In carrying out its responsibilities, the Board examines NFA programs to determine whether these programs further the basic missions that are approved by the Administrator of FEMA, examines the physical plant of the NFA to determine the adequacy of the NFA's facilities, and examines the funding levels for NFA programs. The Board submits a written annual report through the United States Fire Administrator to the Administrator of FEMA. The report provides detailed comments and recommendations regarding the operation of the NFA.

Agenda

On the first day of the meeting, there will be 6 sessions, with deliberations and voting at the end of each session as necessary.

eliminates the use of paper-based student materials; and

3. The Board will then receive updates on U.S. Fire Administration data, research, and response support initiatives.

4. The Board will then discuss the Professional Development Subcommittee activities, including the Professional Development Symposium, which brings national training and education audiences together for their annual conference and support initiatives, and the guidelines for work groups within the subcommittee.

5. The BOV will receive annual ethics training.

6. The BOV will discuss deferred maintenance and capital improvements on the National Emergency Training Center campus and Fiscal Year 2015 Budget Request/Budget Planning, as well as tour the campus facility.
