

ACTION: Notice of Limitations on Claims for Judicial Review of Actions by the United States Army Corps of Engineers.

SUMMARY: This notice announces an action taken by the United States Army Corps of Engineers (USACE) that is final within the meaning of 23 U.S.C. 139(l)(1). This final agency action relates to a proposed highway project, Bonner Bridge Replacement Project along NC 12, from Rodanthe to Bodie Island in Dare County, North Carolina. The FHWA's Record of Decision (ROD) identifies the Parallel Bridge Corridor Alternative as the selected alternative for Phase I of the Bonner Bridge Replacement Project with a Transportation Management Plan which outlines a decision-making process for future phases.

DATES: By this notice, the FHWA is advising the public of a final agency action subject to 23 U.S.C. 139(l)(1). A claim seeking judicial review of the Federal agency actions on the highway project will be barred unless the claim is filed on or before December 12, 2014. If the Federal law that authorizes judicial review of a claim provides a time period of less than 150 days for filing such claim, then that shorter time period still applies.

FOR FURTHER INFORMATION CONTACT: For FHWA: Clarence W. Coleman, P. E., Director of Preconstruction and Environment, Federal Highway Administration, 310 New Bern Avenue, Ste 410, Raleigh, North Carolina 27601-1418; Telephone: (919) 747-7014; email: clarence.coleman@dot.gov. FHWA North Carolina Division Office's normal business hours are 8 a.m. to 5 p.m. (Eastern Time). For the North Carolina Department of Transportation (NCDOT): Richard Hancock, P.E., Environmental Director, Project Development and Environmental Analysis, North Carolina Department of Transportation (NCDOT), 1 South Wilmington Street (Delivery), 1548 Mail Service Center, Raleigh, North Carolina 27699-1548; Telephone (919) 707-6000; RWHancock@ncdot.gov NCDOT—Project Development and Environmental Analysis Branch Office's normal business hours are 8 a.m. to 5 p.m. (Eastern Time).

SUPPLEMENTARY INFORMATION: Notice is hereby given that the USACE has taken a final agency action by issuing a permit for the following highway project in the State of North Carolina: Phase I of The Bonner Bridge Replacement Project along Highway NC 12, from Rodanthe to Bodie Island, in Dare County, North Carolina. The project is also known as State Transportation Improvement Program (STIP) Project B-2500, which

involves replacing the deteriorating Bonner Bridge over Oregon Inlet as Phase I of the project and includes an NC 12 Transportation Management Plan that establishes a process for future decision-making for the section of NC 12 from Oregon Inlet to the Village of Rodanthe. The permit has authorized the discharging of fill material directly into 0.49 acre of wetlands and temporarily impacting 0.38 acre of wetlands adjacent to NC Highway 12, on the north and south sides of Oregon Inlet, in the Pea Island National Wildlife Refuge on Hatteras Island, in order to make improvements to NC 12 associated with the construction of a new bridge to replace the existing Herbert C Bonner Bridge and to retain 1,050 feet of the existing bridge to serve as a training structure. USACE Permit No.: SAW-1993-03077, issued June 4, 2014, describes the general and special conditions of the work authorized by the USACE. This permit only authorizes work on Phase I of TIP B-2500. Construction on subsequent phases of TIP B-2500 shall not commence until approval has been obtained by the USACE in accordance with this permit authorization through an approved modification or a separate permit authorization.

This notice applies to the following USACE decision as of the issuance date of this notice:

1. Wetlands and Water Resources: Clean Water Act (33 U.S.C. 1344).
2. Section 10 of the Rivers and Harbors Act (33 U.S.C. 403).
3. Executive Orders: E.O. 11990 Protection of Wetlands; E.O. 11988 Floodplain Management.

The regulations implementing Executive Order 12372 regarding intergovernmental consultation on Federal programs and activities apply to this program.

Authority: 23 U.S.C. 139 (l)(1).

Issued On: July 2, 2014.

Clarence W. Coleman,
Director of Preconstruction and Environment,
Raleigh, North Carolina.

Federal Transit Administration

FTA Fiscal Year 2014 Apportionments, Allocations, and Program Information

AGENCY: Federal Transit Administration (FTA), DOT.

ACTION: Correction.

SUMMARY: On March 10, 2014, the Federal Transit Administration (FTA) published a notice in the **Federal Register** apportioning funds appropriated by law. The notice provided information on the FY 2014 funding available for the FTA assistance programs, and provides program guidance and requirements, and information on several program issues important in the current year. This notice provides a needed correction to that notice regarding pre-award authority.

FOR FURTHER INFORMATION CONTACT: For general information about this notice contact Jamie Pfister, Director, Office of Transit Programs, at (202) 366-2053. Please contact the appropriate FTA regional office for any specific requests for information or technical assistance. A list of FTA regional offices and contact information is available on the FTA Web site under the heading "Regional Offices" at <http://www.fta.dot.gov>. An FTA headquarters contact for each major program area is included in the discussion of that program in the text of the notice.

SUPPLEMENTARY INFORMATION:

In the **Federal Register** of March 10, 2014 in FR Doc. 14-4759, on page 13482, in the second column, correct the sixth and seventh paragraphs to read as follows:

"FTA has modified its approach to pre-award authority, and the date that costs may be incurred is as follows. For design and environmental review, costs may be incurred as of the date of the authorization of formula funds or the date of the announcement of the discretionary allocation of funds for the project. For property acquisition, demolition, construction, and acquisition of vehicles, equipment, or construction materials for projects that qualify for a categorical exclusion pursuant to 23 CFR 771.118(c), costs may be incurred as of the date of the authorization of formula funds or the date of the announcement of the discretionary allocation of funds for the project. For property acquisition, demolition, construction, and acquisition of vehicles, equipment, or construction materials for projects that require a categorical exclusion pursuant to 23 CFR 771.118(d), an environmental assessment, or an environmental impact statement, costs may be incurred as of the date that FTA completes the environmental review process required by NEPA and its implementing regulations (i.e., through issuance of a Section 771.118(d) categorical exclusion determination, a Finding of No Significant Impact (FONSI), or a Record of Decision (ROD)). For pre-award authority triggered by the completion of the NEPA process, the completion of planning and air quality requirements is a prerequisite, as those activities are completed prior to conclusion of the environmental review process.

The requirement that a project be included in a locally-adopted Metropolitan Transportation Plan, the metropolitan transportation improvement program and federally approved statewide transportation improvement program (23 CFR Part 450) must be satisfied before the grantee may advance the project beyond planning and preliminary design with non-Federal funds under pre-award authority triggered by the completion of the NEPA process. If the project is located within an EPA-designated non-attainment or maintenance area for air quality, the conformity requirements of the Clean Air Act, 40 CFR Part 93, must also be met before the project may be advanced into implementation-related activities under pre-award authority triggered by the completion of the NEPA process. For projects that qualify for a categorical exclusion pursuant to 23 CFR 771.118(c), if a project is subsequently found not to qualify for this CE, it will be ineligible for FTA assistance. For all other projects, compliance with NEPA and other environmental laws and executive orders (e.g., protection of parklands, wetlands, and historic properties) must be completed before State or local funds are spent on implementation activities, such as site preparation, construction, and acquisition, for a project that is expected to be subsequently funded with FTA funds."

Issued in Washington, DC, this 9th day of July, 2014.

Therese McMillan,
Deputy Administrator.
