The Council will receive brief reports from the NEFMC Chairman and Executive Director (including information and possible action on bluefin tuna management), the NOAA Fisheries Regional Administrator, the Northeast Fisheries Science Center and Mid-Atlantic Fishery Management Council liaisons, NOAA General Counsel and NOAA Law Enforcement, and representatives of the Atlantic States Marine Fisheries Commission and U.S. Coast Guard. The Ecosystem-based Fisheries Management (EBFM) Committee will provide a progress report on recent work, including a summary of perspectives of stakeholders, climate change vulnerability and governance, and additional issues. The Northeast Fisheries Science Center will report on the process used to develop stock assessment updates. This will be followed by an opportunity for the public to provide brief comments on items that are relevant to Council business but are otherwise not listed on the published agenda. The Council's Risk Policy Working Group will ask for approval of a Draft Risk Policy Statement it has developed and discuss steps about how it would apply across all Council-managed FMPs. The NEFMC Whiting Committee will ask for approval of a range of management adjustments to be included in a 2014 specifications document, pending a decision on the issues to be addressed in this action (whether to address overfishing of northern red hake). Depending on that outcome, the Council could initiate a framework adjustment in lieu of developing a specifications document at this meeting. Finally, the Council will have its first discussion on its 2015 draft management priorities. Members will address any additional outstanding business prior to meeting adjournment.

Although other non-emergency issues not contained in this agenda may come before this Council for discussion, those issues may not be the subjects of formal action during this meeting. Council action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Act, provided that the public has been notified of the Council's intent to take final action to address the emergency.

##### Extension of the 2014 Application Deadline for Patents for Humanity Program

**AGENCY:** United States Patent and Trademark Office, Commerce.

**ACTION:** Notice.

**SUMMARY:** In April 2014, the United States Patent and Trademark Office (USPTO) renewed the Patents for Humanity Program which recognizes patent holders who use their technology for humanitarian purposes. In response to stakeholder feedback, the USPTO is extending the deadline for applications until October 31, 2014.

**DATES:** *Effective Date:* September 16, 2014.

**FOR FURTHER INFORMATION CONTACT:** Office of Policy and International Affairs, by telephone at (571) 272-9300; or by mail addressed to: Patents for Humanity Program, Office of Policy and International Affairs, United States Patent and Trademark Office, P.O. Box 1450, Alexandria, VA 22313-1450; or by email to [patentsforhumanity@uspto.gov](mailto:patentsforhumanity@uspto.gov).

**SUPPLEMENTARY INFORMATION:** In April 2014, the USPTO renewed its Patents for Humanity program and announced details for 2014. *See Patents for Humanity Program*, 79 FR 18670 (Apr. 3, 2014). The original deadline for applications was September 15, 2014.

Stakeholders have requested an extension of time to file applications in 2014 for different reasons. First, some prospective applicants indicated that

they are engaged in qualifying work which will not be complete before the deadline. Additionally, others have indicated that they do not have enough personnel available at this time of year to complete their applications.

In response to these requests, the USPTO is extending the application deadline for this year until October 31, 2014. After the application deadline, selections will be made as described in the April notice, with the goal of completing the recommendation process within 90 days. Awards will be made thereafter. The other terms of the program remain unchanged.

**SUPPLEMENTARY INFORMATION:**

*Title; Associated Form; and OMB Number:* Survey of Overseas Civilians, OMB Control Number 0704-XXXX.

*Needs and Uses:* The information collection requirement is necessary for Federal Voting Assistance Program (FVAP), an agency of the Department of Defense, to fulfill the mandate of the Uniformed and Overseas Citizens Absentee Voting Act (UOCAVA of 1986 [42 U.S.C. 1973ff]). UOCAVA requires a statistical analysis report to the President and Congress on the effectiveness of assistance under the Act, a statistical analysis of voter registration and participation, and a description of State/Federal cooperation after each federal election. The data obtained through this study will allow FVAP to assess the feasibility of using survey data to assess registration and participation rates for non-military U.S. citizens living overseas.

*Affected Public:* Non-military UOCAVA voters.

*Annual Burden Hours:* 7,500.

*Number of Respondents:* 45,000.

*Responses per Respondent:* 1.

*Average Burden per Response:* 10 minutes.

**Frequency:** One time.

The Uniformed and Overseas Citizens Absentee Voting Act (UOCAVA) requires the States to allow Uniformed Services personnel, their family members, and overseas citizens to use absentee registration procedures and to vote by absentee ballot in general, special, primary, and runoff elections for Federal offices. The Act covers members of the Uniformed Services and the merchant marine to include the commissioned corps of the National Oceanic and Atmospheric Administration and Public Health Service and their eligible dependents, Federal civilian employees overseas, and overseas U.S. citizens not affiliated with the Federal Government. Subsequent to each Presidential election year, FVAP must report voter registration and participation rates for uniformed service voters and overseas citizens to Congress; while FVAP collects data for this report through regular surveys of uniformed service voters and other relevant UOCAVA populations, it does not currently collect data from non-military, non-government overseas civilians. The Survey of Overseas Civilians research project will serve as a pilot, examining the feasibility of collecting data from this population by surveying a sample of registered voters living overseas during the 2014 election. Collecting information from this population will also support FVAP in its purpose of ensuring that Service members, their eligible family members and overseas citizens are aware of their right to vote and have the tools and resources to successfully do so from anywhere in the world. In addition to determining the feasibility of conducting a survey of overseas civilians, the information collected will be used for overall program evaluation, management and improvement, and to compile the congressionally-mandated report to the President and Congress after the 2016 General Election should this pilot prove successful.
