SUPPLEMENTARY INFORMATION:

Docket: Supporting documents, including the ICR that explains in detail the information collection activities and the related burden and cost estimates that are summarized in this document, are available in the docket for this ICR. The docket can be viewed online at <http://www.regulations.gov> or in person at the EPA Docket Center, EPA West, Room 3334, 1301 Constitution Ave. NW., Washington, DC. The telephone number for the Docket Center is 202-566-1744. For additional information about EPA's docket, visit <http://www.epa.gov/dockets>.

ICR status: This ICR is currently scheduled to expire on September 30, 2014. Under OMB regulations, the Agency may continue to conduct or sponsor the collection of information while this submission is pending at OMB. If an activity requires PRA approval, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information, unless it displays a currently valid OMB control number. The OMB control numbers are displayed either by publication in the **Federal Register** or by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control numbers for certain EPA regulations is consolidated in 40 CFR part 9.

Abstract: Section 6(a)(2) of the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA) (7 U.S.C. 136d(a)(2)), requires pesticide registrants to submit information to the Agency that may be relevant to the balancing of the risks and benefits of a pesticide product. The statute requires the registrant to submit any factual information that it acquires regarding adverse effects associated with its pesticidal products, and it is up to the Agency to determine whether or not that factual information constitutes an unreasonable adverse effect. In order to limit the amount of less meaningful information that might be submitted to the Agency, the EPA has defined the scope of factual information that the registrant must submit. The Agency's regulations at 40 CFR part 159 provide a detailed description of the reporting obligations of registrants under FIFRA section 6(a)(2).

Respondents/affected entities: Potential respondents affected by the collection activities under this ICR

include anyone who holds or ever held a registration for a pesticide product issued under FIFRA section 3 or 24(c). The North American Industrial Classification System (NAICS) code is 325300 (Pesticide, Fertilizer and other Agricultural Chemical Manufacturing).

Respondent's obligation to respond: Mandatory under FIFRA section 6(a)(2) and the requirements listed at 40 CFR part 159.

Estimated number of respondents: 1,763 (total).

Frequency of response: On occasion.

Total estimated burden: 275,014 hours (per year). Burden is defined at 5 CFR 1320.3(b).

Total estimated cost: \$16,827,821 (per year), includes no annualized capital investment or maintenance and operational costs.

Changes in the estimates: There is an increase of 71,778 hours in the total estimated respondent burden compared with the ICR currently approved by OMB. This increase reflects EPA's updating of burden estimates for this collection based upon historical information on the number of responses received and a small increase in the number of registrants of products, which results in a small increase in the additional employees being trained. This change is an adjustment.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-9916-48-Region 5]

Operating Permit Program: Notice of Reporting Requirements for Compliance Certifications

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice; reporting requirements for compliance certifications.

SUMMARY: Under the state operating permit programs compliance certification requirements, facilities subject to the Title V operating permit program are required to submit compliance certifications to the Environmental Protection Agency (EPA) and the permitting authority. EPA is providing notice that submittal of Title V compliance certifications to the

Region 5 authorized State permitting authorities, except Michigan, fulfills the reporting requirements. This allows for EPA and the delegated State agencies to meet air quality goals while streamlining reporting requirements and eliminating the duplication of paperwork by regulated facilities.

DATES: This action is effective on September 15, 2014.

ADDRESSES: The documents relevant to this action are available for public inspection during normal business hours at the following addresses:

Illinois Environmental Protection Agency, Bureau of Air, 1021 North Grand Avenue East, P.O. Box 19276, Springfield, Illinois 62794-9276.

Indiana Department of Environmental Management, Office of Air Quality, Indiana Government Center North, 100 Senate Avenue, Indianapolis, Indiana 46204.

Minnesota Pollution Control Agency, Industrial Division, Land and Air Compliance Section, 520 Lafayette Road North, St. Paul, Minnesota 55155-4194.

Ohio Environmental Protection Agency, Division of Air Pollution Control, P.O. Box 109, Columbus, Ohio 43216-1049.

Wisconsin Department of Natural Resources, Bureau of Air Management, 101 S. Webster Street, P.O. Box 7921 Madison, Wisconsin 53707-7921.

FOR FURTHER INFORMATION CONTACT:

Rochelle Marceillars, Air Enforcement and Compliance Assurance Branch, Air and Radiation Division, U.S. Environmental Protection Agency, 77 W. Jackson Boulevard, Chicago, Illinois 60604.

SUPPLEMENTARY INFORMATION: The reporting provisions in 40 CFR 70.6(c)(5)(iv) requiring all compliance certifications be submitted to EPA and the permitting authority will be met by sending such submissions only to the authorized State Region 5 agency provided that: (1) Submissions do not contain or rely upon confidential information; (2) the State agency maintains authority to implement the 40 CFR part 70 Operating Permit Program; and (3) EPA will have access to these reports and related documents via hard or electronic copy, as needed. This notice does not apply to Michigan.

Authority: 42 U.S.C. 7401 *et seq.*

Dated: September 2, 2014.

Susan Hedman,

Regional Administrator, Region 5.
