### Coast Guard

#### 33 CFR Part 117

[Docket No. USCG-2014-0793]

#### Drawbridge Operation Regulation; Boeuf Bayou, Amelia, LA

**AGENCY:** Coast Guard, DHS.

**ACTION:** Notice of deviation from drawbridge regulation.

**SUMMARY:** The Coast Guard has issued a temporary deviation from the operating schedule that governs the Burlington Northern Santa Fe (BNSF) Railway Company swing span bridge across the Boeuf Bayou, mile 10.2, in Amelia, St. Mary Parish, Louisiana. The deviation is necessary to complete scheduled maintenance and repairs for the continued safe operation of the bridge. This deviation allows the bridge to remain in the closed-to-navigation position for seven consecutive hours.

**DATES:** This deviation is effective from 7 a.m. through 2 p.m. on September 18, 2014.

**ADDRESSES:** The docket for this deviation, [USCG-2014-0793] is available at <http://www.regulations.gov>. Type the docket number in the "SEARCH" box and click "SEARCH." **SUPPLEMENTARY INFORMATION:** The BNSF Railway Company has requested a temporary deviation from the operating schedule of the swing span railroad bridge across Boeuf Bayou, mile 10.2, in Amelia, St. Mary Parish, Louisiana. The deviation was requested for the purpose of removal and installation of the east end reduction gear box, motor shaft, and also to perform an alignment.

In accordance with 33 CFR 117.5, the bridge currently opens on signal for the passage of vessels. This deviation allows the swing span of the bridge to remain in the closed-to-navigation position from 7 a.m. through 2 p.m. on September 18, 2014. At mean high water, the bridge provides 6.6' of vertical clearance in the closed-to-navigation position. However, the bridge will be able to open in the event of an emergency.

Notices will be published in the Eighth Coast Guard District Local Notice to Mariners and will be broadcast via the Coast Guard Broadcast Notice to Mariners System.

Navigation at the site of the bridge consists mainly of tows with barges and some recreational pleasure craft. Due to prior experience, as well as coordination with waterway users, it has been determined that this closure will not have a significant effect on these vessels. An alternate route is available by using the GIWW, Morgan City to Port Allen Alternate Route.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the effective period of this temporary deviation. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: August 27, 2014.
