

Power Repayment Study using the existing Robert D. Willis Rate Schedule.² Guidelines for preparation of power repayment studies are included in DOE Order No. RA 6120.2 entitled Power Marketing Administration Financial Reporting. This study indicates that Southwestern's legal requirement to repay the investment in the power generating facility for power and energy marketed by Southwestern will not be met without an increase in revenues. The need for increased revenues is primarily due to increased investments and replacements in Corps hydroelectric generating facilities and a slight increase in the costs associated with operations and maintenance. The 2014 Revised Power Repayment Study shows that additional annual revenues of \$109,164 (a 10.2 percent increase) are needed to satisfy repayment criteria.

Because of concerns expressed by Southwestern's customers during the development of the 2014 Power Repayment Studies regarding the magnitude of the proposed increase, Southwestern is proposing to increase revenue in two steps over a two-year period. Because Southwestern's current rates are sufficient to recover all average operation and maintenance expenses during the next two years, the ability to meet both annual and long-term repayment criteria is satisfied by increasing revenues in two steps over the period.

The first step of the rate increase, beginning January 1, 2015, would incorporate one half of the required revenue or 5.1 percent (\$54,582). The second step of the rate increase, beginning October 1, 2015, and ending on September 30, 2018, would incorporate the remaining one half of the revenue requirement (\$54,582 or 5.1 percent). Southwestern will continue to perform its Power Repayment Studies annually, and if the 2015 results should indicate the need for additional revenues, another rate filing will be conducted and updated revenue requirements implemented for FY 2016 and thereafter.

Procedures for public participation in power and transmission rate adjustments of the Power Marketing Administrations are found at title 10, part 903, subpart A of the Code of Federal Regulations (10 CFR part 903). Southwestern's customers and other interested parties may request copies of the 2014 Robert D. Willis Power Repayment Studies and the proposed

Rate Schedule. Submit requests to the Director, Division of Resources and Rates, Office of Corporate Operations, Southwestern Power Administration, One West Third, Tulsa, OK 74103, (918) 595-6684 or via email to swparates@swpa.gov.

If requested a Public Information and Comment Forum (Forum) will be held on October 8, 2014, to explain to customers and interested parties the proposed Rate Schedule and supporting 2014 Power Repayment Studies, and to allow for comment. A chairman, who will be responsible for orderly procedure, will conduct the Forum if requested. Questions concerning the rates, studies, and information presented at the Forum will be answered, to the extent possible, at the Forum. Questions not answered at the Forum will be answered in writing. Questions involving voluminous data contained in Southwestern's records may best be answered by consultation and review of pertinent records at Southwestern's offices.

Persons requesting that a Forum be held should indicate in writing to the Acting Vice President and Chief Operating Officer (see **FOR FURTHER INFORMATION CONTACT**) by letter, email, or facsimile transmission (918-595-6687) by September 11, 2014, their request for such a Forum. If no request is received, no such Forum will be held. Persons interested in speaking at the Forum, if held, should submit a request to the Acting Vice President and Chief Operating Officer, Southwestern, at least seven (7) calendar days prior to the Forum so that a list of forum participants can be developed. The chairman may allow others to speak if time permits.

A transcript of the Forum, if held, will be made. Copies of the transcript and all documents introduced will be available for review at Southwestern's offices (see **ADDRESSES**) during normal business hours. Copies of the transcript and all documents introduced may also be obtained, for a fee, from the transcribing service. A copy of all written comments or an electronic copy in MS Word on the proposed Robert D. Willis Rate Schedule is due on or before October 20, 2014. Comments should be submitted to the Acting Vice President and Chief Operating Officer, Southwestern, (see **FOR FURTHER INFORMATION CONTACT**).

Procedures for the confirmation and approval of rates for the Federal Power Marketing Administrations are found at title 18, part 300, subpart L of the Code of Federal Regulations (18 CFR part 300). The Administrator will review and consider oral and written comments and the information gathered in the course

of the proceeding when submitting the finalized Robert D. Willis Power Repayment Studies and Rate Schedule Proposal in support of the proposed rate to the Deputy Secretary of Energy for confirmation and approval on an interim basis, and subsequently to the Federal Energy Regulatory Commission for confirmation and approval on a final basis. Once submitted for final confirmation and approval, the Commission will allow the public an opportunity to provide written comments on the proposed rate increase before making a final decision.

Dated: August 27, 2014.

Christopher M. Turner,
Administrator.

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OW-2008-0878.1; FRL-9916-15-OW]

Notice of Public Meeting and Webinar: Distribution System Storage Facility Inspection and Cleaning

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of public meeting.

SUMMARY: The U.S. Environmental Protection Agency (EPA) Office of Ground Water and Drinking Water announces a public meeting and webinar on Distribution System Storage Facility Inspection and Cleaning. The purpose of the meeting and webinar is to gather input and information from the public and stakeholders on distribution system water storage facility inspection and cleaning and other risk management approaches to help maintain facility integrity and finished water quality. The presenters and panelists will provide background information concerning storage facility inspection and cleaning, existing state programs and available guidance documents. Opportunity for public comment will be provided as described in the **SUPPLEMENTARY INFORMATION** section.

DATES: The public meeting and webinar will be held on Wednesday, October 15, 2014, from 12 p.m. to 5 p.m., Eastern Time. Persons wishing to attend the meeting in-person or online via webinar must register by October 8, 2014, as described in the **SUPPLEMENTARY INFORMATION** section.

ADDRESSES: The public meeting will be held at The Cadmus Group, Inc., third floor conference room located at 1555 Wilson Blvd., Suite 300, Arlington, VA

²FERC, on April 29, 2013, confirmed and approved the existing Robert D. Willis rate schedule for the period October 1, 2012 through September 30, 2016. See 143 FERC ¶ 62,067.

22209. All attendees must show government-issued photo identification (e.g., a driver's license) when signing in. This meeting will also be simultaneously broadcast as a webinar, available on the Internet.

FOR FURTHER INFORMATION CONTACT:

Members of the public who wish to receive further information about the meeting and webinar or have questions about this notice should contact Sean Conley, Standards and Risk Management Division, Office of Ground Water and Drinking Water (MC 4607M), U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue NW., Washington, DC 20460; telephone number: (202) 564-1781; email address: conley.sean@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. How may I participate in this meeting/webinar?

Persons wishing to attend the meeting in person or online via the webinar must register in advance no later than 5 p.m., Eastern Time on October 8, 2014, by sending an email to: SFIWebinar@cadmusgroup.com. The agenda for the public meeting and webinar will include time for public involvement. To ensure adequate time for public involvement, individuals or organizations interested in making a statement should mention their interest when they register. All presentation materials should be emailed to SFIWebinar@cadmusgroup.com by October 8, 2014, so that the information can be incorporated into the webinar. We ask that only one person present the statement on behalf of a group or organization, and that the statement be limited to five minutes. Any additional comments or written statements from attendees will be taken if time permits or can be sent to SFIWebinar@cadmusgroup.com after the public meeting and webinar. The number of seats and webinar connections available for the meeting is limited and will be available on a first-come, first-served basis.

B. How can I get a copy of the meeting/webinar materials?

The meeting materials will be sent by email to the registered attendees prior to the public meeting and webinar; copies will also be provided for attendees at the meeting. Meeting materials and information about registration and participation in the meeting and webinar can be found on the EPA's Distribution Systems Web page: <http://water.epa.gov/lawsregs/rulesregs/sdwa/tcr/distributionsystems.cfm>.

Special Accommodations: Individuals with disabilities who wish to attend the meeting in person can request special accommodations by contacting SFIWebinar@cadmusgroup.com no later than October 3, 2014, to give the EPA as much time as possible to process the request.

II. Background

In the **Federal Register** notice for the proposed Revisions to the Total Coliform Rule (75 FR 40926, July 14, 2010), the EPA requested comment on the value and cost of periodic distribution system storage tank inspection and cleaning. The EPA received comments regarding unsanitary conditions and contamination that can be found in storage facilities, which are not routinely inspected and cleaned, including breaches and accumulation of sediment, animals, insects and other contaminants. Some commenters suggested the need for a Federal regulation requiring systematic inspection and cleaning because the existing practices are not successful in all cases. Others suggested that regular sanitary surveys conducted by States and the adherence to existing industry guidance could resolve such issues. The comments can be reviewed in the docket for the rule at <http://www.regulations.gov/#!documentDetail;D=EPA-HQ-OW-2008-0878-0283>. This meeting and webinar and the subsequent opportunity to submit comments are intended to collect more data and information about the frequency of distribution system water storage facility inspection and cleaning and the need for more or better risk management approaches.

Dated: August 25, 2014.

Eric Burneson,

Acting Director, Office of Ground Water and Drinking Water.

FEDERAL COMMUNICATIONS COMMISSION

Information Collections Being Reviewed by the Federal Communications Commission Under Delegated Authority

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501-

3520), the Federal Communications Commission (FCC or the Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collection. Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

The FCC may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid Office of Management and Budget (OMB) control number.

DATES: Written PRA comments should be submitted on or before November 3, 2014. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Cathy Williams, FCC, via email PRA@fcc.gov and to Cathy.Williams@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection, contact Cathy Williams at (202) 418-2918.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060-0310.
Title: Community Cable Registration, FCC Form 322.

Form Number: FCC Form 322.
Type of Review: Extension of a currently approved collection.

Respondents: Business and other for-profit entities; not-for-profit institutions.
Number of Respondents and Responses: 601 respondents and 601 responses.

Estimated Time per Response: 30 minutes.

Frequency of Response: One time and on occasion reporting requirements.

Total Annual Burden: 301 hours.
Total Annual Cost: \$36,060.

Obligation To Respond: Required to obtain or retain benefits. The statutory
