Agency Information Collection Activities: Proposed Request and Comment Request

The Social Security Administration (SSA) publishes a list of information collection packages requiring clearance by the Office of Management and Budget (OMB) in compliance with Public Law 104-13, the Paperwork Reduction Act (PRA) of 1995, effective October 1, 1995. This notice includes revisions and extensions of OMB-approved information collections.

SSA is soliciting comments on the accuracy of the agency's burden estimate; the need for the information; its practical utility; ways to enhance its quality, utility, and clarity; and ways to minimize burden on respondents,

including the use of automated collection techniques or other forms of information technology. Mail, email, or fax your comments and recommendations on the information collection(s) to the OMB Desk Officer and SSA Reports Clearance Officer at the following addresses or fax numbers. (OMB) Office of Management and Budget, *Attn:* Desk Officer for SSA, *Fax:* 202-395-6974, *Email address:* *OIRA_Submission@omb.eop.gov.* (SSA) Social Security Administration, OLCA, *Attn:* Reports Clearance Director, 3100 West High Rise, 6401 Security Blvd., Baltimore, MD 21235, *Fax:* 410-966-2830, *Email address:* *OR.Reports.Clearance@ssa.gov.*

I. The information collections below are pending at SSA. SSA will submit them to OMB within 60 days from the date of this notice. To be sure we

consider your comments, we must receive them no later than October 27, 2014. Individuals can obtain copies of the collection instruments by writing to the above email address.

1. Partnership Questionnaire—20 CFR 404.1080-1082—0960-0025. SSA considers partnership income in determining entitlement to Social Security benefits. SSA uses information from Form SSA-7104 to determine several aspects of eligibility for benefits, including the accuracy of reported partnership earnings; the veracity of a retirement; and lag earnings. The respondents are applicants for, and recipients of, Title II Social Security Old Age, Survivors, and Disability Insurance benefits.

Type of Request: Revision of an OMB-approved information collection.

Modality of completion	Number of respondents	Frequency of response	Average burden per response (minutes)	Estimated total annual burden (hours)
SSA-7104	12,350	1	30	6,175

2. Statement of Marital Relationship (by one of the parties)—20 CFR 404.726—0960-0038. SSA must obtain a signed statement from a spousal applicant if the applicant claims a common-law marriage to the insured in a state in which such marriages are

recognized, and no formal marriage documentation exists. SSA uses information we collect on Form SSA-754-F4 to determine if an individual applying for spousal benefits meets the criteria of common-law marriage under state law. The respondents are

applicants for spouse's Social Security benefits or Supplemental Security Income (SSI) payments.

Type of Request: Revision of an OMB-approved information collection,

Modality of completion	Number of respondents	Frequency of response	Average burden per response (minutes)	Estimated total annual burden (hours)
SSA-754-F4	30,000	1	30	15,000

3. Application for a Social Security Number Card, and the Social Security Number Application Process (SSNAP)—20 CFR 422.103—422.110—0960-0066. SSA collects information on the SS-5 (used in the United States) and SS-5-FS (used outside the United States) to issue original or replacement Social Security cards. SSA also enters the application data into the Social Security Number Application Process (SSNAP) when applicants request a new or replacement card via telephone or in person. In addition, hospitals collect the

same information on SSA's behalf for newborn children through the Enumeration-at-Birth process. In this process, parents of newborns provide hospital birth registration clerks with information required to register these newborns. Hospitals send this information to State Bureaus of Vital Statistics (BVS), and they send the information to SSA's National Computer Center. SSA then uploads the data to the SSA mainframe along with all other enumeration data, and we assign the newborn a Social Security number

(SSN) and issue a Social Security card. Respondents can also use these modalities to request a change in their SSN records. The respondents for this collection are applicants for original and replacement Social Security cards, or individuals who wish to change information in their SSN records, who use any of the modalities described above.

Type of Request: Revision of an OMB-approved information collection,

Modality of completion	Number of respondents	Frequency of response	Average burden per response (minutes)	Estimated total annual burden (hours)
Respondents who do not have to provide parents' SSNs	12,000,000	1	8.5	1,700,000
Respondents whom we ask to provide parents' SSNs (when applying for original SSN cards for children under age 18)	400,000	1	9	60,000

Modality of completion	Number of respondents	Frequency of response	Average burden per response (minutes)	Estimated total annual burden (hours)
Applicants age 12 or older who need to answer additional questions so SSA can determine whether we previously assigned an SSN	1,500,000	1	9.5	237,500
Applicants asking for a replacement SSN card beyond the new allowable limits (i.e., who must provide additional documentation to accompany the application)	900	1	60	900
Authorization to SSA to obtain personal information cover letter	500	1	15	125
Authorization to SSA to obtain personal information follow-up cover letter	500	1	15	125
Totals	13,901,900	1,998,650

Cost Burden: The State BVSs incur costs of approximately \$9.8 million for transmitting data to SSA’s mainframe. However, SSA reimburses the states for these costs.

4. Workers’ Compensation/Public Disability Questionnaire—20 CFR 404.408—0960-0247. Section 224 of the Social Security Act (Act) provides for

the reduction of disability insurance benefits (DIB) when the combination of DIB and any workers’ compensation (WC) or certain Federal, State or local public disability benefits (PDB) exceeds 80 percent of the worker’s pre-disability earnings. SSA field office staff conducts face-to-face interviews with applicants

using the electronic WC/PDB screens in the Modernized Claims System (MCS) to determine if the worker’s receipt of WC or PDB payments will cause a reduction of DIB. The respondents are applicants for the Title II DIB.

Type of Request: Extension of an OMB-approved information collection.

Modality of completion	Number of respondents	Frequency of response	Average burden per response (minutes)	Estimated total annual burden (hours)
MCS	248,000	1	15	62,000

5. Medicaid Use Report—20 CFR 416.268—0960-0267. Section 20 CFR 416.268 of the Code of Federal Regulations requires SSA to determine eligibility for (1) Special SSI cash payments; and for (2) special SSI eligibility status for a person who works despite a disabling condition. It also

explains how, to qualify for special SSI eligibility status, an individual must establish that termination of eligibility for benefits under Title XIX of the Act would seriously inhibit the ability to continue employment. SSA uses the information required by this regulation to determine if an individual is entitled

to special Title XVI SSI payments and, consequently, to Medicaid. The respondents are SSI recipients for whom SSA has stopped payments based on earnings.

Type of Request: Extension of an OMB-approved information collection.

Modality of completion	Number of respondents	Frequency of response	Average burden per response (minutes)	Estimated total annual burden (hours)
20 CFR 416.268	60,000	1	3	3,000

II. SSA submitted the information collection below to OMB for clearance. Your comments regarding the information collection would be most useful if OMB and SSA receive them 30 days from the date of this publication. To be sure we consider your comments, we must receive them no later than September 29, 2014. Individuals can obtain copies of the OMB clearance package by writing to OR.Reports.Clearance@ssa.gov.

Medical Permit Parking Application—41 CFR 101-20-101-40—0960-0624.

SSA employees and contractors with a qualifying medical condition who park at SSA-owned and leased facilities may apply to receive a medical parking permit. SSA uses three forms for this program: (1) SSA-3192, the Application and Statement, which an individual completes when first applying for the medical parking space; (2) SSA-3193, the Physician’s Report, which the applicant’s physician completes to verify the medical condition; and (3) SSA-3194, Renewal Certification,

which medical parking permit holders complete to verify their continued need for the permit. The respondents are SSA employees and contractors seeking medical parking permits and their physicians.

Note: Because SSA employees are Federal workers exempt from the requirements of the PRA, the burden below is only for SSA contractors and physicians (of both SSA employees and contractors).

Type of Request: Revision of an OMB-approved information collection.

Modality of completion	Number of respondents	Frequency of response	Average burden per response (minutes)	Estimated total annual burden (hours)
SSA-3192	290	1	30	145

Modality of completion	Number of respondents	Frequency of response	Average burden per response (minutes)	Estimated total annual burden (hours)
SSA-3193	580	1	90	870
