General information concerning the Commission may also be obtained by accessing its Internet server at United States International Trade Commission (USITC) at USITC.² The public record for this investigation may be viewed on the Commission's Electronic Document Information System (EDIS) at EDIS.³ Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on (202) 205-1810.

SUPPLEMENTARY INFORMATION: The Commission has received a complaint and a submission pursuant to section 210.8(b) of the Commission's Rules of Practice and Procedure filed on behalf of Bose Corporation on July 25, 2014. The complaint alleges violations of section 337 of the Tariff Act of 1930 (19 U.S.C. 1337) in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain noise cancelling headphones and components thereof. The complaint names as respondents Beats Electronics, LLC of Culver City, CA; Beats Electronics International Ltd. of Ireland; Fugang Electronic (Dong Guan) Co., Ltd. of China and PCH International Ltd. of Ireland. The complainant requests that the Commission issue a permanent limited exclusion order, permanent cease and desist orders, and a bond upon respondents' alleged infringing articles during the 60-day Presidential review period pursuant to 19 U.S.C. 1337(j).

Proposed respondents, other interested parties, and members of the public are invited to file comments, not to exceed five (5) pages in length, inclusive of attachments, on any public interest issues raised by the complaint or section 210.8(b) filing. Comments should address whether issuance of the relief specifically requested by the complainant in this investigation would affect the public health and welfare in the United States, competitive conditions in the United States economy, the production of like or directly competitive articles in the United States, or United States consumers.

In particular, the Commission is interested in comments that:

(i) Explain how the articles potentially subject to the requested remedial orders are used in the United States;

(ii) identify any public health, safety, or welfare concerns in the United States relating to the requested remedial orders;

(iii) identify like or directly competitive articles that complainant, its licensees, or third parties make in the United States which could replace the subject articles if they were to be excluded;

(iv) indicate whether complainant, complainant's licensees, and/or third party suppliers have the capacity to replace the volume of articles potentially subject to the requested exclusion order and/or a cease and desist order within a commercially reasonable time; and

(v) explain how the requested remedial orders would impact United States consumers.

Written submissions must be filed no later than by close of business, eight calendar days after the date of publication of this notice in the **Federal Register**. There will be further opportunities for comment on the public interest after the issuance of any final initial determination in this investigation.

Persons filing written submissions must file the original document electronically on or before the deadlines stated above and submit 8 true paper copies to the Office of the Secretary by noon the next day pursuant to section 210.4(f) of the Commission's Rules of Practice and Procedure (19 CFR 210.4(f)). Submissions should refer to the docket number ("Docket No. 3024") in a prominent place on the cover page and/or the first page. (See Handbook for Electronic Filing Procedures, *Electronic Filing Procedures*.)⁴ Persons with questions regarding filing should contact the Secretary (202-205-2000).

Any person desiring to submit a document to the Commission in confidence must request confidential treatment. All such requests should be directed to the Secretary to the Commission and must include a full statement of the reasons why the Commission should grant such treatment. See 19 CFR 201.6. Documents for which confidential treatment by the Commission is properly sought will be treated accordingly. All nonconfidential written submissions will be available for

public inspection at the Office of the Secretary and on EDIS.⁵

This action is taken under the authority of section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and of sections 201.10 and 210.8(c) of the Commission's Rules of Practice and Procedure (19 CFR 201.10, 210.8(c)).

By order of the Commission.

Issued: July 25, 2014.

Lisa R. Barton,

Secretary to the Commission.

DEPARTMENT OF JUSTICE

Notice of Lodging of Proposed Consent Decree Under the Clean Water Act

On July 28, 2014, the Department of Justice lodged a proposed Consent Decree with the United States District Court for the Northern District of California in the lawsuit entitled *United States of America et al. v. East Bay Municipal Utility District et al.*, Consolidated Civil Action Nos. C 09-00186 and 09-05684.

The United States of America and the People of the State of California ex rel. California State Water Resources Control Board and California Regional Water Quality Control Board, San Francisco Bay Region (together "Water Boards"), and Plaintiff-Intervenors San Francisco Baykeeper ("Baykeeper") and Our Children's Earth Foundation ("Our Children's Earth"), brought claims under Sections 301 and 402 of the Clean Water Act, 33 U.S.C. § 1251, *et seq.*, against East Bay Municipal Utility District ("EBMUD") and seven municipal defendants, including the City of Alameda, the City of Albany, the City of Berkeley, the City of Emeryville, the City of Oakland, the City of Piedmont and the Stege Sanitary District (together "Satellite Communities").

The United States, the Water Boards, Baykeeper and Our Children's Earth allege that (1) EBMUD is in violation of the Clean Water Act and its National Pollutant Discharge Elimination System ("NPDES") permit because it discharges from three wet weather facilities that have been prohibited since 2009; (2) the Satellite Communities are in violation of the Act and the operation and maintenance provisions of their NPDES permits because they contribute excessive flow to collection and treatment systems owned and operated by EBMUD, which causes EBMUD to

discharge from the wet weather facilities; and (3) all defendants are in violation of the Clean Water Act and their NPDES permits because they have unlawful sanitary sewer overflows (“SSOs”) during wet weather.

The proposed Consent Decree implements a regional asset management program that puts the defendants on a path to eliminate prohibited wet weather facility discharges by December 31, 2035, and to control SSOs within ten years of Decree entry. Among other things, the defendants will rehabilitate and clean sanitary sewer infrastructure, identify and eliminate sources of inflow and rapid infiltration to the sewer systems, and continue to require repair or replacement of private sewer laterals under local and regional ordinances.

In addition, each defendant will pay a civil penalty for its past violations, for a total of \$1,563,556 in civil penalties. EBMUD will pay \$201,600; the City of Alameda will pay \$111,150; the City of Albany will pay \$42,038; the City of Berkeley will pay \$267,000; the City of Emeryville will pay \$1,870; the City of Oakland will pay \$850,000; the City of Piedmont will pay \$41,038; and the Stege Sanitary District will pay \$48,860.

The proposed Consent Decree replaces a January 2009 interim settlement with EBMUD and a March 2011 interim settlement with the Satellite Communities.

The publication of this notice opens a period for public comment on the proposed Consent Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States of America et al. v. NUCLEAR REGULATORY COMMISSION

[Docket Nos. 50–250 and 50–251; NRC–2014–0181]

Florida Power & Light Company; Turkey Point Nuclear Generating Unit Nos. 3 and 4

AGENCY: Nuclear Regulatory Commission.

ACTION: Environmental assessment and final finding of no significant impact; issuance.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) is considering issuance of amendments to Renewed Facility Operating License Nos. DPR–31 and DPR–41 issued to Florida Power & Light Company (FPL, the licensee) for operation of Turkey Point Nuclear Generating Unit Nos. 3 and 4 (Turkey Point) located in Homestead, Miami-Dade County, Florida. The proposed amendments would increase the ultimate heat sink (UHS) water temperature limit specified in the Turkey Point Technical Specifications (TSs) from 100 degrees Fahrenheit (°F) to 104 °F and add a surveillance requirement to monitor the UHS temperature more frequently if the UHS temperature approaches the new limit. The NRC did not identify any significant environmental impacts associated with the proposed license amendments based on its evaluation of the information provided in the licensee’s application and other available information. Accordingly, the NRC has prepared this Environmental Assessment (EA) and Final Finding of No Significant Impact (FONSI) for the proposed license amendments.
