

the article that was the basis for such certification; and

(3) either—

(A) the workers' firm is a supplier and the component parts it supplied for the firm (or subdivision) described in paragraph (2) accounted for at least 20 percent of the production or sales of the workers' firm; or

(B) a loss or business by the workers' firm with the firm (or subdivision) described in paragraph (2) contributed importantly to the workers' separation or threat of separation.

In order for the Division of Trade Adjustment Assistance to issue a certification of eligibility to apply for Alternative Trade Adjustment Assistance (ATAA) for older workers, the group eligibility requirements of Section 246(a)(3)(A)(ii) of the Trade Act must be met.

1. Whether a significant number of workers in the workers' firm are 50 years of age or older.

2. Whether the workers in the workers' firm possess skills that are not easily transferable.

3. The competitive conditions within the workers' industry (i.e., conditions within the industry are adverse).

Affirmative Determinations for Worker Adjustment Assistance

The following certifications have been issued. The date following the company name and location of each determination references the impact date for all workers of such determination.

None.

Affirmative Determinations for Worker Adjustment Assistance and Alternative Trade Adjustment Assistance

The following certifications have been issued. The date following the company name and location of each determination references the impact date for all workers of such determination.

The requirements of Section 222(a)(2)(A) (increased imports) and Section 246(a)(3)(A)(ii) of the Trade Act have been met.

Negative Determinations for Alternative Trade Adjustment Assistance

In the following cases, it has been determined that the requirements of 246(a)(3)(A)(ii) have not been met for the reasons specified.

None.

Negative Determinations for Worker Adjustment Assistance and Alternative Trade Adjustment Assistance

In the following cases, the investigation revealed that the eligibility criteria for worker adjustment assistance have not been met for the reasons specified.

Because the workers of the firm are not eligible to apply for TAA, the workers cannot be certified eligible for ATAA.

The investigation revealed that criteria (a)(2)(A)(I.A.) and (a)(2)(B)(II.A.) (employment decline) have not been met.

Determinations Terminating Investigations of Petitions for Worker Adjustment Assistance

After notice of the petitions was published in the **Federal Register** and

on the Department's Web site, as required by Section 221 of the Act (19 U.S.C. 2271), the Department initiated investigations of these petitions.

The following determinations terminating investigations were issued because the petitioning groups of workers are covered by active certifications. Consequently, further investigation in these cases would serve no purpose since the petitioning group of workers cannot be covered by more than one certification at a time.

85,322, *Athena Health, Inc., Birmingham, Alabama.*

I hereby certify that the aforementioned determinations were issued during the period of July 14, 2014 through July 18, 2014. These determinations are available on the Department's Web site www.doleta.gov/tradeact/taa/taa_search_form.cfm under the searchable listing of determinations or by calling the Office of Trade Adjustment Assistance toll free at 888-365-6822.

Signed at Washington, DC, this 24th day of July, 2014.

Del Min Amy Chen,

Certifying Officer, Office of Trade Adjustment Assistance.

BILLING CODE 4510-FN-P

DEPARTMENT OF LABOR

Occupational Safety and Health Administration

[Docket No. OSHA-2006-0042]

Canadian Standards Association: Grant of Renewal of Recognition

AGENCY: Occupational Safety and Health Administration (OSHA), Labor.

ACTION: Notice.

SUMMARY: This notice announces the Occupational Safety and Health Administration's final decision granting renewal of recognition of Canadian Standards Association, as a Nationally Recognized Testing Laboratory (NRTL).

DATES: The renewal of recognition becomes effective on August 7, 2014.

FOR FURTHER INFORMATION CONTACT: Information regarding this notice is available from the following sources:
Press inquiries: Contact Mr. Frank Meilinger, Director, OSHA Office of Communications, U.S. Department of Labor, 200 Constitution Avenue NW., Room N-3647, Washington, DC 20210; telephone: (202) 693-1999; email: Meilinger.francis2@dol.gov.

General and technical information: Contact Mr. David Johnson, Director,

Office of Technical Programs and Coordination Activities, Directorate of Technical Support and Emergency Management, Occupational Safety and Health Administration, U.S. Department of Labor, 200 Constitution Avenue NW., Room N-3655, Washington, DC 20210; telephone: (202) 693-2110; email: johnson.david.w@dol.gov. OSHA's Web page includes information about the NRTL Program (see <http://www.osha.gov/dts/otpc/nrtl/index.html>).

SUPPLEMENTARY INFORMATION:

I. Background

OSHA recognition of an NRTL signifies that the organization meets the requirements specified by 29 CFR 1910.7. Recognition is an acknowledgment that the organization can perform independent safety testing and certification of the specific products covered within its scope of recognition, and is not a delegation or grant of government authority. As a result of recognition, employers may use products properly approved by the NRTL to meet OSHA standards that require testing and certification. OSHA maintains an informational Web site for each NRTL at <http://www.osha.gov/dts/otpc/nrtl/index.html> that details its scope of recognition.

OSHA processes applications submitted by an NRTL for renewal of recognition following requirements in Appendix A to 29 CFR 1910.7. OSHA conducts renewals in accordance with the procedures in 29 CFR 1910.7, App. A I.C. In accordance with these procedures, NRTLs submit a renewal request to OSHA between nine months and one year before the expiration date of its current recognition. A renewal request includes a request for renewal and any additional information demonstrating its continued compliance with the terms of its recognition and 29 CFR 1910.7. If OSHA has not conducted an on-site assessment of the NRTL headquarters and any key sites within the past 18 to 24 months, it will schedule the necessary on-site assessment prior to the expiration date of the NRTL's recognition. Upon review of the submitted material and, as necessary, the successful completion of the on-site assessment, OSHA announces its preliminary decision to grant or deny renewal in the **Federal Register** and solicits comments from the public. OSHA then publishes a final **Federal Register** notice responding to any comments and renewing the NRTL's recognition for a period of five years, or denying the renewal of recognition.

Canadian Standards Association (CSA) initially received OSHA recognition as an NRTL on December 24, 1992 (57 FR 61452). The most recent renewal for CSA was on July 3, 2001, for a five-year period expiring on July 3, 2006. CSA submitted a timely request for renewal, dated October 3, 2005 (see Ex. OSHA-2006-0042-0007), and retained its recognition pending OSHA's final decision in this renewal process. The current addresses of CSA facilities recognized by OSHA and included as part of the renewal request are:

1. CSA Toronto, 178 Rexdale Boulevard, Etobicoke, Ontario, Canada M9W 1R3;
2. CSA International Montreal, 865 Ellingham Street, Pointe-Claire, Quebec, Canada H9R 5E8;
3. CSA International Irvine, 2805 Barranca Parkway, Irvine, California 92606;
4. CSA International Edmonton, 1707-94th Street, Edmonton, Alberta, Canada T6N 1E6;
5. CSA International Vancouver, 13799 Commerce Parkway, Richmond, British Columbia, Canada V6V 2N9; and
6. CSA International Cleveland, 8501 East Pleasant Valley Road, Cleveland, Ohio 44131.

OSHA evaluated CSA's application for renewal and made a preliminary determination that CSA can continue to meet the requirements prescribed by 29 CFR 1910.7 for recognition. OSHA conducted audits of CSA's headquarters, CSA Toronto, on March 24-25, 2011; of the CSA Montreal site on March 21-22, 2011; of the CSA Edmonton site on September 23-24, 2009; and of the CSA Vancouver site on August 21-22, 2013, and found non-conformances with the requirements of 29 CFR 1910.7. CSA addressed these issues sufficiently to meet the applicable NRTL requirements. Accordingly, OSHA determined that it did not need to conduct an on-site review of CSA's facilities for this request for renewal based on its evaluation of CSA's application and all other available information.

OSHA published the preliminary notice announcing CSA's renewal request in the **Federal Register** on February 24, 2014 (79 FR 10193). The Agency requested comments by March 11, 2014, but received no comments in response to this notice. OSHA now is proceeding with this final notice to grant CSA's request for renewal of recognition.

To obtain or review copies of all public documents pertaining to the CSA's application, go to www.regulations.gov or contact the Docket Office, Occupational Safety and Health Administration, U.S. Department

of Labor, 200 Constitution Avenue NW., Room N-2625, Washington, DC 20210. Docket No. OSHA-2006-0042 contains all materials in the record concerning CSA's recognition.

II. Final Decision and Order

Pursuant to the authority granted under 29 CFR 1910.7, OSHA hereby gives notice of the renewal of recognition of CSA as an NRTL. OSHA NRTL Program staff reviewed the renewal request for CSA and other pertinent information. Based on this review of the renewal request for CSA and other pertinent information, OSHA finds that CSA meets the requirements of 29 CFR 1910.7 for renewal of its recognition, subject to the specified limitation and conditions. OSHA limits the renewal of CSA's recognition to include the terms and conditions of CSA's scope of recognition. The scope of recognition for CSA is available in the **Federal Register** notice dated December 24, 1992 (57 FR 61452), or on OSHA's Web site at <http://www.osha.gov/dts/otpc/nrtl/csa.html>. This renewal extends CSA's recognition for a period of five years from August 7, 2014.

Conditions

In addition to those conditions already required by 29 CFR 1910.7, CSA also must abide by the following conditions of recognition:

1. CSA must inform OSHA as soon as possible, in writing, of any change of ownership, facilities, or key personnel, and of any major change in its operations as an NRTL, and provide details of the change(s);

2. CSA must meet all the terms of its recognition and comply with all OSHA policies pertaining to this recognition; and

3. CSA must continue to meet the requirements for recognition, including all previously published conditions on CSA's scope of recognition, in all areas for which it has recognition.

III. Authority and Signature

David Michaels, Ph.D., MPH, Assistant Secretary of Labor for Occupational Safety and Health, 200 Constitution Avenue NW., Washington, DC 20210, authorized the preparation of this notice. Accordingly, the Agency is issuing this notice pursuant to 29 U.S.C. 657(g)(2), Secretary of Labor's Order No. 1-2012 (77 FR 3912, Jan. 25, 2012), and 29 CFR 1910.7.

Signed at Washington, DC, on August 1, 2014.

David Michaels,

Assistant Secretary of Labor for Occupational Safety and Health.

BILLING CODE 4510-26-P

DEPARTMENT OF LABOR

Office of Workers' Compensation Programs

Proposed Renewal of Existing Collection; Comment Request

ACTION: Notice.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506(c)(2)(A)]. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the Office of Workers' Compensation Programs is soliciting comments concerning the proposed collection: Certification of Medical Necessity (CM-893). A copy of the proposed information collection request can be obtained by contacting the office listed below in the addresses section of this Notice.

DATES: Written comments must be submitted to the office listed in the addresses section below on or before October 6, 2014.

ADDRESSES: Ms. Yoon Ferguson, U.S. Department of Labor, 200 Constitution Ave. NW., Room S-3201, Washington, DC 20210, telephone (202) 693-0701, fax (202) 693-1449, Email Ferguson.yoon@dol.gov. Please use only one method of transmission for comments (mail, fax, or Email).

SUPPLEMENTARY INFORMATION:

I. *Background:* The Office of Workers' Compensation Programs administers the Federal Black Lung Workers' Compensation Program. The enabling regulations of the Black Lung Benefits Act, at 20 CFR 725.701, establishes miner eligibility for medical services and supplies for the length of time required by the miner's condition and disability. 20 CFR.706 stipulates there

must be prior approval before ordering an apparatus where the purchase price exceeds \$300.00. 20 CFR 725.707 provides for the ongoing supervision of the miner's medical care, including the necessity, character and sufficiency of care to be furnished; gives the authority to request medical reports and indicates the right to refuse payment for failing to submit any reports required. Because of the above legislation and regulations, it was necessary to devise a form to collect the required information. The CM-893, Certificate of Medical Necessity is completed by the coal miner's doctor and is used by the Division of Coal Mine Worker's Compensation to determine if the miner meets impairment standards to qualify for durable medical equipment, home nursing, and/or pulmonary rehabilitation. This information collection is currently approved for use through December 30, 2014.

II. *Review Focus:* The Department of Labor is particularly interested in comments which:

- * Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

- * evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- * enhance the quality, utility and clarity of the information to be collected; and
- * minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

III. *Current Actions:* The Department of Labor seeks the approval for the extension of this currently-approved information collection in order to carry out its responsibility to determine the eligibility for reimbursement of medical benefits to Black Lung recipients.

Agency: Office of Workers' Compensation Programs.

Type of Review: Extension.

Title: Certificate of Medical Necessity.

OMB Number: 1240-0024.

Agency Number: CM-893.

Affected Public: Individuals or households; Business or other for profit, and Not-for-profit institutions.

Total Respondents: 2,500.

Total Annual Responses: 2,500.

Average Time per Response: 20 to 40 minutes.

Estimated Total Burden Hours: 965.

Frequency: On occasion.

Total Burden Cost (capital/startup): \$0.

Total Burden Cost (operating/maintenance): \$0.

Comments submitted in response to this notice will be summarized and/or included in the request for Office of Management and Budget approval of the information collection request; they will also become a matter of public record.

Dated: July 31, 2014.

Yoon Ferguson,

Agency Clearance Officer, Office of Workers' Compensation Programs, U.S. Department of Labor.

BILLING CODE 4510-CK-P

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice (14-066)]

Notice of Intent To Grant Exclusive License

AGENCY: National Aeronautics and Space Administration.

ACTION: Notice of Intent to Grant Exclusive License.

SUMMARY: This notice is issued in accordance with 35 U.S.C. 209(c)(1) and 37 CFR 404.7(a)(1)(i). NASA hereby gives notice of its intent to grant an exclusive license in the United States to practice the inventions described and claimed in USPN 8,338,114, Engineering Human Broncho-Epithelial Tissue-Like Assemblies, NASA Case No. MSC-24164-1; US Patent Application Serial Number 12/899,815, Modifying the Genetic Regulation of Bone and Cartilage Cells and Associated Tissue by EMF Stimulation Fields and Uses Thereof, NASA Case No. MSC-24541-1; and US Patent Application Serial Number 13/859,180, Alternating Ionic Magnetic Resonance (AIMR) Multiple-Chambered Culture Apparatus, NASA Case No. MSC-25545-1; and US Patent Application Serial Number 13/859,206, Methods for Culturing Cells in an Alternating Ionic Magnetic Resonance (AIMR) Multiple-Chambered Culture Apparatus, NASA Case No. MSC-25633-1, to GRoK Technologies, LLC, having its principal place of business in Houston, Texas. The patent rights in these inventions have been assigned to the United States of America as represented by the Administrator of the National Aeronautics and Space Administration. The prospective
