DEPARTMENT OF TRANSPORTATION

Federal Motor Carrier Safety Administration

[Docket No. FMCSA-2014-0189]

Agency Information Collection Activities; Revision of an Approved Information Collection: Hours of Service (HOS) of Drivers Regulations

AGENCY: FMCSA, DOT.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, FMCSA announces its plan to submit the Information Collection Request (ICR) described below to the Office of Management and Budget (OMB) for its review and approval and invites public comment. FMCSA requests approval to revise and extend an ICR entitled, "Hours of Service (HOS) of Drivers Regulations." The HOS rules require most commercial motor vehicle (CMV) drivers to maintain on the CMV a record of duty status (RODS) current to the last change in duty status. The RODS is critical to FMCSA's safety mission because it helps roadside enforcement officials determine if CMV drivers are complying with the HOS rules limiting driver on-duty and driving time and requiring periodic off-duty time. The information helps FMCSA protect the public by reducing the number of tired CMV drivers on the highways.

DATES: Please send your comments by October 14, 2014. OMB must receive your comments by this date in order to act on the ICR.

ADDRESSES: All comments should reference Federal Docket Management System (FDMS) Docket Number FMCSA 2014-0189. Interested persons are

invited to submit written comments on the proposed information collection to the Office of Information and Regulatory Affairs, Office of Management and Budget. Comments should be addressed to the attention of the Desk Officer, Department of Transportation/Federal Motor Carrier Safety Administration, and sent via electronic mail to oir_submission@omb.eop.gov, or faxed to (202) 395-6974, or mailed to the Office of Information and Regulatory Affairs, Office of Management and Budget, Docket Library, Room 10102, 725 17th Street NW., Washington, DC 20503.

FOR FURTHER INFORMATION CONTACT: Mr. Robert F. Schultz, Driver and Carrier Operations Division, Department of Transportation, Federal Motor Carrier Safety Administration, West Building 6th Floor, 1200 New Jersey Avenue SE., Washington, DC 20590. Telephone: 202-366-4325; email buz.schultz@dot.gov. Office hours are from 9 a.m. to 5 p.m., Monday through Friday, except Federal Holidays.

SUPPLEMENTARY INFORMATION:

Title: Hours of Service (HOS) of Drivers Regulations.

OMB Control Number: 2126-0001.

Type of Request: Revision of an information collection.

Respondents: Motor Carriers of Property and Passengers, Drivers of CMVs.

Estimated Number of Respondents: 3.17 million (2.84 million CMV drivers + 0.33 million motor carriers).

Estimated Time per Response: CMV driver using paper RODS: 11 minutes. CMV driver using technology: 2 minutes. Motor carrier: 3 minutes.

Expiration Date: 12/31/2014.

Frequency of Response: Drivers: 240 days per year; Motor Carriers: 240 days per year.

Estimated Total Annual Burden: 106.89 million hours.

Background: Statutory authority for regulating the HOS of drivers operating CMVs in interstate commerce is derived from 49 U.S.C. 31136 and 31502. The penalty provisions are located at 49 U.S.C. 521, 522 and 526, as amended. The rule is codified at 49 CFR 395.8. The FMCSRs also state:

"No driver shall operate a commercial motor vehicle, and a commercial motor carrier shall not require or permit a driver to operate a commercial motor vehicle, while the driver's ability or alertness is so impaired, or so likely to become impaired, through fatigue, illness, or any other cause, as to make it unsafe for him/her to begin or continue to operate the commercial motor vehicle" (49 CFR 392.3).

The FMCSA regulates the amount of time a CMV driver may drive or

otherwise be on duty, in order to ensure that adequate time is available to the driver for rest. A driver must accurately record his or her duty status (driving, on duty not driving, off duty, sleeper berth) at all points during the 24-hour period designated by the motor carrier (49 CFR 395.8(a)(1)). This record of duty status (RODS) must be made on a specified grid (Section 395.8(g)). The term "logbook" is often used in the industry to denote the collection of the most recent RODS of the driver. A driver must have the RODS for the previous 7 consecutive days in the CMV at all times (Section 395.8(k)(2)). The RODS must be submitted to the motor carrier along with any supporting documents, such as fuel receipts and toll tickets, that could assist in verifying the accuracy of entries on the RODS. The HOS rules do not require motor carriers to submit this information to FMCSA. However, motor carriers must retain these records for a minimum of 6 months from the date of receipt and make them available to enforcement officials upon request (Section 395.8(k)(1)). The HOS rules provide three methods of recording driver duty status:

(1) *Paper RODS:* This grid form requires the driver to graph time and location on a paper record over a 24-hour period (Section 395.8(g)). It must be present on the CMV in the absence of a regulatory exemption.

(2) *Time Record:* "Short haul" CMV drivers do not have to maintain a RODS onboard the vehicle if their motor carrier maintains a time record showing for each duty day when driver reported for duty, when he or she was released from duty, and the total hours on duty (Section 395.1(e)).

(3) *Automatic On-Board Recording Device (AOBRD):* An electronic record is permitted if it is created and maintained by an AOBRD as defined by Section 395.2. The record must include all the information that would appear on a paper log, and the driver or carrier must be capable of producing this information upon demand.

On March 28, 2014, the Agency published a supplemental notice of proposed rulemaking proposing rules that would require motor carriers to use on-board technology to record their HOS regulations, and seeking public comment on them (79 FR 17656). This rulemaking does not affect this ICR because compliance with the final rule, when published, will not be required until after the 3-year timeframe of this PRA estimate.

As a condition of receiving certain federal grants, States agree to adopt and enforce the FMCSRs, including the HOS
