SUPPLEMENTARY INFORMATION: The purpose of the public review of the draft document is to help assure that the final version of the NIOSH *Current Intelligence Bulletin* meets current quality standards before it is disseminated.

Overall Questions

(1) Does the draft CIB provide useful information and recommendations?

(2) Is it reasonably clear and comprehensible?

(3) Does it include any technical errors or factual inaccuracies?

(4) Are there any critical omissions?

(5) Does it include any unnecessary information that should be deleted?

(6) Are any of the conclusions inappropriate?

(7) Are any of the recommendations inappropriate?

Background: NIOSH has previously published two formal *Current Intelligence Bulletins* entirely devoted to the issue of tobacco use. The first—*CIB 31: Adverse Health Effects of Smoking and the Occupational Environment* [DHEW (NIOSH) Publication Number 79-122]—outlined several ways in which smoking interacts with other workplace exposures to increase risk of disease and injury among workers. That document recommended that smoking be curtailed in workplaces where those other hazards are present and that worker exposure to those other occupational hazards be controlled http://www.cdc.gov/niosh/docs/1970/79122_31.html. The second—*CIB 54: Environmental Tobacco Smoke in the Workplace; Lung Cancer and other Health Effects* [DHHS (NIOSH) Publication No. 91-108]—focused on secondhand smoke in the workplace as a cause of cancer and cardiovascular disease. That document recommended eliminating tobacco smoking in the workplace as the best preventive

approach <http://www.cdc.gov/niosh/docs/91-108/>.

NIOSH has prepared a current draft *CIB: Promoting Health and Preventing Disease and Injury through Workplace Tobacco Policies* for anticipated dissemination during the 50th anniversary year of the Surgeon General's first report on the health consequences of smoking published in 1964. The draft *CIB* reflects a "strategy integrating occupational safety and health protection with health promotion to prevent worker injury and illness and to advance health and well-being" [see <http://www.cdc.gov/niosh/TWH/totalhealth.html>], embodied by NIOSH in a recently launched Total Worker Health™ (TWH™) Program.
