

- is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);
- is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);
- is not subject to the requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because this action does not involve technical standards; and
- does not provide the EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

In addition, this rule does not have tribal implications as specified by Executive Order 13175 (65 FR 67249, November 9, 2000), because it will not impose substantial direct costs on tribal governments or preempt tribal law. The SIP is not approved to apply in Indian country located in the state, except for non-trust land within the exterior boundaries of the Puyallup Indian Reservation, also known as the 1873 Survey Area. Under the Puyallup Tribe of Indians Settlement Act of 1989, 25 U.S.C. 1773, Congress explicitly provided state and local agencies in Washington authority over activities on non-trust lands within the 1873 Survey Area and the EPA is therefore approving this SIP on such lands. Consistent with EPA policy, the EPA nonetheless provided a consultation opportunity to the Puyallup Tribe in a letter dated February 25, 2014. The EPA did not receive a request for consultation.

Approval and Promulgation of State Air Quality Plans for Designated Facilities and Pollutants; Delaware, District of Columbia, and West Virginia; Control of Emissions From Existing Sewage Sludge Incinerator Units

AGENCY: The Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The Environmental Protection Agency (EPA) is proposing to approve Clean Air Act (CAA) negative declarations for the State of Delaware, the District of Columbia, and the State of West Virginia for existing sewage sludge incinerator (SSI) units. These negative declarations certify that SSI units subject to the requirements of sections 111(d) and 129 of the CAA do not exist within the jurisdictional boundaries of the Delaware Department of Natural Resources and Environmental Control (DNREC), the District Department of the Environment (DDOE), and the West Virginia Department of Environmental Protection (WVDEP).

DATES: Comments must be received in writing by August 11, 2014.

ADDRESSES: Submit your comments, identified by Docket ID Number EPA-R03-OAR-2013-0475 by one of the following methods:

A. www.regulations.gov. Follow the on-line instructions for submitting comments.

B. Email: rehn.brian@epa.gov.

C. Mail: EPA-R03-OAR-2013-0475, Brian Rehn, Acting Associate Director, Office of Permits and Air Toxics, Mailcode 3AP10, U.S. Environmental Protection Agency, Region III, 1650 Arch Street, Philadelphia, Pennsylvania 19103.

D. Hand Delivery: At the previously-listed EPA Region III address. Such deliveries are only accepted during the Docket's normal hours of operation, and special arrangements should be made for deliveries of boxed information.

Instructions: Direct your comments to Docket ID No. EPA-R03-OAR-2013-0475. EPA's policy is that all comments received will be included in the public docket without change, and may be made available online at www.regulations.gov, including any personal information provided, unless the comment includes information claimed to be Confidential Business

Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through www.regulations.gov or email. The www.regulations.gov Web site is an "anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an email comment directly to EPA without going through www.regulations.gov, your email address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses.

Docket: All documents in the electronic docket are listed in the www.regulations.gov index. Although listed in the index, some information is not publicly available, i.e., CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the Internet and will be publicly available only in hard copy form. Publicly available docket materials are available either electronically in www.regulations.gov or in hard copy during normal business hours at the Air Protection Division, U.S. Environmental Protection Agency, Region III, 1650 Arch Street, Philadelphia, Pennsylvania 19103. Copies of the submittals are available at the Delaware Department of Natural Resources and Environmental Control, 89 Kings Highway, P.O. Box 1401, Dover, Delaware 19903, the District of Columbia Department of the Environment, Air Quality Division, 1200 1st Street NE., Fifth Floor, Washington, DC 20002, and the West Virginia Department of Environmental Protection, Division of Air Quality, 601 57th Street SE., Charleston, West Virginia 25304.

FOR FURTHER INFORMATION CONTACT: Mike Gordon, (215) 814-2039, or by email at gordon.mike@epa.gov.

SUPPLEMENTARY INFORMATION: In the "Rules and Regulations" section of this **Federal Register**, the EPA is approving these negative declarations in a direct

final rule without prior proposal because the Agency views this as a noncontroversial submittal and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this action, no further activity is contemplated. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period. Any parties interested in commenting on this action should do so at this time.

For further information regarding the negative declarations for SSI units submitted by DNREC, DDOE, and WVDEP, please see the information provided in the direct final action, with the same title, that is located in the "Rules and Regulations" section of this **Federal Register** publication.

Dated: June 11, 2014.

SUPPLEMENTARY INFORMATION:

I. Background

The National Defense Authorization Act (NDAA) for Fiscal Year 2013 was signed into law and effective on December 31, 2012. Section 802 of the law provides additional requirements relative to the review and justification of Pass-Through contracts. Specifically, this law requires in those instances where an offeror for a contract, task order, or delivery order informs the agency pursuant to FAR 52.215-22 of their intention to award subcontracts for more than 70 percent of the total cost of work to be performed under the contract, task order, or delivery order, the contracting officer is required to (1) consider the availability of alternative contract vehicles and the feasibility of contracting directly with a subcontractor or subcontractors that will perform the bulk of the work; (2) make a written determination that the contracting approach selected is in the best interest of the Government; and (3) document the basis for such determination. Therefore, FAR 15.404-

1(h) is being created by this rule to implement these statutory requirements.

However, Section 1615 of the NDAA for Fiscal Year 2014, which was signed into law and effective on December 26, 2013, provides that for contracts under the provisions of Section 46 of the Small Business Act (15 U.S.C. 657s) the requirements under Section 802 of the NDAA for Fiscal Year 2013 do not apply. Accordingly, the proposed rule exempts FAR Part 19 acquisitions.

While Section 802 only applies to contracts with the Department of Defense, the Department of State, and the United States Agency for International Development, for the purpose of consistency, it was decided to apply the section's requirements to all of the agencies subject to the FAR.

II. Executive Orders 12866 and 13563

Executive Orders (E.O.s) 12866 and 13563 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). E.O. 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This is a significant regulatory action and, therefore, was subject to review under section 6(b) of E.O. 12866, Regulatory Planning and Review, dated September 30, 1993. This rule is not a major rule under 5 U.S.C. 804.

III. Regulatory Flexibility Act

DoD, GSA, and NASA do not expect this proposed rule to have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, because the rule augments the current responsibilities of contracting officers relative to the review and justification of pass-through contracts and does not initiate or impose any new administrative or performance requirements on contractors.

Therefore, an Initial Regulatory Flexibility Analysis has not been performed. DoD, GSA, and NASA invite comments from small business entities concerns and other interested parties on the expected impact of this rule on small entities.

DoD, GSA, and NASA will also consider comments from small entities concerning the existing regulations in subparts affected by the rule consistent with 5 U.S.C. 610. Interested parties
