

1217:2009⁵ and ISO 5389:2005,⁶ which address the testing of displacement and turbo compressors, respectively, would be appropriate for rating gas compressors. DOE also requests information on other applicable test procedures it should consider along with any deficiencies or issues that would need to be addressed prior to adopting a regulation mandating a particular test procedure.

(8) DOE requests feedback regarding any safety issues, regulations, codes, or standards (e.g., National Fire Protection Association requirements) that must be considered in the manufacture, testing, and use of gas compressors.

(9) DOE seeks information on any voluntary efforts by manufacturers that are already in place to improve the energy efficiency of gas compressors and what type of future voluntary efforts to improve efficiency, if any, are likely to occur in the near future.

(10) DOE seeks information regarding whether there are particular characteristics that would readily distinguish an “air compressor” from a “gas compressor” and whether those characteristics play any role with respect to the energy efficiency performance of these two categories of compressors.

(11) DOE requests comment on the market for natural gas compressors, and how they are marketed, sold, shipped, and assembled.

III. Public Participation

DOE invites all interested parties to submit in writing by the date specified previously in the DATES section of this RFI, comments and information on matters addressed in this notice and on other matters relevant to DOE’s consideration of gas compressors.

DOE considers public participation to be a very important part of the process for developing test procedures. DOE actively encourages the participation and interaction of the public during the comment period at each stage of the rulemaking process. Interactions with and between members of the public provide a balanced discussion of the issues and assist DOE in the rulemaking process. Anyone who wishes to be added to the DOE mailing list to receive future notices and information about this rulemaking should contact Ms. Brenda Edwards at (202) 586–2945, or

BILLING CODE 6450–01–P

FEDERAL DEPOSIT INSURANCE CORPORATION

12 CFR Part 390

RIN 3064–AE17

Transferred OTS Regulations Regarding Possession by Conservators and Receivers for Federal and State Savings Associations.

AGENCY: Federal Deposit Insurance Corporation.

ACTION: Notice of proposed rulemaking.

SUMMARY: On July 21, 2014, the Federal Deposit Insurance Corporation (FDIC) caused a document entitled “Transferred OTS Regulations Regarding Possession by Conservators and Receivers for Federal and State Savings Associations” to be published in the **Federal Register**. The effect of this publication was to give notice of a proposed rulemaking to rescind and remove regulations regarding possession by conservators and receivers for federal and state savings associations, which are no longer necessary in light of or contradict provisions of the Federal Deposit Insurance Act and are not in accordance with FDIC practice and procedures.

It has come to the attention of FDIC that the document submitted to the **Federal Register** was an early draft of the notice and not the final version approved by FDIC Board of Directors. FDIC is, therefore, withdrawing the document published July 21, 2014, and publishing the correct version elsewhere in the **Federal Register** today.

DATES: The notice of proposed rulemaking published on July 21, 2014 at 79 FR 42235 is withdrawn as of July 29, 2014.

FOR FURTHER INFORMATION CONTACT: Frank C. Campagna, Associate Director, Receivership Operations, Division of Resolutions and Receiverships (972) 761–8025 or FrCampagna@FDIC.gov; Manuel E. Cabeza, Counsel, Legal Division (703) 562–2434 or mcabeza@fdic.gov; or Shane Kiernan, Counsel, Legal Division (703) 562–2632 or skiernan@fdic.gov.

SUPPLEMENTARY INFORMATION: Section 316(b)(3) of the Dodd-Frank Act¹ provides that the former OTS’s regulations will continue in effect until they are modified, terminated, set aside, or superseded in accordance with applicable law. After careful review of subpart N of part 390, the FDIC proposes that it be rescinded and removed because it is unnecessary, or because it prescribes actions that are duplicative of actions taken by the OCC or state chartering authority. The FDIC believes that the provisions of the FDI Act and the FDIC’s existing policies and procedures sufficiently address the provision of notice of appointment and the authority to take possession of, and exercise control over, the assets of a failed institution, including insured Federal and State savings associations.

The complete history and background for the FDIC’s removal and rescission of the subpart is included in the notice of proposed rulemaking published elsewhere in today’s **Federal Register**.

Dated at Washington, DC, this 29th day of July, 2014.

Federal Deposit Insurance Corporation.

Robert E. Feldman,

Executive Secretary.

Removal of Transferred OTS Regulations Regarding Possession by Conservators and Receivers for Federal and State Savings Associations

AGENCY: Federal Deposit Insurance Corporation.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Federal Deposit Insurance Corporation (FDIC) proposes to rescind and remove regulations regarding possession by conservators and receivers for federal and state savings associations, which are no longer necessary in light of or contradict provisions of the Federal Deposit Insurance Act and are not in accordance with FDIC practice and procedures. The regulations were included in the regulations that were transferred to the FDIC from the Office of Thrift Supervision (OTS) on July 21, 2011, in connection with the implementation of applicable provisions of Title III of the
