Title of Collection: DC School Choice Incentive Program.

OMB Control Number: 1855-0015.

Type of Review: An extension of an existing information collection.

Respondents/Affected Public: Individuals or households.

Total Estimated Number of Annual Responses: 3,000.

Abstract: The DC School Choice Incentive Program, authorized by the Consolidated Appropriations Act of 2004, awarded a grant to the DC Children and Youth Investment Trust Corporation that will administer scholarships to students who reside in the District of Columbia and come from households whose incomes do not exceed 185% of the poverty line. Priority is given to students who are currently attending schools in need of

improvement, as defined by Title I. To assist in the student selection and assignment process, the information to be collected will be used to determine the eligibility of those students who are interested in the available scholarships. Also, since the authorizing statute requires an evaluation we are proposing to collect certain family demographic information because they are important predictors of school success. Finally, we are asking to collect information about parental participation and satisfaction because these are key topics that the statute requires the evaluation to address.

Acting Director, Information Collection Clearance Division, Privacy, Information and Records Management Services, Office of Management.
