[Notice—CECANF—2014—05; Docket No. 2014—0006; Sequence No. 5]

Commission To Eliminate Child Abuse and Neglect Fatalities; Announcement of Meeting

AGENCY: Commission to Eliminate Child Abuse and Neglect Fatalities, GSA.

ACTION: Meeting Notice.

SUMMARY: The Commission to Eliminate Child Abuse and Neglect Fatalities (CECANF), a Federal Advisory Committee established by the Protect Our Kids Act of 2012, Public Law 112–275, will hold a meeting open to the public on Monday, September 22 and Tuesday, September 23, 2014 in Denver, Colorado.

DATES: The meeting will be held on Monday, September 22 2014, from 8:30 a.m. to 5:00 p.m., and Tuesday, September 23, from 8:30 a.m.—2:30 p.m. Mountain Time.

ADDRESSES: CECANF will convene its meeting at One Denver Federal Center, Building 41—Remington Arms Room, Denver, CO 80225. This site is accessible to individuals with disabilities. The meeting will also be made available via teleconference.

Submit comments identified by “Notice—CECANF—2014—05”, by either of the following methods:

- *Regulations.gov:* <http://www.regulations.gov>. Submit comments via the Federal eRulemaking portal by searching for “Notice—CECANF—2014—05”. Select the link “Comment Now” that corresponds with “Notice—CECANF—2014—05”. Follow the instructions provided at screen. Please include your name, organization name (if any), and “Notice—CECANF—2014—05” on your attached document.

- *Mail:* Commission to Eliminate Child Abuse and Neglect Fatalities, c/o General Services Administration, Agency Liaison Division, 1800 F St. NW., Room 7003D, Washington, DC 20006.

Instructions: Please submit comments only and cite “Notice—CECANF—2014—05” in all correspondence related to this notice. All comments received will be posted without change to <http://www.regulations.gov>, including any personal and/or business confidential information provided.

FOR FURTHER INFORMATION CONTACT: Visit the CECANF Web site at <https://eliminatechildabusefatalities.sites.usa.gov/> or contact Ms. Patricia Brincefield, Communications Director, at 202–818–9596, 1800 F St. NW., Room 7003D, Washington, DC 20006.

SUPPLEMENTARY INFORMATION:

Background: CECANF was established to develop a national strategy and recommendations for reducing fatalities resulting from child abuse and neglect.

Agenda: The purpose of the meeting is for Commission members to gather national and state-specific information regarding child abuse and neglect fatalities. The Commission will hear from researchers and issue experts regarding the scope of the problem, strategies for improving national data collection, policy barriers and opportunities to reduce maltreatment fatalities, confidentiality issues, and potential solutions. Experts from such disciplines as child welfare, law enforcement, health, and public health will present strategies for addressing the issue of child abuse and neglect fatalities.

Attendance at the Meeting: Individuals interested in attending the meeting in person or participating by webinar and teleconference line must register in advance. To register to attend in person or by webinar/phone, please go to <https://attendee.gotowebinar.com/register/2847427613386511874> and follow the prompts. You will receive a confirmation email once you register with the webinar login and teleconference number. Detailed meeting minutes will be posted within 90 days of the meeting. Members of the public will not have the opportunity to ask questions or otherwise participate in the meeting.

However, members of the public wishing to comment should follow the steps detailed under the heading Addresses in this publication or contact us via the CECANF Web site at <https://eliminatechildabusefatalities.sites.usa.gov/contact-us/>.

Dated: August 26, 2014.

Karen White,

Executive Assistant.

Quality****Agency Information Collection
Activities: Proposed Collection;
Comment Request**

AGENCY: Agency for Healthcare Research and Quality, HHS.

ACTION: Notice.

SUMMARY: This notice announces the intention of the Agency for Healthcare Research and Quality (AHRQ) to request that the Office of Management and Budget (OMB) approve the proposed information collection project: “Guide to Nursing Home Antimicrobial Stewardship.” In accordance with the Paperwork Reduction Act of 1995, Public Law 104–13 (44 U.S.C. 3506(c)(2)(A)), AHRQ invites the public to comment on this proposed information collection.

This proposed information collection was previously published in the **Federal Register** on May 21st 2014 and allowed 60 days for public comment. No comments were received. The purpose of this notice is to allow an additional 30 days for public comment.

DATES: Comments on this notice must be received by October 6, 2014.

ADDRESSES: Written comments should be submitted to: Doris Lefkowitz, Reports Clearance Officer, AHRQ, by email at doris.lefkowitz@ahrq.hhs.gov.

Copies of the proposed collection plans, data collection instruments, and specific details on the estimated burden can be obtained from the AHRQ Reports Clearance Officer.

FOR FURTHER INFORMATION CONTACT:

Doris Lefkowitz, AHRQ Reports Clearance Officer, (301) 427–1477, or by email at doris.lefkowitz@ahrq.hhs.gov.

SUPPLEMENTARY INFORMATION:**Proposed Project***Guide to Nursing Home Antimicrobial Stewardship*

This project seeks to contribute to AHRQ’s mission by assisting nursing homes to optimize antimicrobial (e.g., antibiotics and antifungals) prescribing practices, also referred to as antimicrobial stewardship. Antimicrobial stewardship programs reduce the development of drug-resistant organisms, enhance patient outcomes, and reduce unnecessary costs.

Nursing homes serve as one of our most fertile breeding grounds for antibiotic-resistant strains of bacteria. This stems from high rates of infection in nursing home residents due to the effects of normal aging combined with multiple chronic diseases. The most common infections encountered in nursing home residents are pneumonia, urinary tract infections, and skin and soft tissue infections. In one study by Yoshikawa and Norman, researchers found that these three types of infections accounted for approximately 75 percent of all nursing home-associated infections (NHAIs). High
