### Eliminate the 6-Day Reservation Period Requirement for Rural Development Obligations

**AGENCY:** Rural Housing Service, Rural Business-Cooperative Service, Rural Utilities Service, and Farm Service Agency, USDA.

**ACTION:** Direct final rule.

**SUMMARY:** Rural Development (RD) is amending the regulations so that an obligation date for all guaranteed loans, direct loans, and grants will no longer be 6 working days from the date of request for reservation of authority. This action is necessary as the 6-day reservation period will be permanently removed from the Commercial Loan Servicing System (CLSS), Guaranteed Loan System (GLS), and Program Loan Accounting System (PLAS). The effect of this action will reduce system or manual intervention when legislative mandates direct cutoff for obligations and/or funding; eliminate program waivers on obligation date; increase consistency with other RD programs; reduce risks with new system

implementations, such as the Financial Modernization Management Initiative; and eliminate numerous reconciliation issues between processed obligations and actual obligations for internal RD reports and USDA reporting requirements.

**DATES:** This rule will become effective January 16, 2015 without further action, unless the Agency receives written adverse comments on or before November 17, 2014. If the Agency receives adverse comments, the Agency will publish a timely document in the **Federal Register** withdrawing the amendment.

Any adverse comments received will be considered under the proposed rule published in this edition of the **Federal Register** in the proposed rule section. A second public comment period will not be held. Written comments must be received by the Agency or carry a postmark no later than November 17, 2014.

**ADDRESSES:** You may submit comments to this rule by any of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments.

- *Mail:* Submit written comments via the U.S. Postal Service to the Branch Chief, Regulations and Paperwork Management Branch, U.S. Department of Agriculture, STOP 0742, 1400 Independence Avenue SW., Washington, DC 20250-0742.
- *Hand Delivery/Courier:* Submit written comments via Federal Express Mail or other courier service requiring a street address to the Branch Chief, Regulations and Paperwork Management Branch, U.S. Department of Agriculture, 300 7th Street SW., 7th Floor, Washington, DC 20024.

All written comments will be available for public inspection during regular work hours at 300 7th Street SW., 7th Floor address listed above.

#### SUPPLEMENTARY INFORMATION:

#### Background

Various RD automated accounting systems are designed to process obligations for Business, Community

Facility, and Water and Environmental direct loan, guaranteed loan, and grant programs using a 6-day reservation period. The 6-day reservation period is a system edit in the PLAS, GLS, and CLSS that assigns an obligation date to an RD funded project 6 working days from the date funds are reserved.

When RD programs are funded through a continuing resolution, the accounting systems must be modified to waive the 6-day reservation edit. In Fiscal Year 2011, RD received six continuing resolutions followed by four continuing resolutions in Fiscal Year 2012 which resulted in cumbersome systems' modifications. These modifications have caused undue hardship to RD staff due to last minute continuing resolution decisions, manual system adjustments needed, and time consuming coordination efforts.

Several new RD programs have not implemented a 6-day reservation period for obligations. Under the American Recovery and Reinvestment Act of 2009 (ARRA) the Business and Industry (B&I) Guaranteed Loan Program disabled the 6 day reservation period along with the Biorefinery Assistance Program of the 2008 Farm Bill. Additionally, Rural Electric and Telecommunication, Single Family Housing, and Multi-Family Housing loans do not have a 6-day reservation requirement when obligating program funds.

To maintain consistency and uniformity across RD's automated accounting systems, RD will be removing the 6-day reservation system edit on obligations. As automation for this enhancement is completed, program staffs will have immediate knowledge of approved obligations as opposed to showing the obligations on reserved status. Field office personnel will adhere to a 6-working day waiting period prior to notifying an applicant/lender of loan and/or grant approval. Rural Development believes the removal of the 6-day reservation period on obligations for guaranteed loans, direct loans, and grants to be a noncontroversial change to the regulations with no impact on the public.

#### Programs Affected

The programs described by this rule are listed in the Catalog of Federal Domestic Assistance Programs under number(s) 10.350 Technical Assistance to Cooperatives, 10.352 Value-Added Producer Grants, 10.420 Rural Self-Help Housing Technical Assistance, 10.433 Rural Housing Preservation Grants, 10.446 Rural Community Development Initiative, 10.759 Part 1774 Special Evaluation Assistance for Rural

#### **Executive Order 12866—Classification**

This rule has been determined to be not significant for purposes of Executive Order 12866 and therefore has not been reviewed by the Office of Management and Budget (OMB).

#### **Non-Discrimination Statement**

The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, age, disability, and where applicable, sex, marital status, familial status, parental status, religion, sexual orientation, genetic information, political beliefs, reprisal, or because of all or part of an individual's income is derived from any public assistance program. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at (202) 720-2600 (voice and TDD).

If you wish to file a Civil Rights program complaint of discrimination, complete the USDA Program Discrimination Complaint Form, found online at [http://www.ascr.usda.gov/complaint\\_filing\\_cust.html](http://www.ascr.usda.gov/complaint_filing_cust.html), or at any USDA office, or call (866) 632-9992 to request the form. USDA is an equal opportunity provider and employer.

#### **Civil Rights Impact Statement**

No major civil rights impact is likely to result from the announcement of this notice. It will not have a negative civil rights impact on very-low income, low income, and moderate income and minority populations.

#### **Environmental Impact Statement**

This document has been reviewed in accordance with 7 CFR part 1940, subpart G, "Environmental Program." Rural Development has determined that this action does not constitute a major Federal action significantly affecting the quality of the human environment and, in accordance with the National Environmental Policy Act (NEPA) of 1969, 42 U.S.C. 4321 *et seq.*, an Environmental Impact Statement is not required.

#### **Executive Order 12372, Intergovernmental Consultation**

This program is not subject to the requirements of Executive Order 12372, "Intergovernmental Review of Federal Programs," as implemented under USDA's regulations at 7 CFR part 3015.

#### **Executive Order 12988, Civil Justice**

This direct final rule has been reviewed under Executive Order 12988, Civil Justice Reform. In accordance with this rule: (1) All State and local laws and regulations that are in conflict with this rule will be preempted; (2) no retroactive effect will be given this rule; and (3) administrative proceedings in accordance with the regulations of the Department of Agriculture's National Appeals Division (7 CFR part 11) must be exhausted before bringing suit in court challenging action taken under this rule unless those regulations specifically allow bringing suit at an earlier time.

#### **Executive Order 13132, Federalism**

The policies contained in this direct final rule do not have any substantial direct effect on States, on the relationship between the national

government and the states, or on the distribution of power and responsibilities among the various levels of government. Nor does this rule impose substantial direct compliance costs on State and local governments. Therefore, consultation with states is not required.

#### **Regulatory Flexibility Act Certification**

The Regulatory Flexibility Act (5 U.S.C. 601-602) (RFA) generally requires an agency to prepare a regulatory flexibility analysis of any rule subject to notice and comment rulemaking requirements under the Administrative Procedure Act ("APA") or any other statute. This rule, however, is not subject to the APA under 5 U.S.C. 553(a)(2) and 5 U.S.C. 553(b)(3)(A) nor any other statute.

#### **Unfunded Mandates**

Title II of the Unfunded Mandate Reform Act of 1995 (UMRA, Pub. L. 104-4) requires Federal agencies to assess the effects of their regulatory actions on State, local, or Tribal governments or the private sector. Agencies generally must prepare a written statement, including a cost benefit analysis, for proposed and final rules with Federal mandates that may result in expenditures of \$100 million or more in any 1 year for State, local, or Tribal governments, in the aggregate, or to the private sector. UMRA generally requires agencies to consider alternatives and adopt the more cost effective or least burdensome alternative that achieves the objectives of the rule.

This direct final rule contains no Federal mandates (under the regulatory provisions of Title II of the Unfunded Mandates Reform Act of 1995) for State, local, and tribal Governments or the private sector. Therefore, this rule is not subject to the requirements of sections 202 and 205 of the Unfunded Mandates Reform Act of 1995.

#### **Executive Order 13175, Consultation and Coordination With Indian Tribal Governments**

This executive order imposes requirements on Rural Development in the development of regulatory policies that have tribal implications or preempt tribal laws. Rural Development has determined that the final rule does not have a substantial direct effect on one or more Indian tribe(s) or on either the relationship or the distribution of powers and responsibilities between the Federal Government and Indian tribes. Thus, this final rule is not subject to the requirements of Executive Order 13175. If a tribe determines that this rule has implications of which Rural

Development is not aware and would like to engage with Rural Development on this rule, please contact Rural Development's Native American Coordinator at [AIAN@wdc.usda.gov](mailto:AIAN@wdc.usda.gov).

**Paperwork Reduction Act**

This rule does not contain any information collection requirements under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

**E-Government Act Compliance**

Rural Development is committed to complying with the E-Government Act, to promote the use of the Internet and other information technologies to provide increased opportunities for citizen access to Government information and services, and for other purposes.

**Viruses, Serums, Toxins, and Analogous Products; Standard Requirements; Addition of Terminology To Define Veterinary Biologics Test Results**

**AGENCY:** Animal and Plant Health Inspection Service, USDA.  
**ACTION:** Final rule.

**SUMMARY:** We are amending the veterinary biological product regulations by defining the terms used for reporting the results of tests performed on veterinary biological products. Licensees and permittees of veterinary biological products must conduct these tests and report the results to the Animal and Plant Health Inspection Service so that the Agency can determine if the products are eligible for release. Defining these terms will clarify the circumstances under

which the results of a prescribed test can be reported as satisfactory, unsatisfactory, inconclusive, or a No Test. We are also removing several obsolete testing standard requirements from the regulations. These changes will update our regulations and improve communication between regulators and product licensees and permittees with respect to reporting test results.

**DATES:** *Effective Date:* October 20, 2014.

**FOR FURTHER INFORMATION CONTACT:** Dr. Donna Malloy, Operational Support Section, Center for Veterinary Biologics Policy, Evaluation, and Licensing, VS, APHIS, 4700 River Road, Unit 148, Riverdale, MD 20737-1231; (301) 851-3426.

**SUPPLEMENTARY INFORMATION:**

**Background**

The Animal and Plant Health Inspection Service (APHIS) administers and enforces the Virus-Serum-Toxin Act (21 U.S.C. 151 *et seq.*). Under the Virus-Serum-Toxin Act, a veterinary biological product must be shown to be pure, safe, potent, and efficacious before a veterinary biological product license may be issued. The regulations in 9 CFR part 113, “Standard Requirements” (referred to below as the regulations), prohibit the release of biological products prior to the completion of tests identified in the regulations and in the Outline of Production, a document submitted by the licensee that explains how a serial of product is formulated, tested, packaged, dated, and recommended for use.

On May 30, 2014, we published in the **Federal Register** (79 FR 31054-31056, Docket No. APHIS-2013-0034) a proposal<sup>1</sup> to amend the regulations by defining the terms used for reporting the results of tests performed on veterinary biological products. We proposed to add definitions of the terms used to designate test results, “satisfactory,” “unsatisfactory,” and “inconclusive,” to § 101.5(l) and to revise the definition of “No Test” currently in that section in order to align the regulations in 9 CFR part 113 with current industry standards and practices. We also proposed to remove §§ 113.201, 113.202, 113.203, 113.211, 113.213, and 113.214 from the regulations. These standards, which involve testing on live animals, are no longer used by the industry because newer testing methods are available.

We solicited comments concerning our proposal for 60 days ending July 29, 2014. We did not receive any comments. Therefore, for the reasons given in the

proposed rule, we are adopting the proposed rule as a final rule, without change.

**Executive Order 12866 and Regulatory Flexibility Act**

This final rule has been determined to be not significant for the purposes of Executive Order 12866 and, therefore, has not been reviewed by the Office of Management and Budget.

In accordance with the Regulatory Flexibility Act, we have analyzed the potential economic effects of this action on small entities. The analysis is summarized below. Copies of the full analysis are available on the Regulations.gov Web site (see footnote 1 in this document for a link to Regulations.gov) or by contacting the person listed under **FOR FURTHER INFORMATION CONTACT**.

APHIS is amending the regulations in order to better define the terminology used when reporting the results of tests performed on veterinary biological products, thereby bringing the regulations up to date with current industry standards.

The changes will clarify when the results of a prescribed test can be reported as satisfactory, unsatisfactory, inconclusive, or can be designated as a No Test. The definitional changes will improve communication between APHIS and the regulated industry, and enable APHIS to more efficiently process the release of a tested product using current industry standards for reporting of test results.

There are about 330 firms in the United States that manufacture biological products. It is not known how many of these firms are engaged in manufacturing biologic products specifically for veterinary purposes. The Small Business Administration (SBA) standard for a small business in this industry is a firm with not more than 500 employees; the average firm in this industry has 93 employees. While most firms that would be affected by this rule are small, the changes will not impose a financial burden on them, but rather help make the product approval process timelier.

Under these circumstances, the Administrator of the Animal and Plant Health Inspection Service has determined that this action will not have a significant economic impact on a substantial number of small entities.
