

ADDRESSES: You may send comments identified by Docket Number FAA–2014–0557 using any of the following methods:

- *Government-wide rulemaking Web site:* Go to <http://www.regulations.gov> and follow the instructions for sending your comments electronically.
- *Mail:* Send comments to the Docket Management Facility; U.S. Department of Transportation, 1200 New Jersey Avenue SE., West Building Ground Floor, Room W12–140, Washington, DC 20590.
- *Fax:* Fax comments to the Docket Management Facility at 202–493–2251.
- *Hand Delivery:* Bring comments to the Docket Management Facility in Room W12–140 of the West Building Ground Floor at 1200 New Jersey Avenue SE., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

Privacy: We will post all comments we receive, without change, to <http://www.regulations.gov>, including any personal information you provide. Using the search function of our docket Web site, anyone can find and read the comments received into any of our dockets, including the name of the individual sending the comment (or signing the comment for an association, business, labor union, etc.). You may review DOT’s complete Privacy Act Statement in the **Federal Register** published on April 11, 2000 (65 FR 19477–78).

Docket: To read background documents or comments received, go to <http://www.regulations.gov> at any time or to the Docket Management Facility in Room W12–140 of the West Building Ground Floor at 1200 New Jersey Avenue SE., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: Jake Troutman, (202) 267–9521, 800 Independence Avenue SW., Washington, DC, 20951.

This notice is published pursuant to 14 CFR 11.85.

Issued in Washington, DC, on September 2, 2014.

Lirio Liu,

Director, Office of Rulemaking.

Petition For Exemption

Docket No.: FAA–2014–0557.

Petitioner: MicroCopter Professional Services Inc.

Section of 14 CFR: part 21, Subpart H; §§ 45.23(b), 61.113(a) and (b), 91.7(a), 91.9(b)(2), 91.103(b), 91.109, 91.119, 91.121, 91.151(a), 91.203(a) and (b), 91.405(a), 91.407(a)(1), 91.409(a)(2), and 91.417(a) and (b).

Description of Relief Sought: The petitioner is seeking an exemption to commercially operate their small UAS with their own operators and specialized devices for conducting aerial filming and inspections under contract with industries, private and public sectors, including air filming services for commercial and television purposes.

[Summary Notice No. PE–2014–59]

Petition for Exemption; Summary of Petition Received

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of petition for exemption received.

SUMMARY: This notice contains a summary of a petition seeking relief from specified requirements of 14 CFR. The purpose of this notice is to improve the public’s awareness of, and participation in, this aspect of FAA’s regulatory activities. Neither publication of this notice nor the inclusion or omission of information in the summary is intended to affect the legal status of the petition or its final disposition.

DATES: Comments on this petition must identify the petition docket number and must be received on or before September 29, 2014.

ADDRESSES: You may send comments identified by Docket Number FAA–2014–0495 using any of the following methods:

- *Government-wide rulemaking Web site:* Go to <http://www.regulations.gov> and follow the instructions for sending your comments electronically.
- *Mail:* Send comments to the Docket Management Facility; U.S. Department of Transportation, 1200 New Jersey Avenue SE., West Building Ground Floor, Room W12–140, Washington, DC 20590.

• *Fax:* Fax comments to the Docket Management Facility at 202–493–2251.

• *Hand Delivery:* Bring comments to the Docket Management Facility in Room W12–140 of the West Building Ground Floor at 1200 New Jersey Avenue SE., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

Privacy: We will post all comments we receive, without change, to <http://www.regulations.gov>, including any

personal information you provide. Docket: To read background documents or comments received, go to <http://www.regulations.gov> at any time or to the Docket Management Facility in Room W12–140 of the West Building Ground Floor at 1200 New Jersey Avenue SE., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: Nia Daniels, (202) 267–7626, 800 Independence Avenue SW., Washington, DC 20591.

This notice is published pursuant to 14 CFR 11.85.

Issued in Washington, DC, on September 2, 2014.

Lirio Liu,

Director, Office of Rulemaking.

Petition For Exemption

Docket No.: FAA–2014–0495.

Petitioner: New England Airlines.

Section of 14 CFR Affected: 135.244(a)(1).

Description of Relief Sought: New England Airlines is requesting a reduction of the required initial operating experience hours to 0 for pilots who have been trained and checked by New England Airlines in a single engine aircraft and when the pilot has completed 20 hours in the single engine aircraft while conducting on-demand services operating under the New England Airlines certificate.

National Highway Traffic Safety Administration

Reports, Forms and Record Keeping Requirements; Agency Information Collection Activity Under OMB Review

AGENCY: National Highway Traffic Safety Administration, DOT.

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.), this notice announces that the Information Collection Request (ICR) abstracted below has been forwarded to the Office of Management and Budget (OMB) for review and comment. The ICR describes the nature of the information collections and their expected burden. The **Federal Register** Notice with a 60-day comment period was published on May 12, 2014 [NHTSA-2014-0049 Volume 79, Number 91, pages 27047 and 27048].

DATES: Comments must be submitted on or before October 8, 2014.

FOR FURTHER INFORMATION CONTACT: Gary R. Toth, Office of Data Acquisition (NVS-410), Room W53-505, 1200 New Jersey Avenue, SE., Washington, DC 20590. The telephone number for Mr. Toth is (202) 366-5378.

SUPPLEMENTARY INFORMATION:

National Highway Traffic Safety Administration

Title: Data Modernization of the National Automotive Sampling System (NASS).

OMB Number: None.

Type of Request: Collection of motor vehicle crash data.

Abstract: The collection of crash data that support the establishment and enforcement of motor vehicle regulations that reduce the severity of injury and property damage caused by motor vehicle crashes is authorized under the National Traffic and Motor Vehicle Safety Act of 1966 (Pub. L. 89-563, Title 1, Sec. 106, 108, and 112). The National Highway Traffic Safety Administration has been investigating motor vehicle traffic crashes and collecting crash data through its National Automotive Sampling System (NASS) Crashworthiness Data System (NASS-CDS) and Special Crash Investigation (SCI) programs. The NASS was designed in the 1970's to collect data from the originally planned 75 data collection sites. Due to demographic changes, the crash population has changed in the country. At the same time, the data needs of the transportation community have increased and significantly changed over the last three decades. For example, the primary focus of the original NASS design was to enhance crashworthiness by providing detailed information about crush damage, restraint system performance and injury mechanisms. In recent years, however, the transportation community has been increasingly more interested in adding data elements related to what happens before a crash and related crash avoidance safety countermeasures. The scope of traffic safety studies has also been expanding. More data is needed from crashes which are not currently included in NASS-CDS, such as those involving large trucks, motorcycles, and pedestrians.

Recognizing the importance as well as the limitations of the current NASS system, NHTSA is undertaking a modernization effort to upgrade our data systems by improving the information technology infrastructure, updating the data we collect and reexamining the sample sites. The goal of this overall modernization effort is to develop a new crash data system that meets current and future data needs. Several data acquisitions systems will be designed to collect record-based information and investigation-based information. The redesigned investigation-based acquisition process will focus on detailed investigation of passenger vehicle crashes and will be referred to as the Crash Investigation Sampling System (CISS).

For the investigation-based acquisition process, once a crash has been selected for investigation, crash
