

assistance in completing the application. No person is required to submit any information unless a valid OMB control number is displayed. No person is required to submit any information unless they desire a Federal power allocation.

H. Is the collection developed by an office that has planned and allocated resources for the efficient and effective management and use of the information collected?

Western's power marketing offices will administer and evaluate the applications. Use and management of the collected information has been factored into each office's functions and resource requirements. Historically, Western has requested the same relative information from applicants and effectively used Western resources to utilize and manage the information in its determinations. Each power marketing office will make a recommendation to Western's Administrator on which applicant(s) should be awarded a Federal power allocation based on the information contained in the APD. Western's Administrator shall use his discretion in the final award of power allocations. The procedure and process for the allocation of power shall be the subject matter of a separate notice and is outside the scope of this process.

I. Does the collection use effective and efficient statistical survey methods?

Since the information collected is used to determine whether an applicant receives an allocation of Federal power, this section is inapplicable.

J. Does the collection use information technology to the maximum extent practicable to reduce the burden and to improve data quality, agency efficiency, and responsiveness to the public?

The APD will be accessible for downloading via Western's Web page. Western will accept email submission of the APD, as well as submission via fax or regular mail. Applicants also can enter the information on an electronic APD on Western's Web page.

VII. Invitation for Comments

Western invites public comment on its request to extend its APD that Western submitted to OMB pursuant to the Paperwork Reduction Act of 1995. The Paperwork Reduction Act requires OMB to make a decision on the ICR within 60 days after this publication or receipt of the proposed collection of information, whichever is later.²⁰

Comments should be sent directly to the addresses listed in the **ADDRESSES** Section above.

Dated: August 15, 2014.

Administrator.
