Federal Emergency Management Agency

[Docket ID: FEMA-2014-0020; OMB No. 1660-0058]

Agency Information Collection Activities: Submission for OMB Review; Comment Request

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Notice.

SUMMARY: The Federal Emergency Management Agency (FEMA) will submit the information collection abstracted below to the Office of Management and Budget for review and clearance in accordance with the requirements of the Paperwork Reduction Act of 1995. The submission will describe the nature of the information collection, the categories of respondents, the estimated burden (i.e., the time, effort and resources used by respondents to respond) and cost, and the actual data collection instruments FEMA will use.

DATES: Comments must be submitted on or before September 24, 2014.

ADDRESSES: Submit written comments on the proposed information collection to the Office of Information and Regulatory Affairs, Office of Management and Budget. Comments should be addressed to the Desk Officer for the Department of Homeland Security, Federal Emergency Management Agency, and sent via electronic mail to oir.submission@omb.eop.gov or faxed to (202) 395-5806.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection should be made to Director, Records Management Division, 500 C Street, Washington, DC 20472-3100, facsimile number (202) 212-4701, or email address FEMA-Information-Collections-Management@dhs.gov.

SUPPLEMENTARY INFORMATION: FEMA published a 60-day **Federal Register**

Notice inviting public comments on May 28, 2014, 79 FR 30633. FEMA received one comment from one respondent. The commenter stated that government funds should not be used for pre-fire activities but rather homeowners should be responsible and take necessary steps to avoid fires. The commenter did approve of funds being used for cleanup. They also stated that government should be smaller. FEMA appreciates receiving this comment although the comment is not directly related to the cost and hour burden. If a grant is approved, the funds only pay for minimum pre-fire activities and these must be pre-approved in order to be eligible for funding. The funds used for pre-fire activities pay for pre-positioning equipment and personnel so a fire can be more quickly mitigated and contained, which helps reduce government fire-fighting costs.
