SUPPLEMENTARY INFORMATION:

I. Background: Coal mine operators desiring to be self-insurers are required by law (30 U.S.C. 933 BL) to produce security by way of an indemnity bond, security deposit, a letter of credit, or 501(c)(21) trust. Once a company's application to become self-insured is reviewed by the Division of Coal Mine Workers' Compensation (DCMWC) and it is determined the company is potentially eligible, an amount of security is determined to guarantee the payment of benefits required by the Act. The OWCP-1 form is executed by the self-insurer who agrees to abide by the Department's rules and authorizes the Secretary, in the event of default, to file suit to secure payment from a bond underwriter or in the case of a Federal Reserve account, to sell the securities for the same purpose. A company cannot be authorized to self-insure until this requirement is met. Regulations establishing this requirement are at 20 CFR 726.110 for Black Lung. This information collection is currently approved for use through December 31, 2014.

II. Review Focus: The Department of Labor is particularly interested in comments which:

* Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

* Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

* Enhance the quality, utility and clarity of the information to be collected; and

* Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

III. Current Actions: The Department of Labor seeks the approval of the extension of this currently approved information collection in order to determine if a coal mine company is potentially eligible to become self-insured. The information is reviewed to insure that the correct amounts of negotiable securities are deposited or indemnity bond is purchased and that in a case of default OWCP has the authority to utilize the securities or bond. If this Agreement and Undertaking were not required, OWCP would not be empowered to utilize the company's security deposit to meet its financial responsibilities for the payment of black lung benefits in case of default.
