Certain Oil Country Tubular Goods From Ukraine: Final Determination of Sales at Less Than Fair Value and Final Negative Determination of Critical Circumstances

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the Department) determines that imports of oil country tubular goods (OCTG) from Ukraine are being, or are likely to be, sold in the United States at less than fair value (LTFV), as provided in section 735 of the Tariff Act of 1930, as amended (the Act). The period of investigation is July 1, 2012, through June 30, 2013. The final weighted-average dumping margins are listed below in the section entitled "Final Determination Margins."

DATES: Effective Date: July 18, 2014.

FOR FURTHER INFORMATION CONTACT: David Lindgren, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-3870.

SUPPLEMENTARY INFORMATION:

Background

On February 25, 2014, the Department published in the *Federal Register* the preliminary determination of sales at LTFV in the antidumping duty investigation of OCTG from Ukraine.¹ The following events occurred since the *Preliminary Determination* was issued. We issued supplemental sales and cost

questionnaires to Interpipe,² and received responses to these supplemental questionnaires in March 2014. Also, in May 2014, Interpipe submitted revised sales databases pursuant to the Department's requests.

On March 27, 2014, the petitioners³ requested that the Department hold a hearing in this investigation and, subsequently, on June 3, 2014, the petitioners withdrew their hearing request.⁴ Between March 24, and April 15, 2014, the Department conducted sales and cost verifications of Interpipe, in accordance with section 782(i) of the Act. On May 28, and June 4, 2014, the petitioners and Interpipe submitted case and rebuttal briefs, respectively.

The Department issued a draft suspension agreement on June 10, 2014 and received comments from interested parties on June 17, 2014. On July 1 and 3, 2014, we received requests from petitioners and Interpipe, respectively, requesting that we continue the investigation, should we enter into a suspension agreement. Subsequently, on July 10, 2014, the Department signed a suspension agreement with Interpipe (the Agreement).

Scope of the Investigation

The merchandise covered by this investigation is certain oil country tubular goods (OCTG), which are hollow steel products of circular cross-section, including oil well casing and tubing, of iron (other than cast iron) or steel (both carbon and alloy), whether seamless or welded, regardless of end finish (e.g., whether or not plain end, threaded, or threaded and coupled) whether or not conforming to American Petroleum Institute (API) or non-API specifications, whether finished (including limited service OCTG products) or unfinished (including green tubes and limited service OCTG products), whether or not thread

² The Department preliminarily determined that Interpipe Europe S.A.; Interpipe Ukraine LLC; PJSC Interpipe Nizhnedneprovsky Tube Rolling Plant (aka Interpipe NTRP); LLC Interpipe Niko Tube; North American Interpipe, Inc. (collectively, Interpipe) are affiliated and should be considered a single entity. For this final determination, we continue to find that these companies are affiliated. For a more detailed discussion on the Department's analysis regarding affiliation and treatment of Interpipe Europe S.A. and certain affiliated companies as a single entity, see *Preliminary Determination and accompanying Preliminary Determination Memorandum* at 5-8.

³ Boomerang Tube, Energex Tube, a division of JMC Steel Group, Maverick Tube Corporation, Northwest Pipe Company, Tejas Tubular Products, TMK IPSCO, United States Steel Corporation, Vallourec Star, L.P., and Welded Tube USA Inc. (collectively, the petitioners).

protectors are attached. The scope of the investigation also covers OCTG coupling stock. For a complete description of the scope of the investigation, see Appendix I to this notice.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs by parties in this investigation are addressed in the Issues and Decision Memorandum which is hereby adopted by this notice.⁵ A list of the issues raised is attached to this notice as Appendix II. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (IA ACCESS). IA ACCESS is available to registered users at <http://iaaccess.trade.gov> and it is available to all parties in the Central Records Unit, room 7046 of the main Department of Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn/>. The signed and electronic versions of the Issues and Decision Memorandum are identical in content.

Changes Since the Preliminary Determination

Based on our analysis of the comments received and our findings at verification, we made certain changes to the margin calculations. For a discussion of these changes, see the "Margin Calculations" section of the Issues and Decision Memorandum.

Verification

As provided in section 782(i) of the Act, in March and April, 2014, we verified the sales and cost information submitted by Interpipe for use in our final determination. We used standard verification procedures including an examination of relevant accounting and production records, and original source documents provided by Interpipe.⁶

⁵ See Memorandum to Ronald K. Lorentzen, Acting Assistant Secretary for Enforcement and Compliance from Christian Marsh, Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, "Issues and Decision Memorandum for the Final Affirmative Determination in the Less than Fair Value Investigation of Certain Oil Country Tubular Goods from Ukraine" (Issues and Decision Memorandum), which is dated concurrently with and hereby adopted by this notice.

⁶ See Memorandum to the File regarding "Verification of the Cost Response of Interpipe Limited in the Antidumping Duty Investigation of Oil Country Tubular Goods from Ukraine," dated May 8, 2014; see also Memorandum to the File regarding "Verification of the Sales Responses of Interpipe in the Antidumping Duty Investigation of Oil Country Tubular Goods from Ukraine," dated

Final Negative Determination of Critical Circumstances

In the *Preliminary Determination*, the Department found that there was no basis to believe or suspect the existence of critical circumstances with respect to imports of OCTG from Ukraine, in accordance with section 733(e)(1) of the Act and 19 CFR 351.206(c)(1).⁷ In accordance with section 735(a)(1)(3) of the Act, we continue to find that critical circumstances do not exist with respect to imports from Interpipe or all other producers or exporters of OCTG from Ukraine.⁸

Final Determination Margins

The weighted-average dumping margins are as follows:

Exporter or producer	Weighted-average dumping margin (percent)
Interpipe Europe S.A.; Interpipe Ukraine LLC; PJSC Interpipe Nizhnedneprovsky Tube Rolling Plant (aka Interpipe NTRP); LLC Interpipe Niko Tube	6.73
All Others	6.73

Section 735(c)(5)(A) of the Act provides that the estimated "all others" rate shall be an amount equal to the weighted average of the weighted-average dumping margins calculated for the producers or exporters individually examined, excluding rates that are zero, *de minimis* or determined entirely under section 776 of the Act. The "All Others" rate is based on the weighted-average dumping margin calculated for Interpipe, the sole mandatory respondent in the investigation.

Disclosure

We will disclose the calculations performed within five days of the date of publication of this notice to parties in this proceeding in accordance with 19 CFR 351.224(b).

Termination of Suspension of Liquidation

As noted above, on July 10, 2014, the Department signed a suspension agreement with Interpipe (the Agreement). Therefore, in accordance

May 19, 2014; Memorandum to the File regarding "Verification of the U.S. Sales Responses of Interpipe in the Antidumping Duty Investigation of Oil Country Tubular Goods from Ukraine," dated May 19, 2014.

⁷ See *Preliminary Determination*, 79 FR at 10483 and accompanying Preliminary Determination Memorandum at 16-18.

⁸ See Issues and Decision Memorandum at "Critical Circumstances."

with section 773(f)(2)(A) of the Act, we will instruct U.S. Customs and Border Protection to terminate the suspension of liquidation of all entries of OCTG from Ukraine. Any cash deposits of entries of OCTG from Ukraine shall be refunded. Pursuant to the requests for continuation discussed above, we have continued and completed the investigation in accordance with section 734(g) of the Act. We found the antidumping duty margins noted above in the "Final Determination Margins" section.

International Trade Commission Notification

In accordance with section 735(d) of the Act, we will notify the U.S. International Trade Commission (ITC) of our final determination. Because our final determination is affirmative, the ITC will, within 45 days, determine whether these imports are materially injuring, or threatening material injury to, the U.S. industry. If the ITC determines that material injury, or threat of material injury does not exist, the Agreement will have no force or effect, and the investigation shall be terminated.⁹ If the ITC determines that such injury does exist, the Agreement shall remain in force but the Department shall not issue an antidumping order so long as (1) the Agreement remains in force, (2) the Agreement continues to meet the requirements of subsections (d) and (l) of the Act, and (3) the parties to the Agreement carry out their obligations under the Agreement in accordance with its terms.¹⁰

Return or Destruction of Proprietary Information

This notice will serve as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of return/destruction or APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

We are issuing and publishing this determination and notice in accordance with sections 735(d) and 777(i) of the Act.

⁹ See section 734(f)(3)(A) of the Act.

¹⁰ See section 734(f)(3)(B) of the Act.

Dated: July 10, 2014.

Acting Assistant Secretary, for Enforcement and Compliance.

SUPPLEMENTARY INFORMATION:

Background

On February 25, 2014, the Department published the *Preliminary Determination* in the **Federal Register**.¹

¹ See *Certain Oil Country Tubular Goods From the Republic of Turkey: Preliminary Affirmative Determination of Sales at Less Than Fair Value, Negative Preliminary Determination of Critical Circumstances, and Postponement of Final Determination*, 79 FR 10484 (February 25, 2014)

In the *Preliminary Determination*, we postponed the final determination until no later than 135 days after the publication of the *Preliminary Determination* in accordance with section 735(a)(2)(A) of the Act and 19 CFR 351.210(b)(2)(ii) and (e) and invited parties to comment on our *Preliminary Determination*. We received case and rebuttal briefs from Maverick (one of the petitioners),² Çayirova Boru Sanayi ve Ticaret A.Ş. and Yücel Boru İthalat-Ihracat ve Pazarlama A.Ş. (collectively Yücel), and a rebuttal brief from Borusan Mannesmann Boru Sanayi ve Ticaret and Borusan Istikbal Ticaret (collectively Borusan) in May and June 2014. On June 13, 2014, we conducted a hearing in this investigation.

Period of Investigation

The period of investigation is July 1, 2012, through June 30, 2013.

Scope of the Investigation

The merchandise covered by the investigation is certain oil country tubular goods (OCTG), which are hollow steel products of circular cross-section, including oil well casing and tubing, of iron (other than cast iron) or steel (both carbon and alloy), whether seamless or welded, regardless of end finish (e.g., whether or not plain end, threaded, or threaded and coupled) whether or not conforming to American Petroleum Institute (API) or non-API specifications, whether finished (including limited service OCTG products) or unfinished (including green tubes and limited service OCTG products), whether or not thread protectors are attached. The scope of the investigation also covers OCTG coupling stock.

Excluded from the scope of the investigation are: Casing or tubing containing 10.5 percent or more by weight of chromium; drill pipe; unattached couplings; and unattached thread protectors.
