

Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35). The NRC hereby informs potential respondents that an agency may not conduct or sponsor, and that a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The NRC published a **Federal Register** notice with a 60-day comment period on this information collection on February 19, 2014.

1. *Type of submission, new, revision, or extension:* Revision.

2. *The title of the information collection:* 10 CFR Part 26, "Fitness-for-Duty Programs."

3. *Current OMB approval number:* 3150-0146.

4. *The form number if applicable:* Not applicable.

5. *How often the collection is required:* Annually and on occasion.

6. *Who will be required or asked to report:* (1) Licensees authorized to operate a nuclear power reactor; (2) licensees authorized to possess, use, or transport formula quantities of strategic special nuclear material (SSNM) under part 70 of Title 10 of the *Code of Federal Regulations* (10 FR); Corporations, firms, partnerships, limited liability companies, associations, or other organizations that obtain a certificate of compliance or an approved compliance plan under 10 CFR part 76, if the entity engages in activities involving formula quantities of SSNM; (3) combined license applicants (10 CFR part 52) who have been issued a limited work authorization (LWA, § 50.10(e)); combined license holders before the Commission has made the finding under of § 52.103(g); construction permit applicants who have been issued a LWA (§ 50.10) and construction permit holders (10 CFR part 50); and, early site permit holders who have been issued an LWA, all under specific circumstances; and, (4) contractor/vendors (C/V) who implement fitness-for-duty (FFD) programs or program elements, to the extent that licensees and other entities rely upon those C/V FFD programs or program elements to meet the requirements of this part.

7. *An estimate of the number of annual responses:* 411,209 (129 reporting responses + 411,015 third-party disclosure responses + 65 recordkeepers).

8. *The estimated number of annual respondents:* 98,630 respondents (30 drug and alcohol programs + 23 fatigue management programs + 12 HHS-certified laboratories + 98,565 third-party respondents).

9. *An estimate of the total number of hours needed annually to complete the requirement or request:* 623,943.1 hours

(6,165.0 hours reporting + 314,218.8 hours recordkeeping + 303,559.1 hours third-party disclosure).

10. *Abstract:* The NRC's regulations in 10 CFR part 26 prescribe requirements to establish, implement, and maintain FFD programs at affected licensees and other entities. The objectives of these requirements are to provide reasonable assurance that persons subject to the rule are trustworthy, reliable, and not under the influence of any substance, legal or illegal, or mentally or physically impaired from any cause, which in any way could adversely affect their ability to safely and competently perform their duties. These requirements also provide reasonable assurance that the effects of fatigue and degraded alertness on individual's abilities to safely and competently perform their duties are managed commensurate with maintaining public health and safety. The information collections required by part 26 are necessary to properly manage FFD programs and to enable effective and efficient regulatory oversight of affected licensees other entities. These licensees and other entities must perform certain tasks, maintain records, and submit reports to comply with part 26 drug and alcohol provisions and fatigue management requirements. These records and reports are necessary to enable regulatory inspection and evaluation of a licensee's or entity's compliance with the NRC's regulations, its FFD performance, and of any significant FFD-related event to help maintain public health and safety, promote the common defense and security, and protect the environment.

BILLING CODE 7590-01-P

NUCLEAR REGULATORY COMMISSION

[Docket No. NRC-2014-0130]

Agency Information Collection Activities: Proposed Collection; Comment Request

AGENCY: Nuclear Regulatory Commission.

ACTION: Notice of pending NRC action to submit an information collection request to the Office of Management and Budget (OMB) and solicitation of public comment.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) invites public comment about our intention to request the OMB's approval for renewal of an existing information collection that is summarized below. We are required to publish this notice in the **Federal Register** under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35).

Information pertaining to the requirement to be submitted:

1. *The title of the information collection:* 10 CFR part 74—Material Control and Accounting of Special Nuclear Material.

2. *Current OMB approval number:* 3150-0123.

3. *How often the collection is required:* Submission of fundamental material control plans is a one-time requirement which has been completed by all current licensees as required. However, licensees may submit amendments or revisions to the plans as necessary. In addition, specified inventory and material status reports are required annually or semi-annually. Other reports are submitted as events occur.

4. *Who is required or asked to report:* Persons licensed under part 70 of Title 10 of the *Code of Federal Regulations* (10 CFR), who possess and use certain forms and quantities of Special Nuclear Material (SNM).

5. *The number of annual respondents:* 18.

6. *The number of hours needed annually to complete the requirement or request:* The total number of annual burden hours is 9,914 hours (9,005 hours for recordkeeping and 909 hours for reporting).

7. *Abstract:* Part 74 establishes requirements for material control and accounting of SNM, and specific performance-based regulations for licensees authorized to possess, use, and produce strategic special nuclear material, and special nuclear material of moderate strategic significance and low strategic significance. The information is used by the NRC to make licensing and regulatory determinations concerning material accounting of special nuclear material and to satisfy obligations of the United States to the International Atomic Energy Agency. Submission or retention of the information is mandatory for persons subject to the requirements.

Submit, by September 19, 2014, comments that address the following questions:

1. Is the proposed collection of information necessary for the NRC to properly perform its functions? Does the information have practical utility?
2. Is the burden estimate accurate?
3. Is there a way to enhance the quality, utility, and clarity of the information to be collected?
4. How can the burden of the information collection be minimized, including the use of automated collection techniques or other forms of information technology?

NUCLEAR REGULATORY COMMISSION

[Docket No. NRC-2014-0027]

Agency Information Collection Activities: Submission for the Office of Management and Budget (OMB) Review; Comment Request

AGENCY: Nuclear Regulatory Commission.

ACTION: Notice of the OMB review of information collection and solicitation of public comment.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) has recently submitted to OMB for review the following proposal for the collection of information under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35). The NRC hereby informs potential respondents that an agency may not conduct or sponsor, and that a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The NRC published a **Federal Register** notice with a 60-day comment period on this information collection on April 14, 2014.

1. *Type of submission, new, revision, or extension:* Revision.

2. *The title of the information collection:* Design Information Questionnaire—International Atomic Energy Agency (IAEA) N-71 and Associated Forms N-72, N-73, N-74, N-75, N-76, N-77, N-91, N-92, N-93, N-94.

3. *Current OMB approval number:* 3150-0056.

4. *The form number if applicable:* IAEA Form N-71 (and the appropriate associated IAEA Form) or Form N-91, to

provide information concerning their installation for use by the IAEA.

5. *How often the collection is required:* It is estimated that this collection is required approximately 1 time per year.

6. *Who will be required or asked to report:* Licensees of facilities on the United States (U.S.) eligible list who have been notified in writing by the NRC to submit the form.

7. *An estimate of the number of annual responses:* 2.

8. *The estimated number of annual respondents:* 2.

9. *An estimate of the total number of hours needed annually to complete the requirement or request:* 360 reporting hours.

10. *Abstract:* In order for the U.S. to fulfill its responsibilities as a participant in the U.S./IAEA Safeguards Agreement, the NRC must collect information from licensees about their installations and provide it to the IAEA. Licensees of facilities that appear on the U.S. eligible list and have been notified in writing by the NRC are required to complete and submit a Design Information Questionnaire, IAEA Form N-71 (and the appropriate associated IAEA Form) or Form N-91, to provide information concerning their installation for use by the IAEA.
