The BLM McCoy Flats Trailhead and Day-Use Area will remain open for access to additional trails in the area. INTERNATIONAL TRADE COMMISSION

[Investigation No. 337-TA-881]

Certain Windshield Wiper Devices and Components Thereof; Notice of Commission Decision To Review in Part a Final Initial Determination Finding a Violation of Section 337; Request for Written Submissions

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined to review in part the presiding administrative law judge's ("ALJ") final initial determination ("final ID") issued on May 8, 2014, finding a violation of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. § 1337 ("section 337") in the above-captioned investigation.

FOR FURTHER INFORMATION CONTACT:

Megan M. Valentine, Office of the General Counsel, U.S. International Trade Commission, 500 E Street SW., Washington, DC 20436, telephone (202) 708-2301. Copies of non-confidential documents filed in connection with this investigation are or will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street SW., Washington, DC 20436, telephone (202) 205-2000. General information concerning the Commission may also be obtained by accessing its Internet server at <http://www.usitc.gov>. The public record for this investigation may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on (202) 205-1810.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on June 11, 2013, based on a complaint filed by complainants Federal-Mogul Corporation of Southfield, Michigan and Federal-Mogul S.A. of Aubange, Belgium (collectively "Federal-Mogul"). 78 FR 35050-51 (June 11, 2013). The complaint alleges violations of section 337 in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain windshield wiper devices and components thereof by reason of infringement of claims 1-14 of U.S. Patent No. 8,347,449 ("the '449 patent"). The complaint further alleges the existence of a domestic industry. The Commission's Notice of Investigation named as respondents Trico Corporation of Rochester Hills, Michigan ("Trico Corp."); Trico Products of Brownsville, Texas ("Trico Products"); and Trico Components, SA de CV of Matamoros, Mexico (collectively "Trico"). 78 FR at 35050. The Office of Unfair Import Investigations was also named as a party. *Id.* The Notice of Investigation was later amended to correct the names of Trico Corp. and Trico Products to Trico Products Corporation of New York. 79 FR 9922-923 (Feb. 21, 2014); see Order No. 27 (Jan. 22, 2014).

On May 8, 2014, the ALJ issued his final ID, finding a violation of section 337. In particular, the final ID finds that Trico's accused products infringe claims 1 and 5 of the '449 patent, but that Trico's accused products do not infringe claims 2-4 and 6-14. The ALJ also found that the asserted claims of the '449 patent are not invalid for

obviousness under 35 U.S.C. 103 or for lack of written description under 35 U.S.C. 112. The ALJ further found that Federal-Mogul has satisfied the domestic industry requirement.

The final ID also includes the ALJ's recommended determination ("RD") on remedy and bonding. The ALJ recommended in his RD that the appropriate remedy is a limited exclusion order barring entry of Trico's infringing windshield wiper devices and components thereof. The ALJ did not recommend issuance of a cease and desist order against any respondent. The ALJ recommended the imposition of a bond of \$0.75 per imported unit during the period of Presidential review.

On May 21, 2014, Trico filed a petition for review concerning, *inter alia*, the final ID's finding of violation with respect to claims 1 and 5 of the '449 patent. In particular, Trico requested review of the final ID's construction of the claim limitation "detachable," the final ID's finding that claims 1 and 5 are infringed, and the final ID's finding that the asserted claims of the '449 patent are not invalid for obviousness. Also on May 21, 2014, Federal-Mogul and the Commission investigative attorney ("IA") each filed a petition for review of certain aspects of the final ID concerning the ALJ's finding of no violation with respect to claims 2-4 and 6-14 of the '449 patent. In particular, Federal-Mogul and the IA requested that the Commission review the final ID's construction of the claim limitation "clamping" and the final ID's finding of non-infringement with respect to claims 2-4 and 6-14 of the '449 patent.

On May 29, 2014, Federal-Mogul filed a response to Trico's petition for review. Also on May 29, 2014, Trico filed a combined response to Federal-Mogul's and the IA's petitions for review. Further on May 29, 2014, the IA filed a joint response to the private parties' petitions.

None of the parties filed a post-RD statement on the public interest pursuant to Commission Rule 210.50(a)(4). Furthermore, no responses were filed by the public in response to the post-RD Commission Notice issued on May 9, 2014. See Notice of Request for Statements on the Public Interest, 79 FR 27934-35 (May 9, 2014).

Having examined the record of this investigation, including the ALJ's final ID, the petitions for review, and the responses thereto, the Commission has determined to review the final ID in part.

Specifically, the Commission has determined to review the ALJ's omission of the caveat "without
