SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-72796; File No. SR-Phlx-2014-50]

Self-Regulatory Organizations; NASDAQ OMX PHLX LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to Simple Order Fees for Removing Liquidity in SPY Options

August 8, 2014.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on July 28, 2014, NASDAQ OMX PHLX LLC ("Phlx" or "Exchange") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I, II, and III, below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of the Substance of the Proposed Rule Change

The Exchange proposes to amend the Exchange's Pricing Schedule to amend Simple Order pricing in Section I, entitled Rebates and Fees for Adding and Removing Liquidity in SPY.³

While the changes proposed herein are effective upon filing, the Exchange has designated that the amendments be operative on August 1, 2014.

The text of the proposed rule change is available on the Exchange's Web site at <http://nasdaqomxphlx.cchwallstreet.com/>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of

the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange is proposing to amend the Simple Order Fees for Removing Liquidity in Section I applicable to transactions overlying SPY. The Exchange currently assesses Customers a \$0.47 per contract Fee for Removing Liquidity in SPY Simple Orders. The Exchange is proposing to decrease the Customer Fee for Removing Liquidity in SPY Simple Orders from \$0.47 to \$0.43 per contract. The Exchange believes that decreasing the SPY Simple Order Fee for Removing Liquidity for Customers will encourage market participants to transact a greater number of Customer orders in SPY options. The SPY Simple Order Fee for Removing Liquidity for Specialists,⁴ Market Makers,⁵ Firms,⁶ Broker-Dealers⁷ and Professionals⁸ will remain at \$0.49 per contract.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,⁹ in general, and with Section 6(b)(4) and 6(b)(5) of the Act,¹⁰ in particular, in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility or system which the Exchange operates or controls, and is not designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

The Exchange's proposal to decrease the Customer Fee for Removing Liquidity in Simple Orders for options overlying SPY from \$0.47 to \$0.43 per

⁴ A "Specialist" is an Exchange member who is registered as an options specialist pursuant to Rule 1020(a).

⁵ A "Market Maker" includes Registered Options Traders (Rule 1014(b)(i) and (ii)), which includes Streaming Quote Traders (*see* Rule 1014(b)(ii)(A)) and Remote Streaming Quote Traders (*see* Rule 1014(b)(ii)(B)).

⁶ The term "Firm" applies to any transaction that is identified by a member or member organization for clearing in the Firm range at The Options Clearing Corporation.

⁷ The term "Broker-Dealer" applies to any transaction which is not subject to any of the other transaction fees applicable within a particular category.

⁸ The term "Professional" means any person or entity that (i) is not a broker or dealer in securities, and (ii) places more than 390 orders in listed options per day on average during a calendar month for its own beneficial account(s). *See* Rule 1000(b)(14).

¹⁰ 15 U.S.C. 78f(b)(4) and (5).

³ Options overlying Standard and Poor's Depository Receipts/SPDRs ("SPY") are based on the SPDR exchange-traded fund ("ETF"), which is designed to track the performance of the S&P 500 Index.

contract is reasonable because the Exchange believes the fee reduction will encourage a greater number of market participants to remove Customer liquidity on Phlx. Customer orders bring valuable liquidity to the market which liquidity benefits other market participants.

The Exchange's proposal to decrease the Customer Fee for Removing Liquidity in Simple Orders for options overlying SPY from \$0.47 to \$0.43 per contract is equitable and not unfairly discriminatory because all non-Customer market participants will be assessed a uniform Fee for Removing Liquidity in Simple Orders for options overlying SPY of \$0.49 per contract. Reducing the Customer Fee for Removing Liquidity in SPY Simple Orders is equitable and not unfairly discriminatory because Customer liquidity benefits all market participants by providing more trading opportunities, which attracts Specialists and Market Makers. An increase in the activity of these market participants in turn facilitates tighter spreads, which may cause an additional corresponding increase in order flow from other market participants.

B. Self-Regulatory Organization's Statement on Burden on Competition

Phlx does not believe that the proposed rule change will impose an undue burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The Exchange believes that decreasing the SPY Simple Order Customer Fee for Removing Liquidity does not impose a burden on competition, but rather that the proposed rule change will attract more Customer orders on Phlx. All non-Customer market participants will continue to be assessed the same fee to remove SPY Simple Orders. The Exchange believes that all market participants benefit from increased Customer liquidity on Phlx which attracts Specialists and Market Makers. An increase in the activity of Specialists and Market Makers in turn facilitates tighter spreads, which may cause an additional corresponding increase in order flow from other market participants.

The Exchange operates in a highly competitive market, comprised of twelve options exchanges, in which market participants can easily and readily direct order flow to competing venues if they deem fee levels at a particular venue to be excessive or rebates to be inadequate. Accordingly, the fees that are assessed and the rebates paid by the Exchange described in the above proposal are influenced by these

robust market forces and therefore must remain competitive with fees charged and rebates paid by other venues and therefore must continue to be reasonable and equitably allocated to those members that opt to direct orders to the Exchange rather than competing venues.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act.¹¹ At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.
