asked to provide notice of intent to attend by sending an email to BoardRSVP@firstnet.gov. If the number of RSVPs indicates that expected attendance has reached auditorium capacity, FirstNet will respond to all subsequent notices indicating that auditorium capacity has been reached and that in person viewing may no longer be available and that the meeting may still be viewed by webcast as detailed below. For access to the meetings, valid, government issued photo identification may be requested for security reasons.

The meetings are accessible to people with disabilities. Individuals requiring accommodations, such as sign language interpretation or other ancillary aids, are asked to notify Uzoma Onyeije, Secretary, FirstNet, at (703) 648–4165 or Uzoma.onyeije@firstnet.gov at least five (5) business days before the meeting.

The meetings will also be webcast. Please refer to FirstNet's Web site at www.firstnet.gov for webcast instructions and other information. If you have technical questions regarding the webcast, please contact Ruben Vasquez at (703) 648–4195 or by email at ruben.vasquez@firstnet.gov.

Records: NTIA maintains records of all Board proceedings. Board minutes will be available at http://www.ntia.doc.gov/category/firstnet.

Dated: August 29, 2014.

Proposed Collection; Comment Request

ACTION: Notice.

SUMMARY: The United States Patent and Trademark Office (USPTO), as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on a continuing information collection, as required by the Paperwork Reduction Act of 1995, Public Law 104–13 (44 U.S.C. 3506(c)(2)(A)).

DATES: Written comments must be submitted on or before November 3, 2014.

ADDRESS: You may submit comments by any of the following means:

- Email: InformationCollection@uspto.gov. Include “0651–0035 comment” in the subject line of the message.
- Mail: Marcie Lovett, Records Management Division Director, Office of the Chief Information Officer, United States Patent and Trademark Office, P.O. Box 1450, Alexandria, VA 22313–1450.

FOR FURTHER INFORMATION CONTACT: Requests for additional information should be directed to Raul Tamayo, Senior Legal Advisor, Office of Patent Legal Administration, United States Patent and Trademark Office, P.O. Box 1450, Alexandria, VA 22313–1450; by telephone at 571–272–7728; or by email to Raul.Tamayo@uspto.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

This information collection includes the information necessary to submit a request to grant or revoke power of attorney for an application, patent, or reexamination proceeding, and for a registered practitioner to withdraw as attorney or agent of record. This collection also includes the information necessary to change the correspondence address for an application, patent, or reexamination proceeding, to request a Customer Number and manage the correspondence address and list of practitioners associated with a Customer Number, and to designate or change the correspondence address or fee address for one or more patents or applications by using a Customer Number.

Under 35 U.S.C. 2 and 37 CFR 1.31–1.36, the applicant for patent or the assignee of the entire interest of the applicant (for an application filed before September 16, 2012), or for a patent which issued from an application filed before September 16, 2012), or the applicant for patent or the patent owner (for an application filed on or after September 16, 2012), or for a patent which issued from an application filed on or after September 16, 2012), may grant power of attorney to one or more joint inventors or a person who is registered to practice before the USPTO to act for them in an application or a patent. A power of attorney may also be revoked, and a registered practitioner may also withdraw as attorney or agent of record under 37 CFR 1.36. The rules of practice (37 CFR 1.33) also provide for a practitioner of record (a practitioner not of record may do so if named in the transmitted papers and if any power of attorney has yet to be appointed) or the applicant (for an application filed on or after September 16, 2012), to supply a correspondence address and daytime telephone number for receiving notices, official letters, and other communications from the USPTO. The USPTO’s Customer Number practice permits applicants, patent owners, assignees, and practitioners of record to change the correspondence address of a patent application or patent, or the representatives of record for a number of patents or applications with one change request instead of filing separate requests for each patent or application. Customers may request a Customer Number from the USPTO and associate this Customer Number with a correspondence address or a list of registered practitioners. Any changes to the address or practitioner information associated with a Customer Number will be applied to all patents and applications associated with said Customer Number.

The Customer Number practice is optional, in that changes of correspondence address or power of attorney may be filed separately for each patent or application without using a Customer Number. However, a Customer Number associated with the correspondence address for a patent application is required in order to access private information about the application using the Patent Application Information Retrieval (PAIR) system, which is available through the USPTO Web site. The PAIR system gives authorized individuals secure online access to application status information, but only for patent applications that are linked to a Customer Number. Customer Numbers may be associated with U.S. patent applications as well as international Patent Cooperation Treaty (PCT) applications. The use of a Customer Number is also required in order to grant power of attorney to more than ten practitioners or to establish a separate ”fee address” for maintenance fee purposes that is different from the correspondence address for a patent or application.

Customers may use a Customer Number Upload Spreadsheet to designate or change the correspondence address or fee address for a list of patents or applications by associating them with a Customer Number. The
Customer Number Upload Spreadsheet may not be used to change the power of attorney for patents or applications. Customers may download a Microsoft Excel template with instructions from the USPTO Web site to assist them in preparing the spreadsheet in the proper format.

II. Method of Collection

By mail, facsimile, hand delivery, or electronically to the USPTO.

III. Data

OMB Number: 0651–0035. Form Number(s): PTO/AIA/80/81/81B/82A/82B/122/123, PTO/SB/80/81/81A/81B/81C/83/84/124/125, and PTO–2248.

### Estimated Total Annual Non-hour Respondent Cost Burden

Estimated Total Annual Non-hour Respondent Cost Burden: $26,094.04. There are no capital start-up, maintenance, or recordkeeping costs associated with this information collection. However, this collection does have annual (non-hour) cost burden in the form of filing fees (for the two petitions in the collection) and postage costs.

Specifically, the only items in this collection with associated filing fees are the following two petitions:

- Petition Under 37 CFR 1.36(a) to Revoke Power of Attorney by Fewer than All the Applicants
- Petition to Waive 37 CFR 1.32(b)(4) and Grant Power of Attorney by Fewer than All the Applicants

37 CFR 1.17(f) procribes the filing fees for these items as $400 for large entity, $200 for small entity, and $100 for micro entity. The USPTO estimates that 25% of all fees are paid by small entities and that 25% of all small entities are micro entities. As the USPTO estimates 10 responses for the petition, the total filing fees for this collection will be $6,875 per year.

The public may incur postage costs when submitting the information in this collection.

collection to the USPTO by mail. The USPTO estimates that approximately 3% (16,818 items) of the 560,615 items will be submitted to the USPTO by mail. Due to the unique materials, including a diskette or CD and cover letter, required for Customer Number Upload Spreadsheet submissions, the USPTO estimates that the average first-class postage cost for the 1,000 spreadsheet submissions will be $2.73; at a total cost of $2,730. The reminder of the mailed items (15,918) will be sent by first-class postage at a rate of $1.42 with an estimated cost of $22,461. Therefore, the total estimated postage cost for this collection is approximately $25,191 per year.

The total (non-hour) respondent cost burden for this collection in the form of filing fees and postage costs is estimated to be $32,066 per year.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency’s estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, e.g., the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Submission for OMB Review; Comment Request

The United States Patent and Trademark Office (USPTO) will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Title: Patent Examiner Employment Application.

Agency Approval Number: 0651–0042.

Type of Request: Revision of a currently approved collection.

Burden: 8,051.5 hours annually.

Number of Respondents: 16,103 responses per year.

Avg. Hours per Response: The USPTO estimates that it will take the public approximately 30 minutes (0.5 hours) to complete the employment application, depending upon the applicant’s situation.

Needs and Uses: The Monster Hiring Management (MHM) online application system creates an electronic real-time candidate inventory that allows the USPTO to review applications from potential applicants almost instantaneously. Given the immediate hiring need of the Patent Examining Corps, time consumed in the mail distribution system or paper review of applications delays the decision-making process by several weeks. The MHM system results in increased speed and accuracy in the employment process, in addition to streamlining labor and reducing costs.

Affected Public: Businesses or other for-profit organizations.

Frequency: On occasion.

Respondent’s Obligation: Required to obtain or retain benefits.

OMB Desk Officer: Nicholas A. Fraser, email: Nicholas_A_Fraser@omb.eop.gov.

Once submitted, the request will be publicly available in electronic format through the Information Collection Review page at www.reginfo.gov.

Paper copies can be obtained by:

• Email: InformationCollection@uspto.gov. Include “0651–0042 copy request” in the subject line of the message.

• Mail: Marcie Lovett, Records Management Division Director, Office of the Chief Information Officer, United States Patent and Trademark Office, P.O. Box 1450, Alexandria, VA 22313–1450.

FOR FURTHER INFORMATION CONTACT:
Requests for additional information should be directed to the attention of Michael Easdale, Office of Patent Quality Assurance, United States Patent and Trademark Office, P.O. Box 1450, Alexandria, VA 22313–1450; by telephone at 571–272–3533; or by email to Michael.Easdale@uspto.gov with “Paperwork” in the subject line.

SUPPLEMENTARY INFORMATION

I. Abstract

The United States Patent and Trademark Office (USPTO) designed and developed the Patents Ombudsman Program in response to customer feedback that the prosecution of patent applications does not always proceed in accordance with established procedures. In some situations, the patent applicants, attorneys, and agents have felt that examination has stalled and their efforts to move their applications forward through the normal channels have not been effective.
