### Foreign Trade Regulations (FTR): Clarification on Uses of Electronic Export Information

**AGENCY:** Bureau of the Census, Commerce Department.

**ACTION:** Interim final rule.

**SUMMARY:** The U.S. Census Bureau issues this interim final rule to amend its regulations to reflect changes related to the implementation of the International Trade Data System (ITDS) and subsequent changes to the access to the electronic export information (EEI). The ITDS was established to eliminate redundant information requirements, efficiently regulate the flow of commerce and to effectively enforce laws and regulations relating to international trade by establishing a single portal system for the collection and distribution of standard electronic import and export data required by all participating federal agencies. Therefore, the Automated Export System (AES) will include export information collected under other federal agencies' authority, which is subject to those agencies' disclosure mandates. This rule clarifies the confidentiality provisions of the EEI and facilitates the legitimate sharing of

export data consistent with the goals for the ITDS.

**DATES:** *Effective Date:* This rule is effective August 22, 2014.

*Comment Due Date:* Comments on the interim rule should be submitted in writing to the addresses shown below on or before October 21, 2014 to be considered in the formation of the final rule.
