Patient Protection and Affordable Care Act; Exchange and Insurance Market Standards for 2015 and Beyond; Correction

AGENCY: Department of Health and Human Services.

ACTION: Final rule; correction.

SUMMARY: This document corrects technical and typographical errors that appeared in the final rule, published in the **Federal Register** on May 27, 2014, entitled "Patient Protection and Affordable Care Act; Exchange and Insurance Market Standards for 2015 and Beyond."

DATES: These corrections are effective on July 28, 2014.

FOR FURTHER INFORMATION CONTACT: Jacob Ackerman, (301) 492-4179.

SUPPLEMENTARY INFORMATION:

I. Background

In FR Doc. 2014-11657 of May 27, 2014, (79 FR 30240) there were technical and typographical errors that are identified and corrected in the "Correction of Errors" section below. The provisions in this correcting document are effective as if they had

been included in the document published on May 27, 2014. Accordingly, the corrections are effective on July 28, 2014.

II. Summary of Errors

A. Error in the Preamble

On page 30323, in the preamble discussion of changes to § 155.420, the text incorrectly states that the regulation “Adds that consumers may report a move in advance of the date of the move.” We are removing this statement because it is inconsistent with the regulations text at § 155.420.

B. Errors in the Regulations Text

On page 30340, at § 147.106(f)(2), we inadvertently direct issuers in the small group market to provide written notice of renewal to each plan sponsor or individual, as applicable. We are correcting this typographical error by removing the words “or individual, as applicable,” to be consistent with preamble text (which explicitly states that the renewal notice, unlike the discontinuation notice, is not required to be provided to participants, beneficiaries, or enrollees) and to accurately communicate this standard.

On page 30341, at § 148.122(g)(3)(v), we state that “The product provides the same covered benefits, except for any changes in benefits that cumulatively impact rate for any plan within the product within an allowable variation of +/- 2 percentage points (not including changes pursuant to applicable Federal or State requirements).” We inadvertently omitted the article “the” before the word “rate” and are adding it to be grammatically correct.

On page 30344, in the amendatory instructions for number 26 (making amendments to § 155.210), we added paragraphs (e)(6) and (7); however, we inadvertently did not include instructions that would preserve the list structure of the paragraphs under § 155.210(e). We are correcting this oversight. Specifically, we are removing the “and” at the end of (e)(4) and changing the period at the end of (e)(5) to a semicolon.

On page 30344, at § 155.210(d)(6), and on page 30346, at § 155.225(g)(4), we state that gifts, gift cards, or cash “may exceed nominal value for the purpose of providing reimbursement for legitimate expenses incurred by a consumer in effort to receive Exchange application assistance[.]” We are correcting this typographical error to state “in an effort” to be grammatically correct.

On page 30344, at § 155.210(d)(8), we made a typographical error and excluded a semicolon from the sentence

which ends with “including calling a consumer or.” We are adding a semicolon between the words “consumer” and “or” to be grammatically correct and to clarify that the list in § 155.210(d) does not end at paragraph (d)(8), but rather extends through paragraph (d)(9).

On page 30344, at § 155.210(e)(2), and on page 30345, at § 155.225(c)(1), we inadvertently left out a colon after the word “includes” and are adding it to make clear that what follows is a list, consistent with the preamble discussion of the provisions at page 30276.

On page 30344, at § 155.210(e)(6)(iii), we inadvertently ended this paragraph with a period. We are replacing the period with “; and” to be grammatically correct and to clarify that the list in § 155.210(e) does not end at paragraph (e)(6)(iii), but rather extends through paragraph (e)(7).

On page 30345, at § 155.225(d)(8)(iv), we incorrectly referred to the certified application counselor program as the “certified application program”. We are correcting this inadvertent error.

On page 30346, at § 155.225(g)(4), we inadvertently ended this paragraph with a period. We are replacing the period with a semicolon to be grammatically correct and to clarify that the list in § 155.225(g) does not end at paragraph (g)(4), but rather extends through paragraph (g)(6).

On page 30348, at § 155.420(b)(2)(iv), we establish coverage effective dates for plan selections made during a special enrollment period. The regulations text states that the coverage effective date will either be “in accordance with paragraph (b)(1) of the section or on the first day of the month following plan selection in accordance with paragraph (b)(2) of the section, at the option of the Exchange.” Since the provision is codified in paragraph (b)(2), the phrase “in accordance with paragraph (b)(2) of this section” is not necessary and is removed. Additionally, the amendatory instruction incorrectly refers to revising paragraphs “(b)(2)(i) through (b)(2)(iii),” which does not account for the addition of paragraph (b)(2)(iv). Therefore, we are also correcting the amendatory instructions to specify that we are revising “paragraph (b)(2)” not “(b)(2)(i) through (iii).”

On page 30350, at § 155.725(c), we describe the annual employer election periods in SHOP. We are correcting the incorrect placement of a comma in § 155.725(c)(1) to read, “Notwithstanding any other paragraph in this section, for coverage beginning in 2015 in a Federally-facilitated SHOP, a qualified employer’s annual election period may begin no sooner than

November 15, 2014.” This was a typographical error.

III. Waiver of Proposed Rulemaking

We ordinarily publish a notice of proposed rulemaking in the **Federal Register** to provide a period for public comment before the provisions of a rule take effect, in accordance with section 553(b) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)), and section 553(d) of the APA ordinarily requires a 30-day delay in the effective date of final rules after the date of their publication in the **Federal Register**. These requirements may be waived if an agency finds for good cause that the delay is impracticable, unnecessary, or contrary to the public interest, and the agency incorporates a statement of the findings and its reasons in the rule issued.

This correcting document merely corrects technical and typographical errors in the “Exchange and Insurance Market Standards for 2015 and Beyond” final rule that was published on May 27, 2014 and becomes effective on July 28, 2014, except for amendments to 45 CFR 155.705, which became effective on May 27, 2014. The changes are not substantive. Therefore, we believe that undertaking further notice and comment procedures to incorporate these corrections and delaying the effective date of these changes is unnecessary. In addition, we believe it is important for the public to have the correct information as soon as possible, and believe it is contrary to the public interest to delay the dissemination of it. For the reasons stated above, we find there is good cause to waive notice and comment procedures and the 30-day delay in the effective date for this correcting document.

BILLING CODE 4120–01–P

FEDERAL MARITIME COMMISSION**46 CFR Part 515**

[Docket No. 14–08]

RIN 3072–AC56

Procedure for Public Notification of Ocean Transportation Intermediary Licensing Activity

AGENCY: Federal Maritime Commission.

ACTION: Direct final rule; and request for comments.

SUMMARY: The Federal Maritime Commission (FMC or Commission) amends its regulations concerning licensing, financial responsibility requirements, and general duties for Ocean Transportation Intermediaries (OTIs) to update its business processes for providing public notification of OTI license applications, revocations and suspensions.

DATES: This rule is effective on September 22, 2014 without further action, unless significant adverse comment is received by August 22, 2014. If significant adverse comment is received, the Federal Maritime Commission will publish a timely withdrawal of the rule in the **Federal Register**.

ADDRESSES: Submit comments to: Karen V. Gregory, Secretary, Federal Maritime Commission, 800 North Capitol Street NW., Washington, DC 20573–0001 or email non-confidential comments to: Secretary@fmc.gov (email comments as attachments preferably in Microsoft Word or PDF).

FOR FURTHER INFORMATION CONTACT: Karen V. Gregory, Secretary, Federal Maritime Commission, 800 N. Capitol Street NW., Washington, DC 20573–0001, (202) 523–5725, Fax (202) 523–0014, Email: Secretary@fmc.gov.

SUPPLEMENTARY INFORMATION: Section 19(c) of the Shipping Act, 46 U.S.C. 40903, requires that notice be provided prior to suspension or revocation of an OTI license. The Administrative Procedure Act (APA), 5 U.S.C. 558, provides that an agency must, when acting to withdraw, or annul a license required by law, provide notice in writing of (1) the facts or conduct warranting the action, and (2) opportunity for the licensee to

demonstrate compliance with the law. However, neither the APA, nor the Freedom of Information Act, 5 U.S.C. 552(a)(1)(A), specifies that notice must be published in the **Federal Register**. Nonetheless, current Commission rules require **Federal Register** notice for both OTI license applications, 46 CFR 515.12, and revocation or suspension of OTI licenses, 46 CFR 515.16.

In order to simplify the Commission’s business processes, reduce administrative costs, and provide more timely public notification, the Commission amends its regulations to change the method by which it provides notice of OTI licensing matters by publishing this information on the FMC’s public Web site instead of publication in the **Federal Register**. Based on applicable laws, there is no requirement that **Federal Register** publication must occur to meet the notice requirement for OTI licensing matters.

This rule relates to internal agency management. Therefore, pursuant to 5 U.S.C. 553, notice and comment are not required and this rule may become effective after publication in the **Federal Register**. In a direct final rulemaking, an agency publishes a direct final rule in the **Federal Register** along with a statement that the rule will become effective unless the agency receives significant adverse comment within a specified period. The Commission is using a direct final rule for this rulemaking because it expects this regulation to be noncontroversial and because it simplifies the Commission’s internal procedures. The Commission recognizes that parties may have information that could impact the Commission’s views and intentions with respect to the proposed internal procedures, and the Commission intends to consider any comments filed. The Commission will withdraw the rule if it receives significant adverse comment. If no significant adverse comment is received, the rule will become effective without additional action.

This direct final rule is not a “major rule” under 5 U.S.C. 804(2). Because no notice of proposed rulemaking is required, the provisions of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, do not apply.

Finally, the Commission has determined that this regulation imposes no new recordkeeping, reporting, or disclosure requirements on members of the public, which would constitute collections of information requiring approval by the Office of Management and Budget under the Paperwork Reduction Act, 44 U.S.C 3501, *et seq.*
