This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

**ACTION:** Notice and Opportunity for Public Comment.

Pursuant to Section 251 of the Trade Act 1974, as amended (19 U.S.C. 2341 et seq.), the Economic Development Administration (EDA) has received petitions for certification of eligibility to apply for Trade Adjustment Assistance from the firms listed below. Accordingly, EDA has initiated investigations to determine whether increased imports into the United States of articles like or directly competitive with those produced by each of these firms contributed importantly to the total or partial separation of the firm's workers, or threat thereof, and to a decrease in sales or production of each petitioning firm.

[B-59-2014]

**Foreign-Trade Zone (FTZ) 90—Onondaga County, New York; Notification of Proposed Production Activity; PPC Broadband, Inc.; Subzone 90C (Coaxial Jumper Cables); Dewitt, New York**

The Onondaga County Office of Economic Development, grantee of FTZ 90, submitted a notification of proposed production activity to the FTZ Board on behalf of PPC Broadband, Inc. (PPC Broadband), located in Dewitt, New York. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on August 12, 2014.

PPC Broadband already has authority to produce coaxial cable connectors within Subzone 90C. The current

request would add a finished product (coaxial jumper cables with connectors) and an input (coaxial cable) to the scope of authority. Pursuant to 15 CFR 400.14(b), additional FTZ authority would be limited to the specific foreign-status materials/components and specific finished products described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

The additional production under FTZ procedures could exempt PPC Broadband from customs duty payments on the coaxial cable and on the components in the existing scope of authority used in export production. On its domestic sales, PPC Broadband would be able to choose the duty rate during customs entry procedures that applies to coaxial jumper cables with connectors for the foreign-status coaxial cable (duty rate for both is 5.3%) and for the foreign-status components in the existing scope of authority. Customs

duties also could possibly be deferred or reduced on foreign-status production equipment.

Public comment is invited from interested parties. Submissions shall be addressed to the FTZ Board's Executive Secretary at the address below. The closing period for their receipt is October 6, 2014.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230-0002, and in the "Reading Room" section of the FTZ Board's Web site, which is accessible via [www.trade.gov/ftz](http://www.trade.gov/ftz).
