

COMMITTEE FOR PURCHASE FROM PEOPLE WHO ARE BLIND OR SEVERELY DISABLED

Procurement List Addition

AGENCY: Committee for Purchase From People Who Are Blind or Severely Disabled.

ACTION: Addition to the Procurement List.

SUMMARY: This action adds a product to the Procurement List that will be furnished by the nonprofit agency employing persons who are blind or have other severe disabilities.

DATES: *Effective Date:* September 22, 2014.

ADDRESSES: Committee for Purchase From People Who Are Blind or Severely Disabled, 1401 S. Clark Street, Suite 10800, Arlington, Virginia, 22202-4149.

FOR FURTHER INFORMATION CONTACT: Barry S. Lineback, Telephone: (703) 603-7740, Fax: (703) 603-0655, or email CMTEFedReg@AbilityOne.gov.

SUPPLEMENTARY INFORMATION:

Addition

On June 20, 2014 (79 FR 35320), the Committee for Purchase From People Who Are Blind or Severely Disabled published notice of proposed addition to the Procurement List.

After consideration of the material presented to it concerning capability of qualified nonprofit agency to furnish the product and impact of the addition on the current or most recent contractors, the Committee has determined that the

product listed below is suitable for procurement by the Federal Government under 41 USC 8501-8506 and 41 CFR 51-2.4.

Regulatory Flexibility Act Certification

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping or other compliance requirements for small entity other than the small organization that will furnish the product to the Government.

2. The action will result in authorizing a small entity to furnish the product to the Government.

3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 8501-8506) in connection with the product proposed for addition to the Procurement List.

End of Certification

Accordingly, the following product is added to the Procurement List:

Product

Measuring Tool, Set, Machinist's, MMTS

NSN: 5280-00-NIB-9919

NPA: Industries for the Blind, Inc., West Allis, WI

Contracting Activity: Army Contracting Command—U.S. Army Tank and Automotive Command, Warren, MI.

Coverage: C-List for 100% of the requirements of the U.S. Army as aggregated by Army Contracting

Command—U.S. Army Tank and Automotive Command, Warren, MI.

Barry S. Lineback,

Director, Business Operations.

(viii) *Date Report Delivered to Congress:* 12 Aug 2014

* As defined in Section 47(6) of the Arms Export Control Act.

POLICY JUSTIFICATION

Saudi Arabia—AWACS Modernization Program

The Kingdom of Saudi Arabia (KSA) has requested a sale of 5 Airborne Warning and Control System (AWACS) Block 40/45 Mission Computing Upgrade systems, 20 Next Generation Identification Friend or Foe (NG IFF) AN/UPX-40, communication equipment, provisioning, spare and repair parts, support equipment, Mission Planning System, repair and return, publications and technical documentation, personnel training and training equipment, U.S. Government and contractor logistics and technical support services, and other related elements of logistics and program support. The Block 40/45 major defense equipment includes new mission computing hardware and software with open architecture—including computers, servers, and mission interactive displays. The NG IFF major defense equipment includes receivers, interrogators and processor hardware for earlier detection of friendly contacts. The total estimated cost is \$2.0 billion.

The proposed sale will contribute to the foreign policy and the national security objectives of the United States by helping to improve the security of a friendly country that has been and continues to be an important force for political stability in the Middle East.

These upgrades are a continuation of efforts to maintain interoperability with U.S. and coalition forces. The Royal Saudi Air Force's (RSAF) AWACS fleet provides early warning of potential airborne threats to Saudi Arabia and manages friendly airborne assets. The sale of this equipment and support will enhance the RSAF's ability to effectively

field, support, and employ this aircraft for the foreseeable future. The KSA has the ability to absorb and use the defense articles and services associated with the AWACS modernization effort.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

Implementation of this proposed sale will not require the assignment of additional U.S. Government or contractor representatives to the KSA.

The principal contractor will be The Boeing Company in Kent, Washington. There are no known offset agreements in connection with this potential sale.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

Transmittal No. 14-11

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act

Annex

Item No. vii

(vii) *Sensitivity of Technology:*

1. Identification and security classification of classified equipment, major components, subsystems, software, technical data (performance, maintenance, operational, R&M, etc.), documentation, training devices and services to be conveyed with the proposed sale:

a. *AWACS Block 40/45:* The new mission computing system with Commercial Off-the Shelf (COTS) equipment significantly enhances the surveillance, identification, situational awareness and battle management capabilities of the AWACS. It will also provide on/off board, multi-source integration that produces "one-target/one-track" automatic track initiation and combat ID, improved data link infrastructure and reduced operator workload. The COTS equipment is Unclassified. The system software will be classified Secret.

b. *Next Generation Identification Friend or Foe (IFF):* The AN/UPX-40 system will include a new IFF Mode 5/ Mode S interrogator to improve tracking and identification of cooperative military and civil targets, reduce fratricide, and a Mode 5/Mode S transponder (AN/APX-119, Mark XIIA Digital Transponder) to respond to interrogations from military and civil

platforms. Hardware will be Mode 5 capable. The hardware and software will be Unclassified. The KIV-77 encryption device is Unclassified until keyed.

2. If a technologically advanced adversary were to obtain knowledge of the specific hardware and software elements, the information could be used to develop countermeasures that might reduce weapon system effectiveness or be used in the development of a system with similar advanced capabilities.

3. A determination has been made that the recipient country can provide the same degree of protection for the sensitive technology being released as the U.S. Government. This sale is necessary in furtherance of the U.S. foreign policy and national security objectives outlined in the Policy Justification.

4. All defense articles and services listed in this transmittal have been authorized for release and export to the Kingdom of Saudi Arabia.
