

Web site at: <http://www.wapa.gov/ugp/rates/default.htm> after the close of the comment period. Western must receive written comments by the end of the consultation period to ensure they are considered in Western's decision process.

FOR FURTHER INFORMATION CONTACT: Ms. Linda Cady-Hoffman, Rates Manager, Upper Great Plains Region, Western Area Power Administration, 2900 4th Avenue North, Billings, Montana 59101-1266; telephone: (406) 255-2920; email: cady@wapa.gov.

SUPPLEMENTARY INFORMATION: By Delegation Order No. 00-037.00A, effective October 25, 2013, the Secretary of Energy delegated: (1) The authority to develop power and transmission rates to Western's Administrator; (2) the authority to confirm, approve, and place such rates into effect on an interim basis to the Deputy Secretary of Energy; and (3) the authority to confirm, approve, and place into effect on a final basis, to remand, or to disapprove such rates to the Federal Energy Regulatory Commission.

The existing rate schedules consist of separate rates for firm and non-firm transmission rates and ancillary services rates for the transmission facilities in the P-SMBP—ED, which are integrated with transmission facilities of Basin Electric Power Cooperative and Heartland Consumers Power District such that transmission services are provided over an Integrated System (IS). The rates are sometimes referred to as IS Rates. Rate Schedules UGP-NT1, UGP-FPT1, UGP-NFPT1, UGP-AS1, UGP-AS2, UGP-AS3, UGP-AS4, UGP-AS5, UGP-AS6, UGP-AS7 and UGP-TSP1 were approved under Rate Order Nos. WAPA-144 and WAPA-148¹ for a 5-year period beginning on January 1, 2010, and ending December 31, 2014.

The existing transmission and ancillary services rates provide adequate revenue to pay all annual costs, including interest expense, and to repay investment within the allowable period. The rates are calculated annually to ensure repayment of the project within the cost recovery criteria set forth in DOE Order RA 6120.2.

Western is proposing no change at this time to the rate formulas. Since no changes are anticipated to the formulas and the existing formulary rates provide sufficient revenue to recover all appropriate costs, Western proposes to extend the current rate schedules through December 31, 2016, pursuant to 10 CFR 903.23(a).

All documents made or kept by Western for developing the proposed extension for the rate schedules are available for inspection and copying at the Upper Great Plains Region, Western Area Power Administration, 2900 4th Avenue North, Billings, MT 59101-1266. These documents are also available on Western's Web site at: <http://www.wapa.gov/ugp/rates/default.htm>.

After review of public comments, Western will take further action on the proposed extension of formulary rates consistent with 10 CFR part 903.

Dated: July 23, 2014.

Mark A. Gabriel,
Administrator.

Procedures for Providing Public Input: Public comment for consideration by EPA's federal advisory committees and panels has a different purpose from public comment provided to EPA program offices. Therefore, the process for submitting comments to a federal advisory committee is different from the process used to submit comments to an EPA program office. Federal advisory

committees and panels, including scientific advisory committees, provide independent advice to the EPA. Interested members of the public may submit relevant information on the topic of this advisory activity, and/or the group conducting the activity, for the SAB to consider during the advisory process. Input from the public to the SAB will have the most impact if it provides specific scientific or technical information or analysis for SAB committees and panels to consider or if it relates to the clarity or accuracy of the technical information. Members of the public wishing to provide comment should contact the DFO directly. **Oral Statements:** In general, individuals or groups requesting an oral presentation on a public teleconference will be limited to three minutes and an oral presentation at the face-to-face meeting will be limited to five minutes. Interested parties wishing to provide comments should contact Mr. Aaron Yeow (preferably via email) at the contact information noted above by September 23, 2014 to be placed on the list of public speakers for the teleconference and by November 11, 2014 to be placed on the list of public speakers for the face-to-face meeting. **Written Statements:** Written statements will be accepted throughout the advisory process; however, for timely consideration by Committee/Panel members, statements should be supplied to the DFO via email at the contact information noted above by September 23, 2014, for the teleconference and by November 11, 2014, for the face-to-face meeting. Written statements should be supplied in one of the following electronic formats: Adobe Acrobat PDF, MS Word, MS PowerPoint, or Rich Text files in IBM-PC/Windows 98/2000/XP format. It is the SAB Staff Office general policy to post written comments on the Web page for the advisory meeting or teleconference. Submitters are requested to provide an unsigned version of each document because the SAB Staff Office does not publish documents with signatures on its Web sites. Members of the public should be aware that their personal contact information, if included in any written comments, may be posted to the SAB Web site. Copyrighted material will not be posted without explicit permission of the copyright holder.
