2. Cost Sharing or Matching: Cost sharing of at least 10 percent of the total cost of the project is required of grantees under the Rehabilitation Long-Term Training program. Note: Under 34 CFR 75.562(c), an indirect cost reimbursement on a training grant is limited to the recipient’s actual indirect costs, as determined by its negotiated indirect cost rate agreement, or eight percent of a modified total direct cost base, whichever amount is less. Indirect costs in excess of the limit may not be charged directly, used to satisfy matching or cost-sharing requirements, or charged to another Federal award.

2. Content and Form of Application Submission: Requirements concerning the content of an application, together with the forms you must submit, are in the application package for this competition.

   Page Limit: The application narrative (Part III of the application) is where you, the applicant, address the selection criteria that reviewers use to evaluate your application. You must limit the application narrative to the equivalent of no more than 45 pages, using the following standards:
Applications for grants under this competition must be submitted electronically unless you qualify for an exception to the electronic submission requirement in accordance with the instructions in this section.

a. Electronic Submission of Applications.

Applications for grants under the Rehabilitation Training: Rehabilitation Long-Term Training—Rehabilitation Specialty Areas competition, CFDA numbers 84.129F, H, P, and Q, must be submitted electronically using the Governmentwide Grants.gov Apply site at www.Grants.gov. Through this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit your application. You may not email an electronic copy of a grant application to us.

We will reject your application if you submit it in paper format unless, as described elsewhere in this section, you qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions.

Further information regarding calculation of the date that is two weeks before the application deadline date is provided later in this section under Exception to Electronic Submission Requirement.
You may access the electronic grant application for the Rehabilitation Training: Rehabilitation Long-Term Training Program—Rehabilitation Specially Areas competition at www.Grants.gov. You must search for the downloadable application package for this competition by the CFDA number. Do not include the CFDA number’s alpha suffix in your search (e.g., search for 84.129, not 84.129F, H, P, or Q).

Please note the following:
• When you enter the Grants.gov site, you will find information about submitting an application electronically through the site, as well as the hours of operation.
• Applications received by Grants.gov are date and time stamped. Your application must be fully uploaded and submitted and must be date and time stamped by the Grants.gov system no later than 4:30:00 p.m., Washington, DC time, on the application deadline date. Except as otherwise noted in this section, we will not accept your application if it is received—that is, date and time stamped by the Grants.gov system—after 4:30:00 p.m., Washington, DC time, on the application deadline date. We do not consider an application that does not comply with the deadline requirements. When we retrieve your application from Grants.gov, we will notify you if we are rejecting your application because it was date and time stamped by the Grants.gov system after 4:30:00 p.m., Washington, DC time, on the application deadline date.
• The amount of time it can take to upload an application will vary depending on a variety of factors, including the size of the application and the speed of your Internet connection. Therefore, we strongly recommend that you do not wait until the application deadline date to begin the submission process through Grants.gov.
• You should review and follow the Education Submission Procedures for submitting an application through Grants.gov that are included in the application package for this competition to ensure that you submit your application in a timely manner to the Grants.gov system. You can also find the Education Submission Procedures pertaining to Grants.gov under News and Events on the Department’s G5 system home page at www.G5.gov.
• You will not receive additional point value because you submit your application in electronic format, nor will we penalize you if you qualify for an exception to the electronic submission requirement, as described elsewhere in this section, and submit your application in paper format.
• You must submit all documents electronically, including all information you typically provide on the following forms: The Application for Federal Assistance (SF 424), the Department of Education Supplemental Information for SF 424, Budget Information—Non-Construction Programs (ED 524), and all necessary assurances and certifications.
• You must upload any narrative sections and all other attachments to your application as files in a PDF (Portable Document) read-only, non-modifiable format. Do not upload an interactive or fillable PDF file. If you upload a file type other than a read-only, non-modifiable PDF or submit a password-protected file, we will not review that material.
• Your electronic application must comply with any page-limit requirements described in this notice.
• After you electronically submit your application, you will receive from Grants.gov an automatic notification of receipt that contains a Grants.gov tracking number. (This notification indicates receipt by Grants.gov only, not receipt by the Department.) The Department then will retrieve your application from Grants.gov and send a second notification to you by email. This second notification indicates that the Department has received your application and has assigned your application a PR/Award number (an ED-specified identifying number unique to your application).
• We may request that you provide us original signatures on forms at a later date.

Application Deadline Date Extension in Case of Technical Issues with the Grants.gov System: If you are experiencing problems submitting your application through Grants.gov, please contact the Grants.gov Support Desk, toll free, at 1–800–518–4726. You must obtain a Grants.gov Support Desk Case Number and must keep a record of it.

If you are prevented from electronically submitting your application on the application deadline date because of technical problems with the Grants.gov system, we will grant you an extension until 4:30:00 p.m., Washington, DC time, the following business day to enable you to transmit your application electronically or by hand delivery. You also may mail your application by following the mailing instructions described elsewhere in this notice.

If you submit an application after 4:30:00 p.m., Washington, DC time, on the application deadline date, please contact the Grants.gov Support Desk Case Number. We will accept your application if we can confirm that a technical problem occurred with the Grants.gov system and that the problem affected your ability to submit your application by 4:30:00 p.m., Washington, DC time, on the application deadline date. The Department will contact you after a determination is made on whether your application will be accepted.

Note: The extensions to which we refer in this section apply only to the unavailability of, or technical problems with, the Grants.gov system. We will not grant you an extension if you failed to fully register to submit your application to Grants.gov before the application deadline date and time or if the technical problem you experienced is unrelated to the Grants.gov system.

Exception to Electronic Submission Requirement: You qualify for an exception to the electronic submission requirement, and may submit your application in paper format, if you are unable to submit an application through the Grants.gov system because—
• You do not have access to the Internet; or
• You do not have the capacity to upload large documents to the Grants.gov system; and
• No later than two weeks before the application deadline date (14 calendar days or, if the fourteenth calendar day before the application deadline date falls on a Federal holiday, the next business day following the Federal holiday), you mail or fax a written statement to the Department, explaining which of the two grounds for an exception prevents you from using the Internet to submit your application.

If you mail your written statement to the Department, it must be postmarked no later than two weeks before the application deadline date. If you fax your written statement to the Department, we must receive the faxed statement no later than two weeks before the application deadline date.

Your paper application must be submitted in accordance with the mail or hand delivery instructions described in this notice.

(2) A mail receipt that is not dated by the U.S. Postal Service. If your application is postmarked after the application deadline date, we will not consider your application.

Note: The U.S. Postal Service does not uniformly provide a dated postmark. Before relying on this method, you should check with your local post office.

c. Submission of Paper Applications by Hand Delivery. If you qualify for an exception to the electronic submission requirement, you (or a courier service) may deliver your paper application to the Department by hand. You must deliver the original and two copies of your application by hand, on or before the application deadline date, to the Department at the following address: U.S. Department of Education, Application Control Center, Attention: (CFDA Number 84.129F, H, P, or Q), 550 12th Street SW., Room 7039, Potomac Center Plaza, Washington, DC 20202–4260.

V. Application Review Information

1. Selection Criteria: The selection criteria for this competition are from 34 CFR 75.210 and 34 CFR 386.20 and are listed in the application package.

2. Review and Selection Process: We remind potential applicants that in reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d)(3), the past performance of the applicant in carrying out a previous award, such as the applicant’s use of funds, achievement of project objectives, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary also requires various assurances including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department of Education (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

3. Special Conditions: Under 34 CFR 74.14 and 80.12, the Secretary may impose special conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 34 CFR parts 74 or 80, as applicable; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

VI. Award Administration Information

1. Award Notices: If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN); or we may send you an email containing a link to access an electronic version of your GAN. We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. Administrative and National Policy Requirements: We identify administrative and national policy requirements in the application package and reference these and other requirements in the Applicable Regulations section of this notice. We refer to the sections outlining the terms and conditions of an award in the Applicable Regulations section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. Reporting: (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

4. Performance Measures: The Government Performance and Results Act of 1993 (GPRA) directs Federal departments and agencies to improve the effectiveness of programs by engaging in strategic planning, setting outcome-related goals for programs, and measuring program results against those goals.

The goal of RSA’s Rehabilitation Training: Rehabilitation Long-Term Training—Rehabilitation Specialty Areas program is to increase the number of qualified vocational rehabilitation (VR) personnel, including counselors and other professional staff, working in State VR or related agencies. At least 75 percent of all grant funds must be used for direct payment of student scholarships.

Grantees are required to maintain a system that safeguards the privacy of current and former scholars from the time they are enrolled in the program until they successfully meet their service obligation through qualified employment or monetary repayment. This system must ensure that scholars sign a payback agreement and an exit form when they exit the program, regardless of whether they drop out, are removed, or successfully complete the program. Specifically, each grantee is required to maintain the following scholar information:

(a) Current contact information for all students receiving scholarships, including home address, email, and a phone number (home or cell);
(b) A point of contact for each scholar in the event that the grantee is unable to contact the student. This contact must be at least 21 years of age and may be a parent, relative, spouse, partner, sibling, or guardian;
(c) Cumulative financial support granted to scholars;
(d) Scholar debt in years;
(e) Program completion date and reason for exit for each scholar;
(f) Annual documentation from the scholar’s employer(s) until the scholar completes the service obligation. This documentation must include the following elements in order to verify qualified employment: start date of employment to the present date, confirmation of full-time or part-time employment (if the scholar is working part-time the number of hours per week must be included in the documentation), type of employment, and a description of the roles and responsibilities performed on the job. This information is required for each employer if the scholar has worked in more than one setting in order to meet the service obligation.
If the scholar is employed in a related agency, the agency must also provide documentation to validate that there is a relationship with the State VR agency. This may be a formal or informal contract, cooperative agreement, memorandum of understanding, or related document;
(g) Annual documentation from the scholar’s institution of higher education to verify dates of deferral, if applicable. The documentation may be prepared by the scholar’s advisor or department chair and must include: Confirmation of enrollment date, estimated graduation date, confirmation that the scholar is enrolled in a full-time course of study, and confirmation of the scholar’s intent to fulfill the service obligation upon completion of the program.
Grantees are required to report annually to RSA on the data elements described above using the RSA Grantee Reporting Form, OMB number 1820–0617, an electronic reporting system supported by the RSA Management Information System. In addition, grantees are required to utilize all forms required by RSA to prepare and process repayment, as well as requests for deferral and exceptions. The RSA Grantee Reporting Form collects specific data, including the number of scholars entering the rehabilitation workforce, the rehabilitation field each scholar enters, and the type of employment setting each scholar chooses (e.g., State VR agency, nonprofit service provider, or professional practice group). This form allows RSA to measure results against the goal of increasing the number of qualified VR personnel working in State VR and related agencies. In addition, all Rehabilitation Long-Term Training—Rehabilitation Specialty Areas grantees must submit the following quantitative and qualitative data in an annual performance report:
(a) Program activities that occurred during each fiscal year from October 1 to March 31 and projected program activities to occur from April 1 to September 30. For subsequent reporting years, grantees confirm projections made from the prior year;
(b) Summary of academic support and counseling provided to scholars to ensure successful completion;
(c) Summary of career counseling provided to scholars upon program completion to ensure that they have support during their search for qualifying employment, as well as during their initial months of their employment. This may include, but is not limited to, informing scholars of professional contacts, networks, and job leads, matching scholars with mentors in the field, and connecting scholars to other necessary resources and information;
(d) Summary of partnership and coordination activities with State VR agencies and community-based rehabilitation providers. This may include, but is not limited to, obtaining input and feedback regarding curricula from State VR agencies and community-based rehabilitation providers; organizing internships, practicum agreements, job shadowing, and mentoring opportunities; and assessing scholars at the work site;
(e) Assistance provided to scholars who may not be meeting academic standards or who are performing poorly in a practicum or internship setting;
(f) Results of the program evaluation, as well as information describing how these results will be used to make necessary adjustments and improvements to the program;
(g) Results from scholar internship, practicum, job shadowing, or mentoring assessments, as well as information describing how these results will be used to ensure that future scholars receive all necessary preparation and training prior to program completion;
(h) Results from scholar evaluations and information describing how these results will be used to ensure that future scholars will be proficient in meeting the needs and demands of today’s consumers and employers;
(i) Number of scholars who began an internship during the reporting period;
(j) Number of scholars who completed an internship during the reporting period;
(k) Number of scholars who dropped out or were dismissed from the program during the reporting period;
(l) Number of scholars receiving RSA scholarships during the reporting period;
(m) Number of scholars who graduated from the program during the reporting period;
(n) Number of scholars who obtained qualifying employment during the reporting period;
(o) Number of vacancies filled in the State VR agency with qualified counselors from the program during the reporting period;
(p) A budget and narrative detailing expenditures covering the period of October 1 through March 31 and projected expenditures from April 1 through September 30. The budget narrative must also verify progress towards meeting the 10 percent match requirement. For subsequent reporting years, grantees will confirm projections made from the prior year; and
(q) Other information, as requested by RSA, in order to verify substantial progress and effectively report program impact to Congress and key stakeholders.
5. Continuation Awards: In making a continuation award, the Secretary may consider, under 34 CFR 75.253, the extent to which a grantee has made “substantial progress toward meeting the objectives in its approved application.” This consideration includes the review of a grantee’s progress in meeting the targets and projected outcomes in its approved application, and whether the grantee has expended funds in a manner that is consistent with its approved application and budget. In making a continuation grant, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).
