

patent; and (4) the asserted claims of the '873 patent are invalid under 35 U.S.C. 112, ¶ 1 and 35 U.S.C. 102 and/or 103. On July 16, 2014, the ALJ issued his recommendation on remedy and bonding ("RD") in the event the Commission found a violation of section 337. On July 21, 2014, BHM filed a petition for review of the final ID only with respect to the '873 and '652 patents and the remaining respondents (including intervenor) filed a joint petition for review with respect to all asserted patents. On July 29, 2014, BHM, the remaining respondents, and the Commission investigative attorney each filed a response to the opposing petition for review. On July 30, 2014, the remaining respondents (including intervenor), filed an unopposed motion for leave to file a corrected joint response to BHM's petition for review along with the corrected joint response. The Commission has determined to grant respondents' motion.

Upon considering the record in this investigation, including the final ID and the parties' submissions, the Commission has determined to review-in-part the final ID under 19 CFR 210.44. On such review of the final ID, the Commission has modified a specific portion of the final ID and has vacated all portions of the final ID that reference *Suprema, Inc. v. ITC*, 742 F.3d 1350 (Fed. Cir. 2013), *reh'g en banc granted and vacated*, 2014 WL 3036241 (May 13, 2014). Specifically, the Commission has modified the following portion of the final ID: Section VIII.A.4, on page 460, before the last period "," of the citation to *Certain Male Prophylactic Devices*, the citation language " "; *Certain Integrated Circuit Chips and Products Containing the Same*, Inv. No. 337-TA-859, Comm'n Op. at 30-51 (August 22, 2014)" has been inserted. The Commission has also vacated the following portions of the final ID: (1) Section III.A, the last paragraph on pages 9-10; (2) Section III.A.1, the citation language "*Suprema*, slip op. at 18 (" and the closing parenthesis ")" in this citation on page 10; (3) the entirety of Section III.A.2.a on page 11; and (4) the entirety of Section III.C.3 on pages 20-23. The Commission has determined not to review the remainder of the final ID under 19 CFR 210.42(h)(2).

In addition, the Commission has determined that BHM did not petition for review of the ALJ's finding in the final ID of invalidity of the asserted claims of the '873 patent under 35 U.S.C. 102 and/or 103, and therefore has abandoned these issues under 19 CFR 210.43(b)(2). *See Allied Corp. v. ITC*, 850 F.2d 1573 (Fed. Cir. 1988). The Commission has also determined that

BHM has petitioned for review of certain issues based on arguments that BHM did not set forth in detail in its pre- and/or post-hearing briefing before the ALJ, and therefore the Commission has determined that these issues are waived and deemed abandoned. *See Ajinomoto Co., Inc. v. ITC*, 597 F.3d 1267 (Fed. Cir. 2010); Order No. 2 (ALJ's Ground Rules, June 19, 2013). These abandoned issues are the following: (1) Infringement of the '652 patent by accused Samsung and LG products with the Slacker application preinstalled; and (2) satisfaction of the economic prong of the domestic industry requirement with respect to all asserted patents. Specifically, these issues are found to be waived and therefore deemed abandoned because: (1) BHM did not present evidence of infringement with respect to Samsung and LG product models with the Slacker application preinstalled before the ALJ; and (2) BHM did not argue allocations of [] investments under 19 U.S.C. 1337(a)(3)(A), (B) with respect to specific domestic industry products (that practice the asserted patents) identified in its "Identification of Models of Domestic Industry Products" in its pre-hearing brief.

The Commission has also determined to grant the joint motion to terminate the investigation as to Panasonic. Section 337(c) provides, in relevant part, that the Commission may terminate an investigation "on the basis of an agreement between the private parties to the investigation." When the investigation is before the Commission, as is the case here, the Commission may act on a motion to terminate on the basis of settlement. *See Certain Insect Traps*, Inv. No. 337-TA-498, Notice of Commission Determination to Terminate the Investigation in its Entirety on the Basis of a Settlement Agreement, 69 Fed. Reg. 63176 (Oct. 29, 2004). Section 210.21(b) of the Commission's Rules of Practice and Procedure (19 CFR 210.21(b)), which implements section 337(c), requires that a motion for termination based upon a settlement contain a copy of that settlement agreement, as well as a statement that there are no other agreements, written or oral, express or implied, between the parties concerning the subject matter of the investigation. The joint motion complies with these requirements.

The Commission also considers the public interest when terminating an investigation based upon a settlement agreement. 19 CFR 210.50(b)(2). We find no evidence that termination of the investigation as to Panasonic will prejudice the public interest or that

settlement will adversely impact the public health and welfare, competitive conditions in the United States economy, the production of like or directly competitive articles in the United States, or United States consumers. Moreover, the public interest favors settlement to avoid needless litigation and to conserve public and private resources. Accordingly, the Commission hereby grants the consent motion to terminate this investigation as to Panasonic on the basis of a settlement agreement.

Finally, the Commission has terminated the investigation with a finding of no violation of section 337.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, and in Part 210 of the Commission's Rules of Practice and Procedure, 19 CFR part 210.

By order of the Commission.

Issued: September 11, 2014.

Jennifer D. Rohrbach,

Supervisory Attorney.
