Office of Management and Budget (OMB) for review and approval.

Written comments and/or suggestions from the public and affected agencies are invited on one or more of the following points: (1) Whether the proposed collection of information is necessary for the proper performance of the function of the agency, including whether the information will have practical utility; (2) The accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) Ways to enhance the quality, utility, and

clarity of the information to be collected; and (4) Ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

To Submit Comments and for Further Information: To obtain a copy of the data collection plans and instruments or request more information on the proposed project, contact: Annette Galassi, Center for Global Health, National Cancer Institute, 9609 Medical Center Dr., RM 3W250, Rockville, MD 20850 or call non-toll-free number 240-276-6632 or Email your request, including your address to: agalassi@mail.nih.gov. Formal requests for additional plans and instruments must be requested in writing.

Comment Due Date: Comments regarding this information collection are best assured of having their full effect if

received within 60 days of the date of this publication.

Proposed Collection: Assessment of Oncology Nursing Education and Training in Low and Middle Income Countries, 0925-NEW, National Cancer Institute (NCI), National Institutes of Health (NIH).

Need and Use of Information Collection: This is a request for OMB to approve the Assessment of Oncology Nursing Education and Training in Low and Middle Income Countries (LMICs). NCI-Designated Cancer Centers have a range of international activities, some of which are funded by NCI, but many of which are not. These international activities may include oncology nursing education and training in LMICs, but the extent of these activities across cancer centers is unknown. The proposed assessment requests information about oncology nursing education and training projects including: Descriptions of projects, partner organizations, types of activities,

cost, and impact. NCI's Center for Global Health (CGH) is in the process of developing its strategic plan for oncology nursing education in LMICs. This information will help inform this strategic planning process and provide evidence to inform decisions on potential investments in grants for oncology nursing education in LMICs. Additionally, this information will be used in an online, interactive map that is being developed by CGH which will allow external organizations, such as cancer centers, to explore what projects are being done in which countries, which will facilitate collaborations and minimize duplication. The frequency of the data collection will be once per year although respondents may have more than one response if they have up to three projects.

OMB approval is requested for 3 years. There are no costs to respondents other than their time. The total estimated annualized burden hours are 51.

ESTIMATED ANNUALIZED BURDEN HOURS

| Type of respondents | Number of respondents/year | Number of responses per respondent | Average burden per response (in hours) | Total annual burden hours |
|----------------------------|----------------------------|------------------------------------|--|---------------------------|
| Directors of Nursing | 68 | 3 | 15/60 | 51 |

Dated: July 1, 2014.

National Institute of Diabetes and Digestive and Kidney Diseases; Notice of Closed Meeting

Pursuant to section 10(d) of the Federal Advisory Committee Act, as amended (5 U.S.C. App.), notice is hereby given of the following meeting.

The meeting will be closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), Title 5 U.S.C., as amended. The grant applications and the discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the grant applications, the disclosure of which

would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: National Institute of Diabetes and Digestive and Kidney Diseases Special Emphasis Panel; Diabetes and Physical Performance Ancillary Studies.

Date: July 24, 2014.
Time: 3:00 p.m. to 4:00 p.m.
Agenda: To review and evaluate grant applications.

Place: National Institutes of Health, Two Democracy Plaza, 6707 Democracy Boulevard, Bethesda, MD 20892, (Telephone Conference Call).

Contact Person: Carol J. Goter-Robinson, Ph.D., Scientific Review Officer, Review Branch, DEA, NIDDK, National Institutes of Health, Room 748, 6707 Democracy Boulevard, Bethesda, MD 20892-5452, (301) 594-7791, goterrobinsonc@extra.niddk.nih.gov.

(Catalogue of Federal Domestic Assistance Program Nos. 93.847, Diabetes, Endocrinology and Metabolic Research; 93.848, Digestive Diseases and Nutrition Research; 93.849, Kidney Diseases, Urology and Hematology Research, National Institutes of Health, HHS).

Dated: July 1, 2014.

David Clary,
Program Analyst, Office of Federal Advisory Committee Policy.
