

- visual and other impacts from construction of aboveground facilities, and;
- cumulative impacts.

Public Participation

You can make a difference by providing us with your specific comments or concerns about the Lake Charles Expansion Project. Your comments should focus on the potential environmental effects, reasonable alternatives, and measures to avoid or lessen environmental impacts. The more specific your comments, the more useful they will be. To ensure that your comments are timely and properly recorded, please send your comments so that the Commission receives them in Washington, DC on or before September 10, 2014.

For your convenience, there are three methods you can use to submit your comments to the Commission. In all instances, please reference the project docket number (CP14-511-000) with your submission. The Commission encourages electronic filing of comments and has expert staff available to assist you at (202) 502-8258 or efiling@ferc.gov.

(1) You can file your comments electronically using the *eComment* feature located on the Commission's Web site (www.ferc.gov) under the link to *Documents and Filings*. This is an easy method for interested persons to submit brief, text-only comments on a project;

(2) You can file your comments electronically using the *eFiling* feature located on the Commission's Web site (www.ferc.gov) under the link to *Documents and Filings*. With *eFiling*, you can provide comments in a variety of formats by attaching them as a file with your submission. New *eFiling* users must first create an account by clicking on "*eRegister*." You must select the type of filing you are making. If you are filing a comment on a particular project, please select "Comment on a Filing"; or

(3) You can file a paper copy of your comments by mailing them to the following address: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street NE., Room 1A, Washington, DC 20426.

Environmental Mailing List

The environmental mailing list includes federal, state, and local government representatives and agencies; elected officials; environmental and public interest groups; Native American Tribes; other interested parties; and local libraries and newspapers. This list also includes

all affected landowners (as defined by the Commission's regulations) who are potential right-of-way grantors, whose property may be used temporarily for Project purposes, or who own homes within certain distances of aboveground facilities, and anyone who submits comments on the Project. We will update the environmental mailing list as the analysis proceeds to ensure that we send the information related to this environmental review to all individuals, organizations, and government entities interested in and/or potentially affected by the proposed Project.

Copies of the completed draft EIS will be sent to the environmental mailing list for public review and comment. If you would prefer to receive a paper copy of the document instead of a CD version or would like to remove your name from the mailing list, please return the attached Information Request (appendix 2).

Becoming an Intervenor

In addition to involvement in the EIS scoping process, you may want to become an "intervenor" which is an official party to the Commission's proceeding. Intervenor play a more formal role in the process and are able to file briefs, appear at hearings, and be heard by the courts if they choose to appeal the Commission's final ruling. An intervenor formally participates in the proceeding by filing a request to intervene. Instructions for becoming an intervenor are in the User's Guide under the "e-filing" link on the Commission's Web site.

Additional Information

Additional information about the Project is available from the Commission's Office of External Affairs, at (866) 208-FERC, or on the FERC Web site (www.ferc.gov) using the eLibrary link. Click on the eLibrary link, click on "General Search" and enter the docket number, excluding the last three digits in the Docket Number field (i.e., CP14-511). Be sure you have selected an appropriate date range. For assistance, please contact FERC Online Support at FercOnlineSupport@ferc.gov or toll free at (866) 208-3676, or for TTY, contact (202) 502-8659. The eLibrary link also provides access to the texts of formal documents issued by the Commission, such as orders, notices, and rulemakings.

In addition, the Commission offers a free service called *eSubscription* which allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with

notification of these filings, document summaries, and direct links to the documents. Go to www.ferc.gov/docs-filing/esubscription.asp.

Public meetings or site visits will be posted on the Commission's calendar located at www.ferc.gov/EventCalendar/EventsList.aspx along with other related information.

Kimberly D. Bose,
Secretary.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. ER13-1864-000]

Southwest Power Pool, Inc.; Notice of Technical Conference

By order dated July 11, 2014, in Docket No. ER13-1864-000, the Federal Energy Regulatory Commission (Commission) directed staff to convene in a technical conference regarding Southwest Power Pool, Inc.'s proposed modifications to its Joint Operating Agreement with Midcontinent Independent System Operator, Inc. to implement a market-to-market coordination mechanism (Market-to-Market protocols).¹ Take notice that such conference will be held on Monday, September 22, 2014, at the Commission's headquarters at 888 First Street NE., Washington, DC 20426, between 9:30 a.m. and 4:00 p.m. (Eastern Time) in the Commission Meeting Room. The conference will be open for the public to attend and will not be available via webcast. The technical conference will be led by Commission staff.

Advance registration is required and may be made at the following Web page: <https://www.ferc.gov/whats-new/registration/09-22-14-form.asp>.

The purpose of this technical conference is to explore the following issues regarding the Market-to-Market protocols: (1) The implementation of Interface Bus Pricing (proposed tariff section 2); (2) the creation of Market-to-Market flowgates (proposed sections 3.1.13 and 8.1.4); and (3) the deferred implementation of a Day-Ahead Firm Flow Entitlement exchange process (proposed section 4). A subsequent notice providing a more detailed description of the topics to be discussed will be issued in advance of the technical conference. In addition,

¹ *Southwest Power Pool, Inc.*, 148 FERC ¶ 61,019 (2014).

information on this event will be posted on the Calendar of Events on the Commission's Web site, www.ferc.gov, prior to the event. Following the technical conference, the parties will have an opportunity to file written comments that will be included in the formal record of the proceeding, which, together with the record developed to date, will form the basis for further Commission action.

FERC conferences are accessible under section 508 of the Rehabilitation Act of 1973. For accessibility accommodations please send an email to accessibility@ferc.gov or call toll free 1-866-208-3372 (voice) or 202-502-8659 (TTY); or send a fax to 202-208-2106 with the required accommodations.

For more information about this conference, please contact: Sarah McKinley, 202-502-8368, sarah.mckinley@ferc.gov, regarding logistical concerns, or Helen Shepherd, 202-502-6176, helen.shepherd@ferc.gov, regarding substantive issues.

Dated: August, 11, 2014.

Kimberly D. Bose,
Secretary.
