IRS Truncated Taxpayer Identification Numbers

AGENCY: Internal Revenue Service (IRS), Treasury.

ACTION: Final regulations.

SUMMARY: This document contains final regulations regarding an IRS truncated

taxpayer identification number, or a TTIN. Where not prohibited by the Internal Revenue Code, applicable regulations, other guidance published in the Internal Revenue Bulletin, forms, or instructions, these regulations allow use of a TTIN in lieu of a taxpayer's social security number (SSN), IRS individual taxpayer identification number (ITIN), IRS adoption taxpayer identification number (ATIN), or employer identification number (EIN) on payee statements and certain other documents. The TTIN displays only the last four digits of a taxpayer identifying number; either asterisks (*) or Xs replace the first five digits of the identifying number. These regulations affect persons that furnish or receive payee statements and other documents that the Internal Revenue Code, regulations, or other published guidance requires to be furnished to another person to the extent that a TTIN may appear in lieu of the SSN, ITIN, ATIN, or EIN of the payee or document recipient.

DATES: *Effective Date:* These regulations are effective on July 15, 2014.

Applicability Date: For dates of applicability see §§ 1.6042-4(g), 1.6043-4(i), 1.6044-5(d), 1.6045-2(i), 1.6045-3(g), 1.6045-4(s), 1.6045-5(h), 1.6049-6(e)(5), 1.6050A-1(e), 1.6050E-1(m), 1.6050N-1(e), 1.6050P-1(h), 1.6050S-1(f), 1.6050S-3(g), and 301.6109-4(c).

SUPPLEMENTARY INFORMATION:
Background

This document amends the Income Tax Regulations (26 CFR part 1) and the Procedure and Administration Regulations (26 CFR part 301) to authorize filers of information returns to truncate a payee's or other person's nine-digit identifying number on payee statements and certain other documents. The goal of these amendments is to reduce the risk of identity theft that may stem from the inclusion of a taxpayer's entire identifying number on a payee statement or other document.

Concerned about the risks of identity theft, including its effect on tax administration, the IRS established a pilot program allowing filers of information returns who met certain requirements to truncate an individual payee's identifying number on paper payee statements (Forms 1098, 1099, and 5498) for calendar years 2009 and 2010. See Notice 2009-93, 2009-51 IRB 863. The IRS subsequently extended the pilot program for payee statements for calendar years 2011 and 2012, and modified the program by removing the
