RIN 1625–AA11

Regulated Navigation Area; Sarah Mildred Long Bridge Replacement, Portsmouth, NH

AGENCY: Coast Guard, DHS.

ACTION: Notice of Proposed Rulemaking.

SUMMARY: The United States Coast Guard proposes to establish a regulated navigation area (RNA) on the navigable waters of the Piscataqua River under and surrounding the Sarah Mildred Long Bridge between Portsmouth, NH and Kittery, ME. This RNA would allow the Coast Guard to enforce speed and wake restrictions and prohibit all vessel traffic through the RNA during bridge replacement operations, both planned and unforeseen, which could pose an imminent hazard to persons and vessels operating in the area. This rule is necessary to provide for the safety of life on the navigable waters during bridge structural repair operations.

DATES: Comments and related material must be received by the Coast Guard on or before September 24, 2014.
