In the example, Refiner A plans for delivery of 4,500 Mcf of its own In-Kind and auction helium and refining for Toller A, an additional 1,520 Mcf of Toller A’s In-Kind and auction helium. Refiner A also has 24,816 Mcf available for delivery of helium purchased at sale and a percentage of the amount of its PHSA stored volume (6,269 Mcf) available for delivery.

Refiner B plans for delivery of 2,200 Mcf of its own In-Kind and auction helium and refining for Toller B, an additional 266 Mcf of Toller B’s In-Kind, auction, and PHSA helium. Refiner B also has 21,056 Mcf available for delivery of helium purchased at sale and a percentage of the amount of its PHSA stored volume (7,164 Mcf) available for delivery.

Refiner A drew less than its allowance of helium acquired at sale by 106 Mcf. The overage will be deducted during the next calculation month. Toller A had its In-Kind and auction helium refined.

Refiner B drew less than its allowance of helium acquired at sale by 245 Mcf. The volume may still be available for delivery in the next calculation month, based upon the total demand and production capability for that month.

In cases where the volumes requested for the month exceed the BLM’s production capacity, the BLM may have to limit delivery to refiners. In those situations, any undelivered gas would remain in the refiners’ storage accounts.

In cases where tolling is not occurring and pipeline pressure is rising, the BLM would systematically reduce plant operations to lower levels and potentially re-inject helium or, in the extreme, cease plant production during a particular month.

**In-Kind Program**

4.01 What is the Federal In-Kind Program? Federal helium suppliers, Federal agencies, and grant recipients participating in the Federal In-Kind Program if you are a supplier of pure helium and have entered into contracts to supply helium to the Federal Government, you are a Federal agency requesting helium deliveries, or you are a Federal end user with a per location local volume of 200 Mcf per year and wish to participate in the In-Kind program. Potential Federal end users/ Federal grant recipients and universities are encouraged to register with the BLM at the provided Web page link: [http://www.blm.gov/nm/heliumops](http://www.blm.gov/nm/heliumops).

**Authority:** The Helium Stewardship Act of 2013, Public Law No. 113–40, codified to various sections in 50 U.S.C. 167–167q.
