National Fish, Wildlife, and Plants Climate Adaptation Strategy; Teleconference of the Joint Implementation Working Group

AGENCY: Fish and Wildlife Service,
Interior.

ACTION: Notice of teleconference.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), announce a public teleconference of the Joint Implementation Working Group (Working Group) for the National Fish, Wildlife, and Plants Climate Adaptation Strategy (Strategy). The purpose of the Strategy is to inspire and enable natural resource professionals and other decision makers to take action to conserve the nation's fish, wildlife, plants, and ecosystem functions, as well as the human uses and values these natural systems provide, in a changing climate. At this meeting, the Working Group will review the first Strategy Implementation Progress Report, discuss future approaches to implementation, hear comments from stakeholders, and make plans for the Fall-2014 in-person meeting.

With this notice, we also initiate the Working Group's recently approved Stakeholder Engagement Plan, which commits the Working Group to open meetings going forward. This will be the only announcement of meetings made in the **Federal Register**. All future meetings (including logistical information) will be made only via the Strategy Web site (www.wildlifeadaptationstrategy.gov).

DATES: The Working Group will meet via teleconference on September 15, 2014, from 1 p.m. to 3 p.m. If you wish to submit written information questions for the Working Group to consider during the teleconference, please submit them to Mark Shaffer (see **FOR FURTHER INFORMATION CONTACT**) by one of the methods under "Submitting Written Information or Questions," no later than September 11, 2014.

ADDRESSES: Because this is a teleconference, there is no meeting venue. Participants should call the toll-free number 877-913-8254; when prompted, enter participant passcode 5547760. Participants may also view materials presented by or to the Working Group by joining the meetings via Instant Net Conference. Participants interested in this feature should go to <http://www.mymeetings.com/nc/join.php?sigKey=mymeetings&i=747841297&p=5547760&t=c>. If requested, enter the participant passcode (5547760)

FOR FURTHER INFORMATION CONTACT: Mark Shaffer, Office of the Science Advisor, at 703-358-2603 (telephone), or wildlifeadaptationstrategy@fws.gov (email), or via the Strategy Web site at <http://www.wildlifeadaptationstrategy.gov/contact-us.php>. If you use a telecommunications device for the deaf, please call the Federal Information Relay Service (FIRS) at 800-877-8339.

SUPPLEMENTARY INFORMATION: We, the U.S. Fish and Wildlife Service (Service), announce a public teleconference of the Joint Implementation Working Group (Working Group) for the National Fish, Wildlife, and Plants Climate Adaptation Strategy (Strategy). The Working Group is made up of the Service, the National Oceanic and Atmospheric Administration (NOAA, Department of Commerce), other Federal natural resource agencies, and State and tribal wildlife partners. The purpose of the Strategy is to inspire and enable natural resource professionals and other decision makers to take action to conserve the nation's fish, wildlife, plants, and ecosystem functions, as well as the human uses and values these natural systems provide, in a changing climate. At this meeting, the working Group will review the first Strategy Implementation Progress Report, discuss future approaches to implementation, hear comments from stakeholders, and make plans for the Fall-2014 in-person meeting.

Background

The adverse impacts of climate change transcend political and administrative boundaries. No single entity or level of government can safeguard wildlife and society against the effects of climate change. In cooperation with our co-leaders—NOAA, other Federal natural resource agencies, State wildlife agencies, and tribal partners—we announced publication of the strategy on April 1, 2013 (78 FR 19514). The Strategy presents a unified approach—reflecting shared principles and science-based

practices—for reducing the negative impacts of climate change on fish, wildlife, plants, our natural resource heritage, and the communities and economies that depend on them. The Strategy provides a basis for sensible actions that can be taken now, in spite of the uncertainties that exist about the precise impacts of climate change. It also provides guidance about what further actions are most likely to promote natural resource adaptation to climate change, and describes mechanisms that will foster collaboration for effective action among all levels of government, conservation organizations, and private landowners.

Please visit the Strategy Web site at <http://www.wildlifeadaptationstrategy.gov> to download a copy of the Strategy or Strategy Highlights brochure, or to obtain additional background on the development of the Strategy.

Please note that future meetings of the Working Group will be announced only on the Web site.

Agency Information Collection Activities: Request for Comments

AGENCY: U.S. Geological Survey (USGS), Interior.

ACTION: Notice of a revision of a currently approved information collection (1028-0078).

SUMMARY: We (the U.S. Geological Survey) will ask the Office of Management and Budget (OMB) to approve the information collection (IC) described below. As required by the Paperwork Reduction Act (PRA) of 1995, and as part of our continuing efforts to reduce paperwork and respondent burden, we invite the general public and other Federal agencies to take this opportunity to comment on this IC. This collection is scheduled to expire on October 31, 2014.

DATES: To ensure that your comments are considered, we must receive them on or before October 20, 2014.

ADDRESSES: You may submit comments on this information collection to the Information Collection Clearance Officer, U.S. Geological Survey, 12201 Sunrise Valley Drive MS 807, Reston, VA 20192 (mail); (703) 648-7197 (fax); or *gs-info_collections@usgs.gov* (email). Please reference Information Collection 1028-0078, North American Amphibian Monitoring Program (NAAMP) in all correspondence.

FOR FURTHER INFORMATION CONTACT: Michael J. Adams at U.S. Geological Survey, Forest and Rangeland Ecosystem Science Center, 3200 SW Jefferson Way, Corvallis, OR 97330 (mail); (541) 750-1069 (fax); or *mjadams@usgs.gov* (email).

SUPPLEMENTARY INFORMATION:

I. Abstract

This information collection pertains to volunteers who contribute their time to conduct frog call surveys at assigned survey routes for the North American Amphibian Monitoring Program. Volunteers use an on-line data entry system to submit data. This information is used by Agencies and organizations at

the state, federal and local levels. The information constitutes monitoring of amphibian populations, providing systematically collected information to enable managers in natural resource decision making. Responses are voluntary.

II. Data

OMB Control Number: 1028-0078.

Form Number: Various if many different forms or screen shots, otherwise provide the form number.

Title: North American Amphibian Monitoring Program (NAAMP)

Type of Request: Extension of a currently approved collection.

Affected Public: General Public; individual households.

Respondent's Obligation: None. Participation is voluntary.

Frequency of Collection: 3 times per year.

Estimated Total Number of Annual Responses: 1600.

Estimated Time per Response: 3 hours per response.

Estimated Annual Burden Hours: 4800.

Estimated Reporting and Recordkeeping "Non-Hour Cost" Burden: The "non-hour cost" burden associated with this IC is primarily vehicle mileage; calculated at the federal standard rate of 0.56 cents per mile times the approximate distance of a survey route (15 miles). The total estimate is \$8.40 per survey. Any new participants will also need to purchase a thermometer to record air temperature at \$15 each.

Public Disclosure Statement: The PRA (44 U.S.C. 3501, et seq.) provides that an agency may not conduct or sponsor and you are not required to respond to a collection of information unless it displays a currently valid OMB control number and current expiration date.

III. Request for Comments

We are soliciting comments as to: (a) Whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, usefulness, and clarity of the information to be collected; and (d) how to minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

Please note that the comments submitted in response to this notice are a matter of public record. Before including your personal mailing address, phone number, email address,

or other personally identifiable information in your comment, you should be aware that your entire comment, including your personally identifiable information, may be made publicly available at any time. While you can ask us in your comment to withhold your personally identifiable information from public view, we cannot guarantee that we will be able to do so.

Dated: August 13, 2014.

William Lellis,

Deputy Associate Director for Ecosystems.
