

DEPARTMENT OF HOMELAND SECURITY**Coast Guard****33 CFR Part 100**

[Docket Number USCG–2014–0489]

RIN 1625–AA08

Special Local Regulation; Cumberland River, Mile 127.0 to 128.0; Clarksville, TN**AGENCY:** Coast Guard, DHS.**ACTION:** Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary special local regulation from mile 127.0 to mile 128.0, extending bank to bank on the Cumberland River. This zone is necessary to protect participants of the “Tri Clarksville Triathlon” during the swim portion of the event. Entry into this area is prohibited unless specifically authorized by the Captain of the Port (COTP) Ohio Valley or designated representative.

DATES: This rule is effective on August 23, 2014 from 7:00 a.m. to 9:30 a.m.

ADDRESSES: Documents mentioned in this preamble are part of docket [USCG–2014–0489]. To view documents mentioned in this preamble as being available in the docket, go to <http://www.regulations.gov>, type the docket number in the “SEARCH” box and click “SEARCH.” Click on Open Docket Folder on the line associated with this rulemaking. You may also visit the Docket Management Facility in Room W12–140 on the ground floor of the Department of Transportation West Building, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: If you have questions on this temporary rule, call Petty Officer Chad Phillips, Marine Safety Detachment Nashville, Coast Guard; at (615) 736–5421, email Chad.E.Phillips@uscg.mil. If you have questions on viewing or submitting material to the docket, call Cheryl Collins, Program Manager, Docket Operations, telephone (202) 366–9826.

SUPPLEMENTARY INFORMATION:**Table of Acronyms**

BNM Broadcast Notices to Mariners
COTP Captain of the Port
DHS Department of Homeland Security
NPRM Notice of Proposed Rulemaking

A. Regulatory History and Information

The Coast Guard is issuing this temporary final rule without prior

notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(3)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule. Completing the full NPRM process is contrary to the public interest as it would delay the additional safety measures necessary to protect participants and event personnel from the possible marine hazards present during the swimming portion of this event. The “Tri Clarksville Triathlon” is planned to take place on August 23, 2014; the swimming portion of this event will take place on the Cumberland River at approximately 127.4. Upon reviewing the details of this event, the Coast Guard determined that a special local regulation is necessary during the event’s swim portion. The event has been advertised and is planned by the local community. Delaying the special local regulation would also unnecessarily interfere with the planned event and has the potential to affect contractual obligations of the event sponsors.

For the same reasons, under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Providing 30 days notice for this occurrence would unnecessarily delay the effective date and would be contrary to public interest because immediate action is necessary to protect event participants from the possible marine hazards present during the swim portion of this event.

B. Basis and Purpose

The swim portion of the “Tri Clarksville Triathlon” takes place on the Cumberland River from mile 127.0 to 128.0. The Coast Guard determined that a temporary special local regulation is needed to protect the 700 participants in the “Tri Clarksville Triathlon” during the swim portion. The legal basis and authorities for this rule are found in 33 U.S.C. 1233, which authorizes the Coast Guard to establish and define special local regulations. The COTP Ohio Valley is establishing a special local regulation for the waters of the Cumberland River, from mile 127.0 to 128.0 to protect the participants during the swim portion of the “Tri Clarksville Triathlon”. Entry into this area is

prohibited unless specifically authorized by the COTP Ohio Valley or designated representative.

C. Discussion of the Final Rule

The COTP Ohio Valley is establishing a special local regulation for the waters of the Cumberland River, from mile 127.0 to 128.0, during the swim portion of the “Tri Clarksville Triathlon”. During this event, vessels shall not enter into, depart from, or move within the regulated area without permission from the COTP Ohio Valley or his authorized representative. Persons or vessels requiring entry into or passage through the regulated area must request permission from the COTP Ohio Valley, or a designated representative. Sector Ohio Valley may be contacted on VHF–FM Channel 13 or 16, or 1–800–253–7465. This rule is effective from 7:00 a.m. to 9:30 a.m. August 23, 2014. The COTP Ohio Valley will inform the public through Broadcast Notices to Mariners (BNM) of the enforcement period for the special local regulation as well as any changes in the planned schedule.

D. Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes or executive orders.

1. Regulatory Planning and Review

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, as supplemented by Executive Order 13563, Improving Regulation and Regulatory Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of Executive Order 12866 or under section 1 of Executive Order 13563. The Office of Management and Budget has not reviewed it under those Orders.

This special local regulation restricts transit on the Cumberland River from mile 127.0 to 128.0 and covers a period of two and one half hours, from 7:00 a.m. to 9:30 a.m. on August 23, 2014. Due to its short duration and limited scope, it does not pose a significant regulatory impact. BNMs will also inform the community of this special local regulation so that they may plan accordingly for this short restriction on transit. Vessel traffic may request permission from the COTP Ohio Valley or a designated representative to enter the restricted area or deviate from this regulation. Requests to deviate from this

regulation will be considered on a case-by-case basis.

2. Impact on Small Entities

The Regulatory Flexibility Act of 1980 (RFA), 5 U.S.C. 601–612, as amended, requires federal agencies to consider the potential impact of regulations on small entities during rulemaking. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

This rule will affect the following entities, some of which may be small entities: The owners or operators of vessels intending to transit from mile 127.0 to 128.0 on the Cumberland River, from 7:00 a.m. to 9:30 a.m. on August 23, 2014. The special local regulation will not have a significant economic impact on a substantial number of small entities because this rule will be in effect for a short period of time. Before the activation of the zone, we would issue maritime advisories widely available to waterway users. If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this rule would have a significant economic impact on it, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

3. Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Public Law 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT**, above.

4. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

5. Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and determined that this rule does not have implications for federalism.

6. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

7. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such expenditure, we do discuss the effects of this rule elsewhere in this preamble.

8. Taking of Private Property

This rule will not cause a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

9. Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

10. Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

11. Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

12. Energy Effects

This rule is not a “significant energy action” under Executive Order 13211, Actions Concerning Regulations That

Significantly Affect Energy Supply, Distribution, or Use.

13. Technical Standards

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

14. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have concluded this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves establishing a temporary special local regulation to protect the participants in the swimming portion of the “Tri Clarksville Triathlon” on the Cumberland River from mile 127.0 to 128.0 for two and one half hour period on one day. This rule is categorically excluded, under figure 2–1, paragraph (34)(h), of the Commandant Instruction.

An environmental analysis was performed during the marine event permit process for the swimming event and a checklist and a categorical exclusion determination are not required for this special local regulation.

List of Subjects in 33 CFR Part 100

Marine safety, Navigation (water), Reporting and recordkeeping requirements, Waterways.

For the reasons discussed in the preamble, the U. S. Coast Guard amends 33 CFR part 100 as follows:

PART 100—SAFETY OF LIFE ON NAVIGABLE WATERS

■ 1. The authority citation for Part 100 is revised to read as follows:

Authority: 33 U.S.C. 1233.

■ 2. A new temporary § 100.T08–0489 is added to read as follows:

§ 100.T08–0489 Special Local Regulation; Cumberland River, Miles 127.0 to 128.0, Clarksville, TN.

(a) *Location.* The following area is a regulated area: All waters of the Cumberland River, beginning at mile 127.0 and ending at mile 128.0.

(b) *Enforcement date.* This section will be enforced from 7:00 a.m. to 9:30 a.m. on August 23, 2014.

(c) *Regulations.* (1) In accordance with the general regulations in § 100.35, entry into this area is prohibited unless

authorized by the Captain of the Port Ohio Valley or a designated representative.

(2) Persons or vessels requiring entry into or passage through the area must request permission from the Captain of the Port Ohio Valley or a designated representative. U.S. Coast Guard Sector Ohio Valley may be contacted on VHF Channel 13 or 16, or at 1-800-253-7465.

(3) All persons and vessels shall comply with the instructions of the Captain of the Port Ohio Valley and designated U.S. Coast Guard patrol personnel. On-scene U.S. Coast Guard patrol personnel include commissioned, warrant, and petty officers of the U.S. Coast Guard.

(d) *Informational Broadcasts.* The Captain of the Port Ohio Valley or a designated representative will inform the public through broadcast notice to mariners when the special local regulation is being enforced and if there are changes to the planned schedule and enforcement period for this special local regulation.

Dated: July 22, 2014.

R.V. Timme,

Captain, U.S. Coast Guard, Captain of the Port Ohio Valley.

33 CFR Part 100

[Docket Number USCG-2014-0701]

RIN 1625-AA08

Special Local Regulations for Marine Events, Sunset Lake; Wildwood Crest, NJ

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is temporarily changing the enforcement date of the special local regulation for the recurring powerboat race known as the Sunset Lake Hydrofest, held in the waters of the Sunset Lake, adjacent to Wildwood Crest, New Jersey. The change of enforcement date for the special local regulation is necessary to provide for the safety of life on navigable waters during the event. This action will restrict vessel traffic in the waters of Sunset Lake adjacent to Wildwood Crest, New Jersey, during the event.

DATES: This rule is effective August 15, 2014 until September 14, 2014, and will be enforced from 8:00 a.m. to 4:30 p.m. on September 13, 2014 and September 14, 2014.

ADDRESSES: Documents mentioned in this preamble are part of docket [USCG-2014-0701]. To view documents mentioned in this preamble as being available in the docket, go to <http://www.regulations.gov>, type the docket number in the "SEARCH" box and click "SEARCH." Click on Open Docket Folder on the line associated with this rulemaking. You may also visit the Docket Management Facility in Room W12-140 on the ground floor of the Department of Transportation West Building, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: If you have questions on this rule, call or email If you have questions on this temporary rule, call or email Lieutenant Brennan Dougherty, U.S. Coast Guard, Sector Delaware Bay, Chief Waterways Management Division, Coast Guard; telephone (215)271-4851, email Brennan.P.Dougherty@uscg.mil. If you have questions on viewing or submitting material to the docket, call Cheryl Collins, Program Manager, Docket Operations, telephone (202) 366-9826.

SUPPLEMENTARY INFORMATION:

Table of Acronyms

DHS Department of Homeland Security
FR Federal Register
NPRM Notice of Proposed Rulemaking

A. Regulatory History and Information

The regulation for this marine event may be found at 33 CFR 100.501, Table to § 100.501, section (a), line "9".

The Coast Guard is issuing this final rule without prior notice and opportunity to comment, and to take effect in less than 30 days, pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b) and (d)(3)), which authorizes an agency to issue a rule without prior notice and opportunity to comment, and to take effect in less than 30 days, when the agency for good cause finds that those procedures are "impracticable, unnecessary, or contrary to the public interest." The Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule immediate action is needed to minimize potential danger to the public during the event. The potential dangers posed by power boat race make this change to the special local regulation

necessary to provide for the safety of participants, spectator craft, and other vessels transiting the event area. For the safety concerns noted, it is in the public interest to have this regulation in effect during the event. The Coast Guard will issue broadcast notice to mariners to advise vessel operators of navigational restrictions. On scene Coast Guard and local law enforcement vessels will also provide actual notice to mariners. For the same reasons, the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**.

B. Basis and Purpose

The legal basis and authorities for this rulemaking establishing a special local regulation are found in 33 U.S.C. 1233, which authorize the Coast Guard to establish and define special local regulations. The Captain of the Port Delaware Bay is establishing a special local regulation for the waters of Sunset Lake, near Wildwood Crest, NJ, to protect event participants, spectators and transiting vessels. Entry into this area is prohibited unless specifically authorized by the Captain of the Port Delaware Bay or designated representative.

C. Discussion of the Final Rule

The Sunset Lake Hydrofest Association sponsors an annual power boat race usually held on the last Friday, Saturday and Sunday in September in the waters of Sunset Lake adjacent to Wildwood Crest, New Jersey.

The regulation listing annual marine events within the Fifth Coast Guard District and special local regulation locations is 33 CFR 100.501. The Table to § 100.501 identifies special local regulations by COTP zone, with the COTP Delaware Bay zone listed in section "(a.)" of the Table. The Table to § 100.501, at section (a.) event Number "9", describes the enforcement date and regulated location for this marine event.

The date listed in the Table has the marine event on the last Friday, Saturday and Sunday in September. However, this temporary rule changes the marine event date to September 13, 2014 and September 14, 2014, to reflect the actual date of the event.

A fleet of spectator vessels is anticipated to gather nearby to view the marine event. Due to the need for vessel control during the marine event vessel traffic will be temporarily restricted to provide for the safety of participants, spectators and transiting vessels. Under provisions of 33 CFR 100.501, during the enforcement period, vessels may not enter the regulated area unless they
